Major Genl. & Col. Howard

Court, Freedmen's Bureau
Washington, D.C.

Dear Sir,

I see by the papers that the Gant is contracting to furnish Freedmen's dwellings at some points of the country. Will you do me the favor to furnish me the number, cost, etc., by which I can furnish them cheaper than any one else for the same work? Noting that your health is good, and that you intend to remain at Mt. Pleasant.

Yours Truly,

Lyman W. Bridges

Major General O.O. Howard

General,

I have the honor to respectfully submit the following for your consideration:

The President of the Soldiers and Sailors National Union League, appointed Major Doughty, Mr. Bates and myself a committee to draft upon the Mutual Homestead Protection Company, to ascertain what inducements they offered settlers going south. We called at your office several times but found you engaged and would not press an interview.

If not detrimental to your interest, can you inform us by letter, what are your opinions of the company, and can you recommend the company to the soldiers that are desirous of emigrating south? If not what other course would you advise us to take.

Sam. General. Very Respectfully
Your Obedient Servant,

J. Ferriss

Dear Col. Woodhull,

I write this at New Bern. The Veto is hailed by our Enemies, & makes them more defiant and troublesome. Disorder & outrage's increase. I cannot have officers, citizens are worthless.
