November 1st 1865

Dearest,

I begin to get very anxious to get back to you. So many delays & hindrances occur that progress tomorrow seems uncertain. We came down here yesterday morning from Tallahassee twenty miles by cars & eight miles in a small boat expecting to meet the Str. McCallum that had put in to Apalachicola to coal, but she the Str. did not make her appearance. We found a Steamer the Conovoy had been so (stuck in the mud for two weeks). Now we have succeeded in getting her off by using an old rebel tug called the Spray, so that we hope to get on the road for Mobile tonight. After I see Gen. Swayne in Alabama I will hurry on to Washington just as fast as I can. There are now only two ways, one by the Mississippi river to Cairo and thence to Washington by cars or by a Steamer to New York. I am now uncertain which will be the best route. It will take eight or nine days either way. I do hope everything is going well. The <boat> will try to leave now. Give much love to Guy, Gracie, Jamie & Chancy. Rowland is with me. We are all quite well. Mr Alvord & Harry are here. Chas. has gone back. With very much love for your own dear self. I am

Maj. Gen. O.O. Howard
Dear Brother

I sent you two telegrams from Savannah –forwarding one from Woodhull & one from Sec'y of War to Mobile.

I write particularly today on a matter of business.

Why should you not make application (to the proper authorities –to Congress if necessary) for the “Cotton Fund” so called –i.e. the proceeds of the Cotton captured in this Depot and raised the next year after the military took possession? This is now I believe in the hands of Collector Barney of New York or to some extent in his care. This would give quite a fund to the Bureau and seems to be a legitimate and proper claim for you to make under the law.

And if you do not make make and urge the claim of course the Bureau will not get it.

Again; The law providing for the sale of property for Taxes provided also that one quarter (¼) of the proceeds of such sale should be devoted to Colonization of the negro (to be turned over to the State for such use as soon a a loyal Govt should be reestablished). Now it seems to me that you might very properly ask of Congress that this fund be turned over to the Bureau -: or if nothing better could be done ask of the States each to turn it over to the Bureau as soon as they receive it. Some states might do it. I think it better, however, that Congress this session modify that law so as to give the 1/4 directly to the Bureau in as much as the states cannot be trusted to expend it for the welfare of the negro.

What think you of these two proposition? ¼ of Tax sale proceeds was also devoted to reimbursement of loyal union sufferers –this, also to be done by the State Govt which of course cannot be trusted so to disburse it.

Genl Sickles is doing better at Savannah I will not take up more space on other subjects in this letter because I desire your special attention to these two matters of Bureau Revenue.

Your affectionate brother
C.H. Howard

Subjects

Two important sources of revenue to the Bureau

1. “Cotton Fund”
2. ¼ proceeds of Tax sales.

C.H.H.

P.S. Nov. 4 1865

One other matter (no 3) to which I will call your attention at this writing has been presented to me by Judge Wording Tax Comr. It seems that Pres. Lincoln authorized the sale to negroes (head of families) of land (not exceeding 20 acre lots) in St. Helena Parish, bought in by Govt at Tax sales. This has been <close> to <> extent and is doing.

And now Prest Johnson has been requested to authorize a similar sale to negroes of land similarl situated on Hilton Head, Daufuskie, Bull and other islands.

Your influence might induce the Pres't to adopt this course and thus give some homesteads to such negroes as are able to purchase. This would save the relinquishment of the land upon which the village of Michellville is located near Hilton Head Dock. If it is not done soon however, the lands will necessarily be leased to any persons who apply & most will go into the hands of ex-Rebels not friendly to the negro. The matter has been presented to Pres't Johnson, I believe, but some further influence is needed to secure his action in the case.

Matter No 4 for attention of friends of Freedmen is as follows. The president is authorized by law to issue a "Patent" (Equivalent to a Deed) to all who have purchased land under Tax-sale. He has not yet done it. It is highly desirable that the Freedmen who have duly & lawfully bought land and have now merely the certificates of the Tax Commissioners should receive these "Patents" unquestionably their due.

The Tax Com'rs could easily furnish your office lists of such Freedmen and (if the Pres't consents) you might procure their "Patents" for them.

I remain Your Affec. Brother
C.H. Howard
Bt. B.G. Inspector

Subjects

1. Extend Pres't Lincoln's privilege granted to the negroes to buy lands.
 2. Ask that the "Patents" from the Pres't as titles for land sold for taxes be issued at once.

Feeling that you are a true friend of the colored man; and knowing that the Progress of my People depends upon its moral and intellectual advancement; and feeling that if the present Schools go down, that civilization itself will suffer; I, a teacher of one year's standing in the schools, beg you to exert your best effort to sustain them. As at present managed, under Capt. Pease, they are tolerably good. But their administration might be better. But good or bad, and there is room for the correction of abuses, they should not go down.

My friend, the late President Lincoln, by whose personal advice I abandoned my profession – M.D. – and came here to teach, said to me “Randolph, the elevation of the colored people depends solely upon their moral and intellectual cultivation. Go Down South and do your duty.” I have done so, and now fear the work will stop unless you step in to aid us through your efforts with Congress and our wise President.

We, the Colored People are willing to be taxed per capita \$2. and the fund thus raised will support all the schools of this state.

I beg to remain

The Steamer shakes so much that I find it very difficult to write, but as it is your birthday, my darling I will attempt to jot down a few words. We arrived off Mobile on thursday, but a sudden storm came up and we could not cross the bar into the Bay, so that we turned back and skirted along the shore till we found comparative calm, and then anchored. The next day friday we started our way across the outer bar and after much dilidalying for a pilot, found a sea-Captain on a Str aground who took us up to Mobile. We reached the city between one & two P.M. found Gen. Swayne gone to Washington.

The secession feeling is very strong at Mobile. I addressed the Negroes in the evening at the College –a full assembly –called upon Dr Nott who had visited me on business at Washington, found him a very different man at home, clearly hostile against the Government, against the Bureau and the negroes, not willing to grant them one privilege, not even that of having a school. You would have had a good deal of rough <fare> & dirt to put up with, had you accompanied us, yet we have been really favored by a kind Providence with good weather for the most part. We left Mobile about ten this A.M. and are going inside across the Mississippi <ground> thence across the Lake Pontchatrain to New Orleans. If I can get away Monday morning we will leave for Vixburg & Cairo by Strs & thence home as fast as cars can carry us. I shall send this by the way of New York & think it will reach you three days before I do.

Our life is hastening away so fast that I feel that I must get home or we will get old before we are full aware of it. I want to be with you very much. This is the last time I mean to leave you for any length of time if I can help myself. Guy & Gracie can track papa's journey this time –Richmond, Petersburg, Raleigh N.C., Wilmington, Florence, Charleston, Columbia, back to Charleston, Hilton Head, Savannah, Ga., Fernandina Fla., Jacksonville, Tallahassee, St. Mark's, Mobile & New Orleans. I hope Guy is having good luck with his pony and Jamie with his drum. I feel as though Jamie was almost estranged from his papa and long to get more fully acquainted with his peculiar disposition & wants. Chancie is more transparent, more like Guy. Give papas warmest love to them all. May god keep us all in health, happiness & affection till your next birthday.

Lovingly yr husband
Otis

Rowland is quite well & enjoying himself. Harry dont seem quite so well as usual –coughs & raises a good deal. He seems very sober & taciturn even for him.

Sir

Mr Branch Leacher of Freedmens School at Mobile visited our place some weeks since, and desired the Supt of the various Sunday Schools to cause the Sunday School Papers in the hands of children here to be collected and donated for the use of Freedmens Children at Mobile. We have collected some hundreds and find our package too large to send by mail without paying a considerable sum. We desire to ask if there be any way we can send our Papers without incurring the expence charged by the Post. Your aid is respectfully solicited by the Various Sunday Schools here, by whom I am charged to address you.

My dear Sir

This is to introduce Dr. A.A. Gifford who offers his services for the Freedmen and proposes to settle in the South.

He has sufficient credentials and knowing you were needing a good Physician I recommend him for Fernandina. I wrote to Col. Osborne concerning him who will undoubtedly order his Med. Officer Surg J.J. Applegate to contract with Dr. Gifford in such manner as to issue to him all requisite medications & Hospital supplies.

By General Howard's order I have arranged for you to attend to the neighboring County of Georgia & you will either be paid by Gen. Tillson or by Gen. Saxton & will be notified as to which one you will look for your Salary.
