My Dear Brother.

I enclose you

Sample & Invoice draft on

Two Hundred Dollars (200.00) -

This is Mr. Thaw's sub.

scriptions for the present. Just be-
fore I went to his office

His morning, he had drawn

his checks for two thousand
dollars, on account of Church
buildings & other charities; & he
did not know where it went
and before the day was done.
He said he could plead inability,
in your case, in any case, but
he would not do so; but as long
as there was a "shot in the
locker", he would cheerfully
do what he could.

He sends his regards to

you, & pray for your prosperity.

I commenced preaching
last Sabbath, after being out of
my pulpit three months. My
health is still precarious, but I
am hoping for better things when
the balmy spring shall shine
abundantly.

I rec'd your letter in
Philadelphia, containing the picture.
Thanks. Wife & daughter strive their
remembrances to you, & family.

Yrs truly

My Dear Sir -

I see by The paper
that our so called state has
been put under military rule.
Can I ask you to give me
your influence with the military
Commander of this District
when the appointment is made.

I hope to take some part in
the restoration of this country
now that it has been taken
out of the hands of those
who have been trying to
destroy it. I have written
to day to our friend Genl
Swayne. Hoping to hear
from you soon I remain

Dr Sir
You

once recommended
me for appointment
as P.M. for which
kindness I have
always been grateful
though it did not avail.

Perhaps you could do
something for me now
under the new re-
construction Bill,
Don't let it give you any
trouble particularly.

We are still teaching
Have a school of 163

The rebels hate us as
they do other Radicals
and have tried their best
to drive us away or
break us down, but
we beat them every time
& they seem to have about
given it up. I think
you might do us good
by seeing Gen. Howard
& telling him something
of my standing in the
33rd as posted by Col
Elliott & Gen. Sippincott
& others. The rebels backed
by our P.M., who thought
an ex Federal Capt. does
anything the rebels ask
of him, have been
lying to Gen. H. badly.
I think you would do
us a great favor by
seeing the Gen. in our

favor, & perhaps enable
us to do much more
good here in our
work of enlightening the
Freedmen. Whatever you
do dont loose your
hold on the Reconstructed
Nothing but power will
reconstruct them as
they should be,

The writer of this was a
good soldier and is a christian
gentleman. I commend his

Civil & Statistical Society's
indebtedness to you for your
excellent lecture last Thurs-
-day Evening in this city.

Dear Sir - You ~~have~~ did
a noble work for our Cause
on this occasion, and I am
sure from what I have heard
of your lecture since, from
White & Colored, high & low,
the effect will be felt for
a long time to come. As
for my own part, my own
hope for my people, was very

Much uplifted and strengthened.
And I hope the hour
will be far distant when
you will be called upon
to fill any other duties
than the one in which you
are now laboring with
so much zeal & success.

P.S. You kindly suggested
that if we should fall
behind hand with pecuniary
with our Course of Lectures that
you would come for us
some time in the future
without charge. We shall
try not to have to ask you
to come on this condition
but as we have unfortunately
this winter, had several

unfavorable nights,
and have been exceed-
ingly liberal with Compli-
mentary tickets (for the
purpose of doing good) we
may fall short, in which
case we would be pleased
to have you come as you
proposed.

Genl O. O. Howard
Dear Sir

In your
esteemed favor of Feb
4th you remark that
"your engagements will
not admit of your
going to Wilmington
at present but you
would be glad to meet
with us at some future
time after the adjournment
of Congress". There is a
strong conviction among
the friends of the move-
ment for improving
the condition of the
colored people that
an address from you

at a public meeting
in this place would very
greatly strengthen their
hands, and at the last
meeting of the Delaware
Association, I was requested
to propose to you again
thus to help and oblige
us. I hope it may
not be inconsistent
with your numerous
& pressing engagements
to give us a favorable
reply. Any time during
the present month
would meet our wishes
and a Tuesday or
Thursday evening
would best accommodate
our people.

I remain, very

respectfully & sincerely
Yours

My dear General.

I am very grateful for your kind efforts in my behalf. I feel that it is a great injustice that I should be deprived of that promotion to which I am clearly entitled by the law. By the rule of seniority of rank I am entitled to promotion to a vacancy above me (not an original vacancy). I have never known this rule violated before and I cannot see upon what ground the President justifies this departure from the law of Congress.

I have served in the army for
seventeen years, during which time
I have never failed to perform whatever
duty I have been ordered to do to
the extent of my ability. As a
Quartermaster and disbursing officer
I have had very large accounts
with the government all of which have
been faithfully rendered. Nor have
I ever failed to render to the President
that respect due from a subordinate
officer to his Commander in Chief. I differ
most widely from the President in
regard to the duty of the country to
its loyal men, but no man can
show where by word or deed I have
ever ~~failed~~ ^{to render} him the respect due

to his position, I have ^{not} left, nor shall
I leave in the future, any honorable means
untried to gain my legal rights, but
if I fail and I am counted
worthy to suffer for the cause of truth
and justice, and because I dared
to differ from "my policy" I would
rather have it so, than that the
President with his present views should
think my service worthy the stars of a
Major General —

Very sincerely yours
Rufus Saxton
