In this days "Virginian" a newspaper published in the City of Norfolk appeared in the news column an editorial in reference to the house of Wm H Peters in this city leased by your Bureau to W.H. Hunt and in relation to which I saw you on last Friday in Washington.

I beg most earnestly to assure you sir that the publication referred to was not only without the knowledge of either Mr. Peters or myself, but also greatly contrary to my wishes and desires.

I deem this explanation and disavowal necessary for my own vindication, since the publication alluded to, would under the circumstances, had it come from me, been violative of every principle of propriety & decorum.

I am sir very respectfully

P.S. I may have exaggerated the article and therefore enclose it for upon the subject of propriety I am some what sensitive and do not yield prudence to any one. J.G.H.

We understand that you are to Lecture before the course in Portland, and thinking that it might be possible for you to favor us also I write you in accordance with my own wishes seconded by those of the Society and the citizens generally. Dear Sir:-

As you will recollect soon after our efforts last Summer to purchase Fords Theatre for our Association, I was taken ill and obliged to leave my business and go North for my health.

Since my return I find my business reduced, all of my little means gone, and with my little family consisting of my Wife and two children soon to be dependent upon the charity of Friends unless I can find employment.

It has occurred to me that perhaps you could give me a situation of some kind in your Bureau if so, I can assure you it would be duly appreciated at this time and if possible deserved. I have devoted much time during this War as a Delegate of the Christian Commission and otherways endeavoring to serve my country and have never before asked of her any such favor. The United States Sanitary Commission having declined to continue beyond the 1st of January the collection of soldiers' claims for back pay, bounty and pensions, the general Secretary of the American Freedmen's Aid Commission will receive, until further action, the claims of colored soldiers and their heirs. Applications should be addressed to Jacob R. Shepherd, General Secretary, Washington, D.C.

... It has been prepared after a great deal of reflection on the subject and it is hoped will meet all the exigencies that may arise in inaugurating our new industrial system.

It has been submitted to the consideration of Major-General Sickles and Saxton, and meets their approval. They both give every assurance that all contracts made on this basis will be approved by officers of the Government, and of their earnest desire to co-operate with the planters in inducing the freedmen to work.

With the high prices of produce as an incentive to exertion, let the planters of the South rouse up their energies and go to work earnestly in giving this new system a fair trial. If they then fail the responsibility will not be upon their shoulders.

This form of contract, with some modification of terms, adapting it to the upland system of culture, has recently been adopted at a large meeting of the citizens of the upper part of Beaufort District:

STATE OF SOUTH CAROLINA –BEAUFORT DISTRICT.

Articles of Agreement Between _____ And The Freedmen, Whose Names Are Hereunto Attached.

Article 1. The said freedmen agree to hire themselves as laborers on the plantation of the said _____, from the 1st of January, 1866, to the 1st of January, 1867. they agree to conduct themselves honestly and civilly, and to perform any labor on the said plantation or connected therewith, that may be required by the said _____ or his agents.

Article 2. The said freedmen agree to perform the following daily task per hand, fractional hands in proportion: Listing, Bedding, Cultivating, Splitting rails, Ditching, Cutting marsh.
In all cases where task cannot be assigned, they agree to labor diligently ten hours per day.

Article 3. The said freedmen agree to forfeit for every day's absence from labor 50 cents per day. If absent voluntarily and without leave, two dollars per day. If absent more than one day without leave, to be dismissed from the plantation and forfeit their share of the crop.

Article 4. The said freedmen agree to take good care of all utensils with which they may be entrusted, and to pay for the same if lost or destroyed. They agree to be kind and gentle with animals under their charge, and to pay for any injury they may sustain while in their hands. Damages to be assessed by arbitrators, to be selected by each contracting party.

Article 6. They agree to furnish from their number a foreman, a nurse and a stock minder –to be selected by their employer.

Article 7. They agree to bear all their own expenses, and to return any advance that may be made during the year from their respective shares in the crop, and to protect their employer's property.

General,

In view of a probable increase in the regular Army I have determined to apply for a commission as a "Field Officer" in one of the new Regiments in case any such are authorized to be raised. Almost all of my service has been on the staff of Maj General Hancock and I am advised by him to request a letter from you (if it is not objectionable to you to give me one), which I can use when I make my application for an appointment. If you can give me such a letter General, it would greatly assist me and I will appreciate your kindness highly.

I entered the service in 1861 as a private soldier & served as such for some months and was constantly in the field from the commencement of the War until its termination. I had the honor to carry an order for you during the assault made by the 2nd Corps at Fredericksburg 13 Dec. 62, while I was on the Staff of Genl Hancock as A.D.C. The order was for Capt Hazzard to retire his Battery. I only speak of this to recall myself to your memory.

Dear Sir -

It is the purpose of the above-named Commission to have a grand mass meeting at the Fremont Temple in this city on or about Monday Evening January 29th for the purpose of advancing the interests of the Freedman's cause. Every means will be employed to make the occasion a success, both as to numbers and influence; and it is particularly desired, that you, as the head of the Bureau, and one whose name is more extensively known than any other, in connection with the Freedmen, should be present and address the meeting.

Gov. Andrews and other distinguished speakers are expected to be present.

It is hoped not only to obtain a large amount of funds for the prosecution of our work; but that the meeting may inaugurate a movement which will have some influence upon congress, as we have no doubt any measures you may propose tending to the amelioration of the condition of the freed people will be heartily endorsed by the meeting, and going thence will gather strength throughout New England, and perhaps other parts of our country.

If you cannot be here on the 29th could you be here within two or three days before or after?

As you are advertised to lecture before a Literary Society in this city on Feb. 1st it is deemed advisable to have our meeting before that date.

We should be glad also to secure Gen Fiske for the same occasion. Can you tell us if his duties in connection with the Bureau would permit him to be here at that time?

An early answer will oblige

You may remember that while you were with us last you mentioned having heard of or seen a knife intended for persons only having the use of one hand. I have been trying to find one for you ever since & only succeeded a few days since when happening to glance into a store window I saw a horrible looking weapon which I at once identified as the article you wanted.
