My dear Sir,

I send you this to let you know there are troubles with the people's houses besides wounded of Washington. I fear you and I are in that list of “impractical.” Heaven help us. This is a helter-skelter world and our sufferings are intolerable.

Yours,

I will bring your application before our Association at the earliest opportunity. But I am fearful that our condition is much worse presently than yours. I would let me explain to you personally to your appeal with
it not that I am over
loaded at this time with other matters. I am carry
ing nearly four thousand
dollars of the debt of
our Association with the
little present prospect of
having it reduced.
It was only last night
That I requested our "mutual friend" Gen. E. M. Gregg to give my love to you when he saw you. We were present at the organization of a Young Men's Christian Ass. in Camden, N.J.

With my earnest prayer for God's blessing upon you, and your Association.

I remain your

Maj. Genl. O.O. Howard:

My dear Sir,

In regard to the plans for holding our Council at your Church - we have been unable yet definitely decide. But as I previously wrote we hope the School building which you are building for the Miss Assn. will be completed so we can have both the dedication Dec. 1st and the 18th of Dec., if possible. We are all very anxious for you to be present - I hope you can make it convenient. Yours truly,

My Dear Sir,

Please find enclosed a draft for ten dollars ($10) — the gift of our Sabbath School to your Church to be used toward the completion of your House of Worship.

Our Church & S. S. greatly rejoice in the Christian sympathy and fellowship which evidently binds the two Churches together, although separated at so great a distance from each other. And sincerely hope this happy and blessed relation,
may never be interrupted.

We remember with much gratitude the letter of encouragement and sympathy received from your S.S. thru Mr. L. Deane last July, and wish to return our thanks for the same.

It is the prayer of our S. School that your Church & S.S. may be abundantly prosperous and blessed not only with a great increase of numbers, but also in all those gifts and graces which the Lord shall be pleased to make ye a tower of strength for truth, righteousness, liberty, and justice in the National Capitol.

Dear General

If possible will you allow me to select such additional Bureau Agent as may be required in Virginia. I will have no trouble in finding proper persons and it is desirable that the new appointees should be citizens of Virginia. I do not think the number will exceed three or four.

Major White informs me that many of the Bureau Officers in Virginia are reported by Senator Morton to be Copperheads. I do not know of but one in the state.
among the officers of the Regular Army. The one referred to has been ordered where he can do no harm — will you if possible please obtain from the Senate the names of the Coffee Head Officers and
