Dear Gen. Howard,

Can you do anything to procure the release of a soldier on West Point who is too ill to do military duty.

He was a soldier nine years ago & was treated by the surgeon for the consumption, & was released from the service as unfit for duty.

This time his wife urged him to enlist on West Point lest he should be taken away leaving her, a poor sickly frail creature, with seven children.

His health is very wretched, and she

is dying with her burden of care
and anxiety!

Anything you can do will be
an act of humanity!

Please let me hear from you
soon? and greatly oblige

Very gratefully

Your friend

Samuel Gray

John Cook."

Truly, yours

Dear Sir: Your letter of July 27th in reply to mine is rec'd. I was not very sanguine when I wrote you, that you could be obtained to lecture, at least while Congress was in session, yet were in hopes, that you could leave Washington, sometime in Sep^r. October, or November.

Your terms are perfectly satisfactory.

Please inform me early, the time when, you can be with us (if at all) + also the number of evenings, you can lecture. My prayer to God is,

Dear General

I wrote for a leave of absence, but it would be a great favor, if I could get an order to proceed to my home and there await the result of my trial. The expenses of my trial are so large, that I shall find it difficult to raise money enough to get home.

There are many reasons why I ought leave at once. My trouble has worn upon me, and at this hot & unhealthy season I need a change of climate & scene. Then my family need my presence.

But whatever be the orders, I shall try to be patient. It would be a great pleasure to carry with me my acquittal, but probably some weeks will pass before I shall see the verdict.

The proceedings are nearly com-

pleted, & will be forwarded
to you.

The care of Glavis is finished
also. A copy of Seely & Wickham
remain.

My dear General

At the request of Rev. A. D. White who is now in this section, operating in behalf of Lincoln University, of which you & I are Trustees, I address ^{you} in order to obtain from you a written endorsement of that Institution. Its claims upon the prayers & patronage of Christian people in all parts of our Country, & your opinion of its promise to perform effectively - if suitably endowed & thoroughly equipped the important work needed to elevate the poor African & fit him for citizenship & the new duties incumbent upon him in his new relations.

I feel the more  free to make
request - because I am aware of
deep interest you manifested in
good of the enterprize at the Closing
exercises of the last session & your
avowed willingness to aid the Cause
in any way in your power.

Brother White is a most excellent
Man for the position he now occupies
& has found decided favor in the
Ministry & Christian people of this
City - but he thinks - because of your
official relations to the Freedmen
because of the fact that you are a
New England Man - your certification
of the Institution will greatly
aid him in the securing of funds.
You have met personally the
Men in Charge of the University
both the Trustees & the Faculty, & can
therefore speak intelligently of the
promise the institution holds
out for practical & effective service.

Many of the giving people are now away from home, but they will return in a few weeks & he desires to be prepared to push his agency with vigor.

I am here on business connected with our own Education operations & am happy to aid & encourage Bro. White in his good work. The Chief obstacle in his way is the want of acquaintance on the part of the people with the Institution. This he is now diligently laboring to remove. Could you designate a time when You could visit Boston, the last of this or the early part of next Month when with others you might address the people here on the Claims of Lincoln University?

Dr Kirk & all agree that such a meeting would be greatly beneficial.

You will much oblige all concerned by sending your written approval of the University - at your earliest convenience - to the

Dear Sir, Bishop
Eastburn of the P. Episcopal Church,
Dr. Hill, Pres. Cambridge University
& several other influential persons in
this place & vicinity have given me
written Testimonials cordially Commend-
ing "Lincoln University" to the Patronage
of the Public. The Congregational Pastor
here generally favor the project, & advise me
by all means to secure your written re-
commendation & then have these certificates
published in Circular form that strangers
here may know the estimate it is held in
by others who are worthy of Confidence.
Please write me as soon as convenient as
I wish to prepare my Circular & publish
with as little delay as possible.

The Rev. Dr. Kirk of this City
says if we were to publish that you would
come to Boston & address a meeting it would
draw out the wealthy & benevolent men of the
Community who would gladly assist in the
liberal endowment of the Institution. There
is no one who could draw an audience on
this subject & in this place so well as yourself.
About the 10th of September would be the best time
to meet citizens here on their return home
from Summer vacations. Hoping to hear
from you soon as you convenient will
permeat. I am very respectfully,

The telegraph announces that General Fullerton, who is notorious chiefly in connection with the pretended inspection of the Freedmen's Bureau at the South, has been made private Secretary to President Johnson in place of Colonel Cooper who has just got his seat in Congress. We know whereof we speak when we say that this man Fullerton is unfitted by his habits to associate with gentlemen—much less to be official usher and private counsellor of a Chief Magistrate. Mr. Johnson is peculiarly unfortunate in choosing secretaries—their capacity for fluids being usually much greater than their capacity for business.

Dear General

Enclosed please find Daniel Pike Cashier's check for - \$250.- Two hundred fifty dollars, on the National Exchange Bank of Boston it being 50% of your guarantee to the New Granite Church which was voted to be paid to the guarantors on sale of Pews which took place the 12th ultimo. I hasten to remit you the amount feeling that at this time you would like it, and only regret it is not more, but our people generally feel well satisfied as all we can do is paid at once, a large proportion of the Pews sold at once and at small premiums over valuation. Some have been taken since the sale, at the appraisal and we hope to sell every Pew in the Church at that. The Structure inside and out is very satisfactory to the Society, it is carpeted throughout, every Pew cushioned, all alike, and the Organ is one of the best in New England. we are very much pleased and thankful we have so fine a Church and that it is all completed, harmoniously and I think without any debt at all. we may be a few thousand dollars behind, but we shall not, if every Pew sells at valuation. With this is your Gas Bill which I fully intended to have enclosed in my last letter, but omitted it in my haste, also the difference of 88^c you sent me 5.00 this bill being 74.¹² please send me your receipt in full for the \$250. as above. My Dear Bro

Our continued
I warm friendship allows
me from this point to pre-
sent again our Coloniza-
tion effort for the good of the
colored people.

There is a class of inde-
pendent colored men here
& elsewhere, who fret at the
idea of dependence on white
men north or south. They
must be thus dependent if
they remain in this coun-
try. A company here,
at Sparta Geo., at New-
berry S. Car., perhaps else-
where is to be made up
to go next Nov. to Liberia.

The Colonization Soc. give
them passage out; charter-
ing a vessel at several
thousand dollar expense,
furnishing provision, medicine
& medical attendance
for the voyage & six months
after landing. What more
could any reasonable
man expect of a benevolent
Institution? The Colony
give them lands; but they
must have from some source
tools & a general outfit. All
this must come from pri-
vate or public sources.

Let me ask now, any
Dear Bro; how could Gov-
ernment aid be better be-
stowed on these needy peo-

ple, whose old masters ¹⁵ are
impoverished & cannot aid
them, than to assist them
in this latter necessity?

Would you not at least
give these people transpor-
tation to the port of en-
carkation, either Savannah
or Charleston?

Rev. Wm. McLain D.D.

have no doubt, be glad

all sincere men in aiding
these people.

Esteemed Friend

I regret that my absence from
 home should have prevented me from receiving
 thy letter of 24th Feb. till yesterday. I shall
 lay it before our Freedmen's Association at its
 next meeting & hope it may induce some of our
 friends to think more lightly of the Union than they
 have yet done. Most of our members are in
 favor of it; but while seeking to strengthen ourselves
 by new alliances, we have desired to & move, as
 not to disturb the cordial relations existing among
 ourselves.

A short visit to our schools in Vir-
 ginia from which I have just returned has con-
 firmed me in the opinion that if we conduct our
 work on Christian principles, "with malice toward
 none, charity for all," we shall succeed before
 long in securing the cooperation of good men &

women in different parts of the South; which will
not only increase the efficiency & probable perman-
ency of our schools, but will, as much as anything,
tend to the reestablishment of friendly relations
between the sections of our country & hasten the
construction of the whole on a sound basis. -
"unless the Lord build the house they labor in vain that
build it" & if we wish to know "that our labor is not in
vain in the Lord" we must work as in His sight & in
spirit "who causeth his sun to shine on the evil & the
good & sendeth rain on the just & the unjust"

Very truly yours
