West Chester, Nov 1st 1866

To General Howard

Dear Sir, We a committee appointed to correspond with you in regard to securing your services to deliver an address for the Benefit of the Young Christian Association of this Borough. Would state that the object of this association is to further the Cause of Christ in all possible ways such as visiting the sick, visiting destitute places, reading to the Blind & distributing tracts, gathering in neglected children into schools etc. etc. there is a wide field for labour here & in the county around us, whilst we trust that we have warm hearts & willing hands we find that we are unable to do all the good we might do upon account of our
means being limited, the majority of our members are amongst the working class and are unable to give much toward sustaining the necessary expenses, we hope that you will consent to lecture for us, the proceeds to go to the association. We have understood that you were to be present at the young men's Christian Association at Philad., thought that you would perhaps come from there to West Chester. There are 4 trains daily to go from this place. The distance by rail is 27 miles. Could you favor us with a visit, please let us know immediately so that we can engage the Hall, have our tickets, Circulars printed &c. A delegation from our association will attend the Anniversary in Philad. on the 15th & 16th of this month, I hope to meet with you there. anxiously awaiting your.
reply we remain as ever your friends truly &c.

To Mr. W. Baily
Mr. J. Thompson

Committee

P.S. Please state what our indebtedness to you will be should you favour us.

Dear Mr. Jones,

I hope this letter finds you well. I am writing to express my concern about the recent events at the company. I believe that the implementation of new policies and procedures has led to confusion among our employees.

Specifically, I am referring to the recent changes in our communication protocols. It appears that the new system is not as user-friendly as the old one, causing delays in the delivery of important information.

I understand that change can be challenging, but I believe that our team can adapt to the new system with some guidance and training. I would appreciate it if you could consider providing additional resources to help us transition smoothly.

Thank you for your attention to this matter. I look forward to hearing from you soon.

Sincerely,

General

Hear that you are to come to Providence to deliver a lecture during the coming season; can you speak before our Lyceum directly after? If so please state time, terms & subject. Clinton is on the Merced & Nashua R. R. 12 miles N.E. from Worcester. We have some of the largest mills in the country which we would like to show you, and we would like to see the gallant leader of Sherman’s “Right” and the friend of the Freedmen. An early reply will be a favor.

Very truly,

C. H. Waters

Dear General,

I want very much to engage you for a great Freedmen's demonstration in Boston on Nov. 20, 21, or 22, at which Mr. Beecher is to speak. He needs money, and needs a great meeting to raise it, and needs you to draw a meeting, and to inspire our people.

The Ladies of Plymouth also wish to have you speak for Freedmen just before or just after our meeting, at any time, that suits you.

I shall try to find you tomorrow to urge these invitations, and to ask you to visit the School Ship, with me, on Sunday.

Yours very truly and respectfully,

Sir,

I have been laboring in this city for some time to secure the attention of the benevolent and wealthy citizens of the importance of providing a home for a portion of the children of the freedmen. Now on your hands in the Washington vicinity, the mothers can easily be placed in families at good wages. It will cheerfully pay a part of their wages for the support of the children.

It is the opinion of God's freemen, Esq, a wealthy and influential citizen or other that it would be advantageous to you would address a meeting called for that purpose. It you would lay before them the claims that these poor

Nominee children have upon them
charity, that the thing could be carried easily and readily, you would have
and all Philip, Esq. & others, to assist
you on the occasion.
Could you so arrange your business, to do this thing early next
month, we should move on rapidly
in this noble work, I have request
'ted a Mr. Forbush of the "Soldiers' Memo
'rial Society" to cooperate with you on this
subject. Mr. P. The society he represents
will render us efficient aid in our
work,

With great respect,
I am, &c.

Washington D.C. Subject to you at Boston

Dear Sir,

I have from our office at Chicago a communication requesting me in the absence of the Sec'y who have been at the annual meeting of our Association at Galveston, to call attention to a letter communicated by a missionary of ours at Galveston, Texas, a copy of which is enclosed to us, the writer of which declares it most important that we should communicate with you in relation to its contents, we hope of having matters remedied that seem sad indeed.

To write, In the first place, Gen. Halleck is doing finely. His friends, many of them, are feeling mortified and disquieted with him and his administration of Bureau affairs is getting fearfully rickety. School matters took terrible harm. He will neither tell me that I can locate schools in the state without his interfering with them or not, and as he once told me he should interfere if I did without his consent. Of course an act advice from you just how to
Orders came a few days since to cut down the salary of the tax schools from $2,500 to $1,500 but they have been remedied by Geo. Middendorf allowing mine to take his with the prize as clerk with a salary of $1,250 a year there is not enough for both to do to employ one more two hours for day.

Capt. Wright A.O.G.C. M has been placed where from duty and goes to Geo. Gregson at Baltimore and this takes the only and last man out of the bureau who is worthy, there is one Capt. Col. now doing duty as Capt. Col.

My wife is anxious to commence a school in the city but I am at a loss to know how to act as I am confident the God will order his school clods. If so I wonder not face the final call and would be most happy to bring the matter to a close but fear taking the responsibility.

There are two bureau schools in the city one taught by W. Melchoir Hester both of which are taught in the aktion system, but many freed people are anxious to have my wife teach. I have a very large and flourishing sal school and the Wesleyan office have put me $100 worth of books I found a large number of regular copies of the Freedman and shall need them more when other schools are started.

Discouraging reports come almost daily from the bureau, county schools and they are
Just deeming, and at the rate they have been
since I came, three months more will entirely
obliterate all the whole things. Cannot the men at
the helm he advised how things are going and
render us aide in Texas. Truly yours,

P.S. Nothing but the Emir of
Medad, and Wheeler, in especials.
The latter can serve us in Texas.

I believe General that the writer is a
reliable man every way. Some of his letter may
not be of consequence in regard to the main
questions, but I thought it well to let you see the
general character of his communications, as
some of the minor things may have in your
judgment a bearing upon the opinion you may
form, and any decision of yours to be made on
the premises. The writer name is at your service
if desired, but as they may not directly reach you
not knowing certainly of your being at Winter, it may
be as well to leave it as alone. May I trust
that on the receipt of this you will of able acknowledge
its receipt. Your General with great respect,

Yours Truly,

Gentleman,

a very strong desire to
manifest by the
people of this city, to
have you lecture before
our Young Men's Asso-
ciation this winter.

My friend, E. S. Griffin
has had previous correspon-
dence with you on the subject,
suggesting a programme of
your tour in the west,
by delaying your appear-
ance at Madison & Dubuque
one day, & coming direct
from Jamesville to this
place. If this can be done
you will gratify a very
large portion of the people.
Dear sir,

We are writing to express our concerns regarding the recent incidents in the area. The local police department has not responded adequately to the calls for assistance, and we feel that the safety of our community is at risk.

We urge you to take immediate action to ensure the safety of our citizens. We are willing to meet with you to discuss this matter further.

Sir:

I would hereby respectfully call your attention to a letter addressed to you by Mr. R. D. Middleton of Charleston, S.C., requesting an alteration in the wording of your order relative to Mr. Memminger's house.

This letter was enclosed to me, is presented through Maj. Ketchum of your staff.

As an invalid (Mrs. Memminger) is immediately concerned, I would in her behalf ask that of Mr. Middleton respectfully ask your early attention to the case.

Dear Mr. O. H. Kennan,

I am writing to inform you of the recent developments in the American Presbyterian Church. The General Assembly has voted to send a delegation to the United States to study the situation in the Middle East. This decision was made following discussions with various leaders and organizations. The delegation will include representatives from various denominations and will be led by Reverend John Doe.

I understand that you have been active in the Presbyterian Church and I hope that you will support this endeavor. The delegation will be in the country for approximately two weeks and will be based in the capital.

Please let me know if you have any questions or if there is anything else I can provide.

Sincerely,

Dear Sirs,

At the regular meeting of the Lincoln Division May 2, 1846, held at the 50th, a committee was appointed to procure the services of some gentleman to deliver a lecture for the good of the order and the benefit of our division.

We are doing a good work in the city, having in the few months which we have been organized and many from this debatable vice of intemperance, especially, from among our boys in blue, of whom a good portion of our society is composed, and knowing you to be a friend to the cause, and as soldier, the committee have requested me to
communicate with you for the purpose of ascertaining whether you would deliver a lecture for our benefit in this city during the coming winter. Should you answer in the affirmative we would also desire to know the time you would be able to come, the subject on which you would lecture, and the amount you would charge for your services.

An early answer will much oblige.

Yours respectfully,

My dear General,

In accordance with your kind request, I take pleasure in forwarding the enclosed copy of General Newton's letter, which I think does full justice to my military career. In addition, I might say that I understood at the time that General Sedgwick, in forwarding the recommendation for Brevet, as a reward for services performed at Marye's Heights, also gave his written approval to the contents.

Gen. Newton wrote the letter shortly after...
my return from Europe and at a copy to the Adjut. Genl. N. Y. A. but as yet no answer has been returned.

I have to thank you most sincerely for your offer, yet at the same time wish to add that I shall not be disappointed if nothing results from the undertaking. It will always be a matter of congratulation for me to know that my Army service met the approval of my Commanding Officers.

Our family are in good health and cordially unite with me in sending the
Kind regards to yourself and Mr. Alward. We frequently speak of the pleasure derived from your company and it is our hope that we may see you again at no distant day. You will, at least, feel at liberty to make our house your home upon any occasion which calls you to Newark. I am,

Very Respectfully Yours,
