Charleston, Aug. 12,

My dear friend,

I am more than grateful for your kind letter of July 25. Thank you for your kind words of cheer. It is heartening to have sympathy and a little mercy sent from the people of the world. When they are near, there is always more done. Thank you for your promise of help. If I had even you had never been my application. I must send it on. The Major said he would forward it to you. But the letter in that letter for which we are bound by a promise which is to be fulfilled. There is no one as I can see the case of Christ. I think this type of private hands to them.
It is, its final. Please let me hear from you as soon as you can. Thanks

Dear Sir,

The bearer of this is in the lowest depths of misery, and I fear, unless he obtains something to do before long, it will be the ruin of his mind. Having suffered much from the same cause, I can enter fully into his feelings and wish his health and happiness.

This experience qualifies me to sympathize with him to the extent none but one who has felt what he now feels, can.
But enough of this back to the statement of his case and my regret. I am examining his case I have been so impressed with his mental abilities, and had his sympathy do around that I propose as a relief to him to resign my position in the Interior Dept. in his favor, if an arrangement can be made that will reach this end. We believe it can be done by you.

We would respectfully beg you to let the Secretary of the Interior and ask him to consent to such an arrangement.

Your need not hesitate to endorse him, though your reason and as to his family succeed him.
Dear Sir, an apology
for buying. I am in a poor state just about as poor now as when I entered here three years ago. I
was then in debt about one hundred dollars, and am just so that much
behind at this time. I perform this action unregretted, with a belief that God will provide something
for me. I am a Christian of
suffering, otherwise. I do not
ask you to do this for my brother
who has done nothing since February, during that time he has lived on
my efforts. I can get nothing to
do. He came lately from Texas for the
purpose of learning something. This
sin is trying to do for him. It is hard
to do it, but in this world the poor
must help the poor. If they taste in helping all. I ask you to do another - are allied to me by nothing save the ties of friendship and sympathy. Its natural affection must give way to what appears to me more serious hexacism.

If you can have this done, gently I will give way, otherwise, by permission of the admirable Secretary of the Interior, I will remain, as I have nothing to do any longer here.

I beg leave to fix the day of resignation.

Your obedient son,

PATENT
GLASS-ENAMEL VARNISH.

No Cracking—No Blistering—Always Brilliant.

This unrivalled article, which is now about to be introduced to the public of the District of Columbia, contains properties not found in ordinary varnishes, and after a test of several years, is presented to the public as the best covering for paints ever used.

It beautifies every thing upon which it is applied, making a coating resembling melted glass hardened.

It will not crack or blister no matter what may be the exposure to the weather, and becomes as hard as bone.

It will restore faded paints and preserve the color of the same for any length of time.

It preserves iron work from rust; and finally it will cover twice the surface of any other varnish in use.

It may be applied to paints of all colors; to Furniture; to Looking Glass and Picture Frames; to old Oil Cloths; to Ornamental Iron Work; to Paper Window Shades, and to Wall Paper, which (after the application) may be washed just the same as a glass window.

Try it on your Furniture,
It will renew it and render it brilliant.

Try it on your Iron Railings and Grate Fronts,
They will not need repainting for a long time.

Try it on your faded Doors and Window Shutters,
It will restore the color, and give them life and permanent brilliancy.

Try it on your Wall Paper and Window Shades,
They may be washed like glass, and need never be renewed.

Try it on your old Oil Cloths,
It will stop the wear and render them like new.

In fact, try it on any thing which you would like to have improved in appearance and preserved from decay.

A child may apply this Varnish as smoothly as an adult.

Basis of the Evangelical Alliance.

Resolved, That in forming an Evangelical Alliance for the United States, in a cooperative union with other branches of the Alliance, we have no intention or desire to give rise to a new denomination or sect; nor to effect an amalgamation of churches, except in the way of facilitating personal Christian intercourse and a mutual good understanding; nor to interfere in any way whatever with the internal affairs of the various denominations; but simply to bring individual Christians into closer fellowship and cooperation, on the basis of the spiritual union which already exists in the vital relation of Christ to the members of his body in all ages and countries.

Resolved, That in the same spirit we propose no new creed; but taking broad, historical, and evangelical catechism-ground, we solemnly reaffirm and profess our adherence in all the doctrines of the Inspired Word of God, and in the consensus of doctrines as held by all true Christians from the beginning; and we more especially affirm our belief in the divine human person, incarnate work of our Lord and Saviour Jesus Christ as the only sufficient source of salvation, as the heart and soul of Christianity, and as the centre of all true Christian union and fellowship.

Resolved, Therefore, that with this explanation, and in the spirit of a just Christian liberality in regard to the minor differences of theological schools and religious denominations, we also adopt as a summary of the consensus of the various evangelical Confessions of Faith, the Articles and Explanatory Statement set forth and agreed on by the Evangelical Alliance at its formation, in London, September, 1846, and approved by the separate European organizations, which articles are as follows:

1. The Divine inspiration, authority and sufficiency of the Holy Scriptures.
2. The right and duty of private judgment in the Interpretation of the Holy Scriptures.
4. The utter depravity of human nature in consequence of the Fall.
5. The incarnation of the Son of God, his work of atonement for sinners of mankind, and his mediatorial intercession and reign.
6. The justification of the sinner by faith alone.
7. The work of the Holy Spirit in the conversion and sanctification of the sinner.
8. The immortality of the soul, the resurrection of the body, the judgment of the world by our Lord Jesus Christ, with the eternal blessedness of the righteous, and the eternal punishment of the wicked.

It being, however, distinctly declared, that this brief summary is not to be regarded in any formal or ecclesiastical sense, as a creed or confession, nor the adoption of it as involving an assumption of the right authoritatively to define the limits of Christian brotherhood, but simply as an indication of the class of persons when it is desirable to embrace within the Alliance.

The Committees of the Evangelical Alliance are authorizing a public meeting in this city sometime in October, for the consideration and discussion of various subjects of national moment at the present time. Rev. Dr. Schaff is also in Europe making arrangements with the various Councils of the British and Continental branches of the Alliance, for similar sessions of Delegates, at the "International Conference" to be held here, at 1870.

Preparations for this meeting, the committee have in view a gathering of the members and friends of the Alliance here, sometime in October, after his return of Dr. Schaff, D.D.
of certain subjects, that are now engaging us, and demanding national attention.

The committee propose to devote the
1st Day, to the human and related
inquiring.
2d Day. To social reform, political
complaints, landfrauds,
the Sabbath offense, etc.
3d Day. To the great national subject
The Freedman, the immigrant,
and European patriotism.

The committee desire one to solicit
your attention on this occasion
and to ask of you the favor of
a paper, or an address, on one or
more of these topics, that most impresses
you with its importance.

I conclude here with a phrase or two,
that will give you a fuller view.
I duly read your report of the young men who have been assisting at the University which gave great satisfaction.

We are endeavouring to obtain further help for you in that way.

Dear General: I am an applicant for the position of Military Instructor at the Massachusetts Agricultural College and need first the action of the collegiate authorities in requesting my detail from the War Department. On this subject I am in correspondence with Col. W.S. Clark, President of the institution, who is now at Anheirt.

I write to request that you will favor me with a note to Col. Clark stating your opinion of my ability to perform the duties incident to the position so far as you can judge from your acquaintance with and of me.

My dear Friend,

Thinking of the question of sending the Colonel Regiment may come up before you, please you will agree with me that it is of some importance to continue him in the service of the Government, as a means of obtaining competent officers for the Military Academy, which they will certainly obtain immediately. Without threatening any other relative efficiency of Colonel Regiment compared with White I believe the Colonel to their duties as well, and are unquestionably more economical. I have many reasons for thinking it important to preserve them, and as no promises are made for entering other services at the present time.

Yours truly,

Edward Hatch.
