My dear Howard

My former letters have told you th. we (the Class of '50) - have engaged an artist to paint yr. portraits. My last was sent to inquire when you wd. be at home & at liberty to sit for it. Your clerk replied th. you wd. be in Washington again abt. Mar. 1. I suppose therefore you are now at home - & as this is the time at wh. the artist had decided to go on to W. - I write to ask whether it will be convenient for you to remain in W. long enough to give him the necessary sittings.

[Faint, mirrored handwriting is visible through the paper, likely bleed-through from the reverse side. The text is illegible due to fading and mirroring.]

Please reply at yr. earliest
convenience, so tht I can write
him at once. The artist is
Mr. W^m Willard, of Worcester.

I have given him a note of
introduction to you. Possibly
he may have gone on already—
to be present at the inauguration.

If so, he will be ready to go
to work at once — & I trust
the sittings may not seriously
interfere with yr. public business.
The Class are very cordial &
unanimous in their desire for
the picture.

Please give my kind regards
to Mrs. Howard —

Dear Genl.

Your valued favor of the
1st inst., is just received. -

My hurried visit early in January
to New York & to Washington, to neither
of which places could I really afford
to go, was solely to secure the employ-
ment temporarily of Mr. Mitchell. To
my great surprise & satisfaction, they
went further than I deemed it at all
likely they would go; they were so favor-
ably impressed with Mr. M. as to def-
initely engage him in home mission
work for them, at a regular salary (I
believe \$200 per month). He is main-
ly engaged about Philadelphia, stirring
up the churches to increased zeal in the
work & particularly with reference to the
work of missions among the Freedmen.

Handwritten text in a cursive script, likely a list or ledger, written on lined paper. The text is organized into columns and rows, with some entries appearing to be numbers or dates. The paper is aged and shows signs of wear, including a large tear at the top and a ruler visible on the right edge.

He is making many valuable friends
and doing a really good work;
and his eminent worth is becoming
more apparent daily to his new em-
ployers & associates.

It is all fitting him for greater use-
fulness when he may be needed in
the Howard University. -

I am exceedingly busy & I think
likely to do well with the Insurance.

Dr. Woods feels much encouraged
about my prospects; so do Dr.
Hussey & Mr. Shaw.

In great haste

My dear Sir

Your letter of Feb'y 27th is received. I think that I did not make myself understood in my letter to you. I was aware that the department of which you are the head is fast being closed up, and did not suppose that there would be any place for my son in that department. My idea was, that you would after closing up your present duties be assigned to some important command, and that you would require some officers to make up your staff, or such other ~~service~~ as is needful. It was in your new command that I hoped to find a place for Charles.

It would be very gratifying to me
if this could be done. I received
a letter from him yesterday saying
that the regiment (the 7th Infantry)
was ordered to Dakota Territory,
and would probably leave Saint
Augustine some time in May.

This fact makes me doubly
anxious. Oh how glad I should
be if he could be transferred to
you in some way, to prevent
his going off so far and to so
uncivilized a country. You must
pardon me if in my anxiety I
seem to be pressing my desire upon
you. I had thought of writing
to Senator Fessenden or Mr Lynch,
or both, to ask their attention to the
matter, to see if they could not get
him on some duty about Washington
or nearer than Dakota, as a great
many officers have been detailed of
late for duty in the Signal Corps.

but I think upon reflection that
your influence will be all suff-
-cient. And if you will interest
yourself in his behalf you will not
only place me under great obligation
to you, but relieve me of much
anxiety. I shall hope that ere long
a place may be found for him
under your immediate command,
this is what he has greatly desired
ever since he entered the Col Service.
You may remember that he applied
to you for a situation then, but
you at that time having no Maine
troops under your command could
not take him.

dear Sir I should be
very glad if you will as soon
as convenient give me your opin-
ion as to the prospect for the future.
If you think any situation could
be procured for him in these quarters.
Yours most respectfully, W. L. Lathrop

My dear friend
I have just received your letter of the 10th inst. and am
glad to hear that you are well and happy. I am
also well and hope these few lines will find you
the same. I have been thinking much of late
of the friends who have passed away and
wonder how they are getting on in the great
hereafter. I have no doubt that they are all
in the best of health and enjoying the
peace and happiness of the next world.
I am, my dear friend, ever your
affectionate friend,

Dear Genl.

When the
late Prof. S. D. Bowker
was soliciting sub-
scriptions for Lincoln
(now Washburn) College,
Kansas, he obtained
your name for \$100.
It is not marked

has just been put
into my hands. Will
you excuse my call-
ing your attention
to the matter?
I do it with great

reluctance. A man
who has given so
much to his Country
ought not to be asked
for \$100; but I sup-
pose the Trustees
expect me to look
after all these
subscriptions. If
you choose, you can
remit me the money.

I have been
greatly interested in
the matters affect-

tell you that all
my sympathies have
been with you &

to learn that Wash-

reason to be satisfied
with the progress
it has made during
the four years of
its existence. The
College Society, in
planting such Col-
leges all over the

mighty work. These
institutions have
already sent out

graduates. - The
Society means to
push its work to

To Gen. Howard
Hon. Sir,

The U. S. Soldier has a constant struggle with murderous stupidity, here am I with a box containing spare blankets, food, clothes, tin pail, & a few other things which are absolutely necessary to me, & I am expected to leave them behind & go to Atlanta etc with what I can carry in my knapsack, leaving fifty dollars worth behind, my total savings, during two years of poor diet & battle with Consumption & fever etc etc.

My time expires in 11 Dec-69 & I mean to keep pelting through the press all the dolls & devils in the Army until it is made fit for rational beings.

I commented in "Winchester Advocate" but the printer is too careless & illiterate calling Normans Germans & leaving out words.

Rev. M. Williams Epis. Min. Rome Ga.
advised me to apprise you of my intention
to teach in the South when Discharged.

If my box cannot be allowed
to accompany me I must of course
draw many articles which I have in it.
I make for the place where it is left,
when discharged.

So if you hear of any
spot where a pious soldier would be
useful in teaching on week days & holding
Religious meetings on Sabbath please to
keep me in mind.

I was intended for the
priest but never felt confidence enough
for it until battered about by joint birds in
the Army.

The Rev. Messrs. Williams Rome Ga.
& R. K. Porter Atlanta Ga will know
of my whereabouts when you want me, as
will Rev. D. J. V. McLean Red Bank N. J.
for I correspond with all these, also with
N. Y. Christian Young Men's Association but the
readiest correspondent I have is B. F. Jones Esq.
Merchant, Rome, Ga. The 33rd Regt. is breaking up.

I have the honor to be your profound admirer.

Gen^l C. C. Howard,

Dr. Sir,

In the course of life's journey it becomes my fortune, to have occasion to ask your kind assistance in a matter of considerable importance to me just at present, as well as ^{during} the coming administration. But before speaking of this subject, you will allow me to present our family congratulations in relation to yourself - your prosperity - your position - your acknowledged services & a reputation & character, that has fully won the affection of your thousands of friends. Were I to review & dwell upon the past as both you & I well know it; were I to go back twenty years, to our school-boy days & refer even in formal words to those hours of pleasure & application, I can but think that a melancholy sadness would find its home within our hearts and we might truly realize the beauty of those words, "God moves in mysterious ways and the whole of life is a perpetual miracle. Happy the man who from the height of ~~prosperity~~ or the valleys of adversity can bless the hand that

bestoweth blessings, or Kiss the rod that chasteneth

As for myself I will simply state, well knowing, that you will be happy to know my own success & will also sympathize in any seeming adversity. For the last eight yrs. I have been in the practice of Law in Boston with fair success. During this time, living unmarried & very economically, I have earned & saved something. But misfortune came unto even "poor me", and took away most of that I'd saved for the past five years. This occurred last year. Still continuing my business at which I do make a living, some personal friends intimated the propriety of my asking Secretary Mr. Culloch, my father's pupil many yrs. ago, for a Govt. appointment, hoping to obtain one which might bring me a profitable income. Mr. Portman, Maine Rep. & Mr. Fessenden upon receiving letters from Father spoke to Mr. M^r. Culloch & Mr. Hartley another of Father's pupils I am told, & the appointment of inspector or quaper came on, & after filing my bond I obtained my commission. Yet I am not assigned to duty a power yet in the Secretary's hands. The position is a good one - very good income, if only one can be assigned to a good place, without which it is not worth anything or scarce anything. My appointment

is in Mass. 4 Cong. District. As I have not been assigned yet to duty, I wish to retain my position or rather commission with the coming administration & soon get assigned. And I want to go to East Cambridge, to a place now held by Mr. Huguley, which he informs me he shall soon retire from.

Thus you now see my purpose in addressing you - well appreciating your influence with the powers now & soon to be, & hoping through you to retain & get assigned, & also to receive a decent income & repair a little of my past loss. Nor have I thought, but that the relations of the past with both myself & my kind Father & our mutual family friendships would also induce your kind consideration in my behalf. I need not say, however, that while I would prefer to remain in Boston on account of being near Maine friends &c, of course I should not decline a more prominent or still important position, should the Govt. really need my services - there being a scarcity of office seekers!!!

Permit me again in closing to congratulate you on your past - to hope for your future & to trust that the same characteristics which have thus far marked your course, will attend you through life - I am Tris Resp.
and with kindest wishes
Seth Co. Burnham,
No. 5, Tremont Street, Boston.

I trust you will pardon a word further.
Of course Mr. Sumner voice is all-powerful in
Mass. appointments. I have thought that through
you & Mr. Morriss, new member from Maine,
Mr. Sumner might be informed as to myself &
also my respected Father's life-long devotion
to free-soil principles, being among the only
fifteen - who supported Mr. Sumner in Hallowell
Me. at the polls when on the Presidential Free
soil ticket, & who has stood firm; while Rev.
J. C. Lovejoy, a former editor of Liberty
Standard has proved recreant to former
principles - become a sumner as well as
democrat & held office for now most
ten years !!! In view of this, or more particularly
my Father's record, I have thought his (Mr. Sumner's)
aid might be enlisted in my behalf & he give
instruction to Mr. Barbour, Supervisor of
Mass. with whom I have had an interview,
to favor and assist me in my desire. Mr.
Barbour is Mr. Sumner's appointment.

I know that with the acquaintance
of Mr. Fessenden, my Father's classmate, Mr. Hamilton

his & my personal friend, Mr. Morrie &
others, formerly his pupils, now in position
at Washington, I ought to have some
influence, sufficient at least to obtain a
moderate position in Govt. employ.

But I hope you will pardon
much in relation to my own interest.
May I trust your aid in this matter
by granting, I assure you of the kindest
acknowledgements of your schoolmate
S. C. B.

P.S. I forgot to mention that your cousin Mrs.
Tolbot (Sarah Lee) occupies a seat quite near
me in church - how strangely things move on in
the course of yrs!
