My dear Howard,

I saw by the Tribune this morning that you were in Providence, R.I. I wrote to you in Washington, but as I shall not sail until Wednesday, I thought I would write you again. Will you please give me a letter of introduction to Lord Kilpatrick. I am going to Chili under quite favorable circumstances. I did not go to Mexico at the time I wished for want of means. With many thanks for your kindness to me.

Yours very sincerely,

C. H. Russell.

P.S. Mother sends her kindest regards and thanks for your kindness to me.
Dear [Name],

I hope this letter finds you well. I wanted to share with you some exciting updates.

Firstly, the project has made significant progress. The team has been working hard, and we are now close to completing the first phase. The feedback from the stakeholders has been positive, and we are confident that we will meet our deadline.

Secondly, I have some personal news to share. After much consideration, I have decided to take a sabbatical for a few months. This decision was not an easy one, but I believe it will be beneficial for both my personal and professional growth. I will be back in the office by mid-September.

Please let me know if there are any concerns or issues that need my attention before my absence. I am confident that the team can handle the project effectively in my absence.

Thank you for your understanding and support.

Best regards,

Major General O. C. Howard
Washington D.C.

General,

I am in receipt of an order from Gen. Scraggs detailing me for duty as Sub. Asst. Comt. Bureau R.I. 2d A. D., Mobile, Ala., with Major Geo. H. Tracy, who is absent on other duty and expects shortly to go on leave of absence.

The position is one affording a wide scope for usefulness and includes as much responsibility as any district in the State.

I desire to express to you my appreciation of the suggestions you have made on my behalf, resulting in this mark of confidence which I hope fully to justify by affording satisfaction to the Bureau.

General Shepherd has informed me that he has objected to the detail on
The usual ground that Captains should be present with their companies.

I have been two months with my company and believe I have acquired such knowledge of it as to feel perfectly assured that no detriment can accrue to the service by my leaving it for a while in the hands of my first lieutenant, Mr. A.S. Bennett—who is regarded as one of the best officers in the regiment.

I very much desire to retain the detail I have received from Genl. [illegible] but if this cannot be done I shall send my present Lieut. Bennett as the only officer, I can now think of, who is a proper person for the purpose, which everyone knows requires peculiar judgment and absolute freedom from prejudice or accounts of color—from which all are not exempt.

Godspeed to all others will finally go to the adjutant-general. Write before you may not obtain. I shall, in any event, feel ever grateful for your confidence.

Very respectfully yours,

James G البلدة

Maj. Genl. O.O. Howard

Dear Sir:

I have prepared several statements in reply to the communications in the Christian Press, but it is impossible for me to get any of them into a shape in which they will suit me, as I fear, the papers have been taken up. I have just received the remainder for the present week, which I send you, and in which is another article which so changes the ground of complaint as set forth in the first communication, and so unites it up with other matters of which I can not speak that I am satisfied that any brief reply by myself such as the Editor would be willing to publish, would
he interpreted as gratuitous officiousness and meddling in other people's matters, and would result in nothing beneficial.

I hope to see the editor within a day or two, and I will induce him to set this right with his readers editorially.

I am preparing a somewhat full statement of the favor shown by the Bureau to the work of the Nat. Alice Ins. and of the reasons that could not be done, which, when published, will tend to counteract the effect of such articles as that signed J. B. T.

As I have occasion to drop you this line, allow me again to say that arrangements are for fully occupying the building here with the work in charge.

I hope no proposition wins.
be entertained to turn out this work and leave it without provision, especially in response to a few Boston men and one or two here, who have no possible use for the building, save the looking at it with their eyes, and that they may be able to say that it is theirs.

As it is now used, the work is an honor and a credit to the Bureau. The Bureau can point to it as something that is real, that is practical, that is present.

The work in charge is being performed in a manner that is perfectly satisfactory to the earnest workers among the influential Baptists in Washington, and in a manner that will be heartily approved by the denominations at large in other parts of the country, and by many other friends of the freedmen.
Please leave us in the great possession of the premises for the prosecution of this great and good work.

Yours with great respect,

E. T. [Signature]

Sir, I am not well. I must leave next for a season. If you see any way in which I can render you a service in the matter at hand referred to above, please drop me a line directed to New York. I will very cheerfully do all I can effectually to set the matters therein needed correctly right with the Judge.

"Putnam's Magazine,"

Dear Sir,

May we ask your kind suggestions in regard to the above-mentioned notice, and may we have the satisfaction of quoting your name as one of our probable contributors? Will you suggest any topics you may feel interested in discussing?

We propose to make a Magazine of the highest tone and character, equal at least to our former one, and improved as far as may be practicable.
