

New Bedford, Mass.,

November 2, 1868.

Gen. Howard,

Dear Sir,

Your letter has been received, and my church will doubtless be represented.

At the same time, I beg leave to suggest that there is some force in the position of the part, - that a minority is not such a body known in Congregationalism, as entitles it to ask for a mutual Council, & participate to get one, to call an extra one.

No members, it is generally
held, are competent to complain
of grievance, unless their standing
in the church is affected by dis-
cipline. It is no grievance that
they are outbooked. Hence I think
your name "co-parti" is not
appropriate.

At the same time, I do think
that you are competent to ask
the churches to meet in Council.
It is a settled principle that
when a church, by its internal
dissensions or other scandalous
acts, injures the cause of all
the churches, - makes our work
odious in the eyes of others, -
hunts the general body, - the churches

at large have an undoubted
right to interfere, & by a Council
to remonstrate.

I understood that to be really
your ground. Have you made it
sufficiently explicit?

A minority, in such a case,
have a right to call the attention
of the churches to the case, &
to ask them to meet in Council.
But have I done that ground
plainly & sharply? I think it
doubtful whether you are explicit
enough.

I venture these suggestions, not
that you may rely on what I
say, but to ask you to refer this
suggestion to some other ones than

I am. You could easily, if they
think as I do, add a note to
the churches visited, conveying
this idea.

You will find the ground I speak
of, in the Platform of Policy of the
National Council ("Debates, page 121")
"When a portion of any church has
been seriously aggrieved by such
Q. I. O. C. 76, Vol. 1, p. 1568
action of the church as causes
public scandal to the cause of
Christ, and their request for a
Council has been denied by the
church, they may, in like manner
appeal to other churches for
hearing of their cause, and for
advice concerning their duty."

I am, very respectfully
yours,

A. H. Perin.

My dear General

I again write you
privately knowing my official
communications must necessarily
be slow, and believing you may
wish to be thoroughly informed at
an early moment of anything
connected with the Freedman.

Affairs in this state continue
to be in the most deplorable condition
the poor Freedman receives not the
slightest protection, and is
daily murdered, prompt
action on the part of General
Rossman ten days ago would

have checked these heresies, I am
now heartily disgusted with the
conduct of affairs. I look upon the
flag as being disgraced, after
General Beauregard's command
to issue an order prohibiting
torch light processions, on Saturday
night they paid not the slightest
attention to the Order, parading
without hesitation, openly defying
him, and are certainly determined
to overthrow the present State
Government. Expressions are freely
used that the present ^{legislature} body shall
never meet, in New Orleans again.
Louisiana will undoubtedly
go Democratic, if it does not
it will be the most singular
of all elections. Statements of Registration

papers have been taken from
the Freedmen, and a thorough
reign of terror inaugurated
over the entire State. If the
negro should vote anywhere, I
shall marvel at his courage,
for he who attempts it, will do so
at the price of his life. I am
satisfied the leaders of the Supreme
Party can control their followers,
and that it has been in their
power to prevent the murders of the
last ten days, I now believe they
have encouraged, and that the
most respectable of their party
are shocked and heart sick of
the horror their teachings have
created. Not an investigation
I have asked for has yet been

complied with though repeatedly
promised, Books are being
sent to different parts of the State
and distributed to the whites in
anticipation of election. The
election of General Grant will
I hope put an end to sorrow
of our present troubles. We are
pushing the schools as fast as
possible in spite of every opposition
they are increasing, and will

Dear Sir

I have the
pleasure to inform you
that the Committee of
the Natl. Freedmen's Aid
Union appropriated £200-
Two Hundred Pds- to the
'Howard University' which
sum will be remitted

Our Union is about to close its labors
and we propose to recede a Committee
of some fifteen or so of which you will
be duly advised.

On Friday last we had a most interesting
participating conference with your Ministers
here Mr. Remondy Johnson. He spoke in
high terms of your services in the Freedmen's
Bureau & we are indulging in hopes that
this valuable department will be con-
tinued for a further period.

I have the honor to remain
yours very truly

Our Committee plan the
disposal of the money in
your ^{hands} ~~interest~~, but they will
be glad if it can be ex-
pended in the "Normal
Department" in the
training of Colored Teachers.

It would have rejoiced
us to have made a larger
grant but having only
£1000- to distribute we
also made grants to

The Treasurer of the Union
Government
has committed the
disposal of the money in
your hands, but they will
be glad if it can be
vested in the National
Institutions, in the
training of our youth
I would have preferred
to have made a large
grant but having only
\$1000 to the extent
also would grant to

My Dear Genl:

You may not recollect, but some time before I left Washington (2^{ys} ago) I mentioned in conversation with you, that I was interested in some lands near Swan Creek, 15 miles distant.

These lands have been in the hands of Agents ever since the close of the war and up to this time nothing has been done with them.

I have been paying the taxes & the fields are growing up with brush; besides I am kept out of the interest of the money locked up in them & the

lands of the estate have
accumulating

Knowing your friendship
for me it has occurred
to me that you might
help me to dispose of
these lands on fair terms,
I will sell or rent the
places to the best man
or if I can't do better I
will plant on them
if responsible individ
uals will undertake
the management of
the places - In the two
places there are 2100
acres including rice
bottom land and swamp
There is an abundance
of ~~land~~ wood on the
land - enough to pay
for the ~~land~~ and fur
nish fuel for any man

ten of years for as many persons as can live on the places. The buildings except one or two small ones were burned by our troops & others will have to be put up. I will give to some of the people of the estate a portion of these lands if I can sell the balance.

I have been anxious to go South to gather the people of the estate and if possible settle up all my business in that quarter but I really cannot afford to go on leave as 1/2 of my pay is deducted after the first of month - Now that Mr. Smell is certain of his election I hope we shall have real peace. I have often wished sincerely

that had it in my power
to be of service to my native
State, I mean. to her true
advantage.

Now Genl: I write this
private note to you as
an ~~old~~ old friend and
I trust you will at
least, not misunder-
stand my motives
