Dear Sir

I see by the papers that the Govt is contracting to furnish freedmens drillings in some portions of the country. Will you do me the favor to inform me if such is the case and if so what number, cost etc. I can furnish them cheaper than anyone else for the west. Hoping that your health is good and to be remembered to my Genl Howard.

I am Very Truly
 Yours, Chas. S. Bridges

Major General. O. O. Howard
General:

I have the honor to respectfully submit the following for your consideration.

The President of the Soldiers and Sailors National Union League, appointed Major Doughty, Mr. Bates and myself a committee to wait upon the Mutual Homestead Protection Company, to ascertain what inducements they offered settlers going South, we called at your office several times but found you engaged and would not press an interview.

If not detrimental to your interests can you inform us by letter, what are your opinions of the Company, and can you recommend the Company to the soldiers that are desirous of emigrating South? If not what other course would you advise us to take.

I am, General, very Respectfully
Your Obedient-Servant
