Maj. Gen. O. O. Howard -
Commissioner
Bureau R. & A. L.
General -

Please find
enclosed my letter addressed to your brother
on the subject of my discharge, to take effect
Sept. 1st 1867. The letter I sent up by Mr. Henry
Emph. Ayl. at this place, he having been requested
to report to the Assistant Commissioner.

Your brother's absence resulted in Mr.
Henry returning the letter, so he has not seen
it. I desire to submit its contents through you -
while I add, that I feel deeply wounded in
view of what facts have been made known to
me connected with my discharge.

My work from the first I have regard-
ed as a Missionary work, although I have
constantly been employed in an official

Capacity, I feel satisfied that I shall be sustained
by the Agents who have cooperated with me.
When I say I have done as much labor as
could reasonably be required of two men, since
my appointment to this somewhat difficult position,
and as to how my work has been done, there has
been no complaint made to me, and I have never
felt that yourself & brother had confidence in
my integrity & judgment when I obliged back
without a special order to govern me in the future.

I do not know that I have abused the
confidence & trust you have imposed in me
in the least particular, and it has been my
aim to recognize in every way, to treat the
Colored people kindly, & influence their elevation
& happiness. I feel if I have failed it is for
want of ability to do more.

I only hope for my own feelings, ^{that} there
be no charges against me - If however it
is a matter of dollars & cents I would much
prefer to remain until next spring on reduced
pay or even make my service voluntary & have
it understood in this light - I have always
contributed more or less for the Freed men

And am still disposed to do something if
opportunity is afforded - I contributed while
our nation was in peril, not merely as a
looker on but was active in nearly all the
battles in which the 6th Corps was engaged - for
my record in this particular I have, England
recommendations on which Mr Lincoln
presented my name to the Senate, & I was
appointed Post Chaplain to St. Augustine F.A.
The counterpoint of this is, that I am to be
succeeded by Mr. Hennessey a good Clerk, a
man who when drafted into the service of
the United States set up the claim of foreign
birth & was exempted, but respectfully informed
a few days subsequently, that his services were
not needed in the Interior Department, when
he was then a Clerk - I refer to this because
the great burthen of my affliction is that I
am discharged with the record as above,
& he elevated under the history of patriotism
as presented in the facts I have named.

I do not wish to injure him or any
one I speak of these things to show you the cir-
cumstances out of which grow the deep mortifi-

cation of my wounded pride - I of course
expected my service with the banner would
some time cease, but I had hoped to close up
without being incited to feel as I now do -

If there was nothing against me and it
seemed necessary to remove me, why was I not
informed? Certainly you, & your brother, by your frequent
& easy references to domestic matters, when I have
had the honor of interviews with you, have made
me feel that I was with Christian gentlemen
who would not wound unnecessarily, any one -

The whole history of my life is before
gentlemen ~~and~~ to whom I am proud to refer -
such as Hon. Senator Manilla of Oh & others with
whom I was active in my own state as one of the
leaders of the abolition party years ago -

Reverend by my statement I have held
offices of trust & do not know that there is
any thing in the world against me.

I trust you will pardon what in
your judgment may seem rudeness in this
communication & regard it as a private letter
to you - I Am Yours truly

Respectfully Your Obedt Servt
J. L. Roberts -

Dear Sir

Your letter in which you solicit aid for the completion of the Congregational Church Edifice at Washington, was duly received. I read your request on the Sabbath, and a collection was taken of four dollars and fifty five cents.

Please find five dollars enclosed for your Church building. This is not the amount you asked nor is it the amount we would like to give. Accept, with this small sum, our good will

We appreciate your circumstances, for we have no convenient place in which to hold religious

services, We meet to worship
God in the School Room, we need
a larger and more commodious
place, but are not able to build
at present, nor would our Church
and congregation be able to sus-
tain the preaching of the Gospel
unaided by the Home Missionary
Society.

Then let our small contribu-
tion be acceptable, and may the
Lord put it into the hearts of those
who have the means, to make up
our lack.

The Lord prosper You in this
good work.

In behalf of the Church

Dear Genl:

I have just rec'd
a letter from Capt. Armstrong.
I judge that he has been
cruelly misrepresented and
abused. From what the Captain
says I suppose that Col. Ketchum
has given you a full statement
which is doubtless much
to your satisfaction.

I have known the Captain
as a spotless christian man
and as an honest and praise-
worthy public officer.

I hope you will sustain
him through evil as well
as good report so long
as facts are in his favor.

I think you will find another

Fullerton in De Gress though
on a smaller scale.

His present posting in
New Orleans with Mower
adds nothing to the efficiency
of that officer.

I return to the south in
a few days to assist in
the work of loyal reconstit-
ution.

No effort of mine will
be spared to aid you in
the good work which you
have so long and so judiciously
been engaged in.

Very truly Yours
Thomas Conway

Dear Sir: I reached here safely yesterday. Find matters looking better, but nothing like represented in the letters we had. There is a perfect thrill of joy among true Union men over the removal of Dr & C. Smith. They only regret, as I did when we were together, that Col Green did not share the same fate. It has given the Union men, I mean our leading men, unusual elasticity of spirit.

Organization cannot be said to have commenced. Its necessity is deeply felt. This will bring unity. We must to-day & arrange programme of work &c. No leagues except in North West part of the state. The whole state a debatable field. Great work to do. I do not wish to decien myself or delude others. When a candidate myself I always used the same energy as though I

my competitors were at my heels. I attribute my always coming out first in a vote in a great measure to this kind of feeling.

Mulhoney County. Alconus, Palanke, Jefferson & a few others are sure for us & partially organized. Scott Sebastian, Crawford & a few others are organized. We are at least as to nine-tenths of the others. Want of Railroads & telegraphs & want of active men among our old citizens will impede us, but we hope in the end to come out all right.

We need a prep. I predict that the Mills & Cider "so called" organ of the party will assail the true union men of the state before the leaves fall twice. If possible we ought to have a prep.

I write quite hurriedly as I have only a few hours to remain & much to do before starting home.

We have agreed to throw all our strength together & accept the organization started here, with the determination to

control it. Please say then to
Mr Killocke we are not Ref. Am. as
I shall not be able to write to
him before I reach home.

I will write you again in a
week or two. Believe them believe
me sincerely yours
Eugene

Major Gen O O Howard U. S. A.
My dear General

Your letter of the 7th came news not being delivered, it was directed "Edwin Grevel Philadelphia Pa," the Postman declined leaving it until opened so as to see that it was intended for me, Mrs Greble saw the card and took the letter. If you have written to me in answer to my letter of the 8th ult, and the same superscription was on the envelope, I am not surprised at its non reception, your clerk did not catch my name correctly,

I shall be pleased to furnish the mantles for your house and you can get them from me as reasonably and perhaps more so than elsewhere.

It will be necessary to know the size of rooms, the breadth of chimneys, whether for open fire grates, or hot air registers, this information can be given by your carpenter, It is customary in this City to have houses built by contract and a price set by the contractor for mantles, the owner has the privilege of choosing for himself and if he can purchase for less, the advantage is for him, if his purchase exceeds the stipulated price, he pays the difference,

It will be difficult for me to suggest the kind of mantles you should have unless I saw the house and rooms in which they are to be placed,

Can't you pay us a visit and select for yourself, I have quite a variety
on hand and have no doubt you can make a satisfactory selection
both as to style and price, if you cannot spare the time, you may
probably form some idea of what you want by looking at the Mantel
that I sent to Mr. S. A. Luke, ~~to~~ 4 1/2 E Street Mr. Luke keeps
a Saddlery store on Penn's Avenue, to Mrs. Baldwin Bro. who
have a Wood Mill near the Philada. R.R. Depot and to J. P. H. 14
14 1/2 S. Street, I would prefer that you would select for yourself
to which I will aid with my judgment.

Last week I received the three Brest commissions for John
accompanying them was a letter from the Hon. E. K. Stanton. speaking
most handsomely of John and the appreciation that his name would
be held by all Loyal men, We are doubtless indebted to you for the
documents being sent and send our warmest thanks for the interest
you have shown in procuring them.

Sallie and the children are well and enjoying themselves at
Point, My family are well. We all send our loves to you and
