My dear General,

Your words to me
once were like those of an angel
of God, so great was the consolation
they gave me in the
death of my dear father.

Very, very sorry am I that
this evening I am obliged to
preach at Peoria and deliver
a charge to a church.

This will be handed to you
by Mr. Duppelo - who will also
hand you a copy of a rare
pamphlet on a rare occasion
in which perhaps you may take
some interest.

Gratefully & sincerely

Yours in Christ,

Gen. Howard Dear Sir

I see by ^{Howard} Harpers Weekly that the University of Washington is crumbling away. for the last 12 or 14 years I have made a cement for roofing for myself, this cement did not crack in cold wether but ran in the heat of summer a little, last summer I was called upon by some of my neighbors to assist them, I found I could make a cement that would not ran more than lime mortar and I should think could be apply ed to the walls of the University the principal ingredients are coal tar & Gravel, I put something in the tar to make a body that makes it dry, and is durable I have no patent, but have not let any one into the full secret I have taken the American Missionary

for many years, but have not
been able to contribute much
to the Association.

I helped nominate James G. Birney
for President. I can refer you to
Levi Coffin of Cin. and C. B. Camp

To Major-General Howard:—

General,—Should you require the services of a Printer in the Department to which you are ordered, I would be most happy to serve you in that capacity.

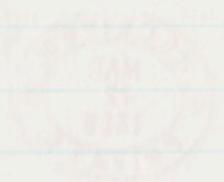

You will, perhaps, remember my name as having had charge of the printing-office at the Freedmen's Bureau Headquarters, for some eighteen months.

Respectfully yours,

Charles Leadbeater.

You take with you the grateful remembrance of one man to whom you have extended many kindnesses - please let me know if your going will hurt you with any of your past engagements - You agreed the payment of the rent of my school house for the year up to Dec next - & depending on it - I have made engagements - it has been paid promptly up to now but Feb has not been paid up to this date 15 of March. New York, March 18 1869

My Dear General

I have never yet asked for the letter you were so kind as to offer to give me after one of our heaviest battles, (Chancellorsville, I believe) but having determined on applying for a position of some kind under the present administration I beg to be excused for trespassing upon your time now. Being no politician I rely entirely upon my military record to aid me in my purpose, and have very flattering testimonials from Genls. Meade, Hooker & others. I am convinced, however,

that a letter from you either personal to Genl. Grant or a General letter will prove of greater service to me than all else beside. Should you be kind enough to accede to my wisher I shall esteem a very great favor and be ever grateful.

I should call on you in person but I shrink from mixing up in Washington with the horde of office seekers who are boring the life out the President and his cabinet.

Having been for years, before the war, a merchant I am flattered with being competent for most positions requiring business tact, energy and integrity.

Having a wife to take of, and
business being dull I desire
something fixed for a few
years until things begin to
move along as of old.

With best wishes for your success
in your new sphere of duty

I remain very Respectful

Major Gen. Howard:

Br. Sir.

By the Papers.

I see you are ordered to the command of
 the Dept. of Louisiana. I have a son sta-
 tioned in New Orleans in the 6th Cavalry
 "Henry B. Mellen" by name. I wish to
recommend him to your notice, and, beg
 you, if you have favors to bestow, think of him.
 To you, I am a stranger, but, I am a Mother,
 & anxious for the prosperity of my son, who
 I know is as honest a man, as our Pres-
 ident, & as good a Republican! The first
 favor, I would ask, to grant him a fur-
 longh, if consistent with the interest
 of my son. He was ordered from "Califor-
 nia," to this station, I have only seen him
 once within twenty years. Hoping
 you will pardon my intrusion.

I remain Yours truly, Mchitable S. Mellen

My Dear General

Some two or three weeks ago I had the honor to address you relative to an application for my appointment as Collector of Customs for the Port of Ogdenburg N.Y. my native place, stating my reasons for desiring the appointment and soliciting your influence as far as you might deem proper in my behalf. As I have heard nothing from you on the subject I presume you have not received same. I am desirous of the appointment for two reasons, one of which is that I may be near my mother in her last days which can not now be many for she is nearly seventy, and

the other on my own account pecuniarily and because I believe I am as much (if not more) entitled to the office as any of the half dozen scheming old politicians who are trying for it on the ground of having served the party. I served the Country for four & a half years and you know pretty well what some of that service was. I wish General you would in conjunction with Generals Logan Sherman Rawlins & Dent & Hon^{ble} H. B. Allison & P. Banks & Mr. Wheeler members of Congress, favorably endorse my application with such recommendations as you think I deserve. If you had time to see the above named gentlemen in person and confer with them about it it would greatly augment my chances I am sure. Mr. Wheeler of the Ogdenburg District has some

and will have more, strong endorsements from prominent republicans of the district and if you will only take it upon yourself to lay the whole matter before Genl Grant or Secretary Boutwell I shall feel quite certain of success.

I know I ask a great deal more than I should or have any reason to but do so believing that you will assist me all you can. Your kindness on this as on all past occasions will ever be gratefully remembered

Truly Yours &c

Major General O. O. Howard:-
Washington, D.C.

My dear General:

I see by the newspapers that you are soon to leave Washington for the South, and that consequently I may not have the pleasure of seeing you for some time, I therefore take the liberty of asking you for a favor.

You are aware that when I left the Army I returned to the practice of my profession in New York and have so remained up to the present time. My long absence, of course, had lost me nearly all my old clients, which together with the continued depression of business, rendered it very difficult indeed to make more than a bare living. I was advised long since by my friends to solicit an office from the late Administration but as I could not conscientiously endorse Mr. Johnson's policy I declined to ask any favors from him or his supporters. The same reason, thank God, does not apply in the present case and I have no hesitation in approaching President Grant.

I am now growing old, with the prospect of a

family growing around me and I have resolved to leave New York and immigrate to the far west — probably to Montana where I have some friends. In going there I would like, as the best letter of introduction to have some subordinate appointment under the General Government.

I do not desire a lucrative office, and I am perfectly willing and able to serve the Government in the future as faithfully as I have endeavored to do in the past. Will you assist me in this matter?

I am so little conversant with the routine of such affairs that I hardly know how or to whom an application is made. I would go to Washington but I presume that your City is overcrowded with applicants and I do not wish to be confounded with the ordinary head of Office-sections.

Should you have a few leisure moments to spare I would feel deeply obliged by your giving me your advice and opinion.

I would not trouble you in this matter but unfortunately (for themselves) most of my personal friends, even some who held high position in the Army are Democrats, to whom I have always been opposed and from whom I expect no favors.

Hoping to have the pleasure of hearing from you soon.

I am, General,

Very respectfully,

My Dear Sir,

I duly received your letter of the 11th in reply to my invitation to be with us at our Anniversary. As you are so kind as to say you will consider my invitation further, and intimating a possibility that you may be able to accept, I am encouraged to hope: and I write now to renew my invitation, hoping that you may now find it consistent to secure some Sabbath in April, when you can be with us.

Our School is a Union Mission, one of the oldest in the City, and our Anniversaries have usually been interesting, and I am sure, while your presence with us on the occasion would add greatly to its interest. You would yourself be pleased and interested, and would not regret such a visit to Albany. Still hoping, I remain,
 Yours obt. servt.

Mr Howard

For appeal for almost any kind of help for the color people in Washington met my eye in the Hartford Courant, based ~~on~~ ^{as} alleged on the personal objection of a lady ^{of a lady} previous to her return to the City, and reference was made to yourself as one who would be willing to take the trouble of seeing articles well disposed off. It had been my design to avail myself of the chance of making a frank avowal of the manner in which my mind is exercised in the matter, and the difficulties both in Motives & liberty in the way of getting upon them, but it presses upon my mind to send them articles to-day, and beg permission to write again most respectfully
