Dear Sir

I have just finished an official letter to you which I have Condensed as much as possible. to which I might have added what I am about to say. but thought it had better form the subject of a personal Communication. In March last when I stated the Annual amount I should need to Continue the Institution during 1869 & 70 you expressed gratification that it was so small, and intimated that if in your power you would allow it, and it encouraged me to go on. Mr Smith Confirms my recollection in this regard. By this however I do not mean to say there was any official obligation to this effect on your part, but an expression of your deep interest and warm Sympathy in the effort to educate these Children of Refugees under Christian influence. I remain of opinion that if the school can be sustained till 1871 it will be nearly or quite self supporting, for it is gaining a high reputation and is being more known. I have just sent down an additional teacher with special reference to giving Normal instruction being a proficient in that department. Mr Bancroft in a recent letter states some of the beneficiaries who attended last session having exhausted all their means, are teaching school with the view of earning enough to meet the required partial payment, and return the session after this. This encourages me but I cannot sustain the enterprise without help - which I would not receive if my other engag

Dear Sir

I have just finished an official letter to you which I have forwarded as much as possible. I think I have said about what I am about to say, but thought it had better form the subject of a personal communication. In March last a letter of the same amount should have been continued the letter during 1857 & 1858 of your expression of opinion that it was a small, and intimate that of my opinion you would allow it, and it encouraged me to go on. I must confess my recollection in this regard. By the way I do not mean to say that was any official obligation but an effort on your part, but an expression of your interest and warm sympathy in the effort to educate the children of slaves under Christian influence. I remain of opinion that if the school can be sustained till 1858 it will be nearly or quite self-supporting, for it is gaining a higher reputation and is being more known. I have just sent you an additional teacher with special reference to giving him instruction being a proficient in that department. It is a recent letter to the Secretary of the Department. I have just seen him having exhausted all other means and teaching school with the view of earning enough to meet the required partial payment, and return the services of the teacher. I cannot sustain the enterprise without help, which would not become if you, the

Dear Sir, Salem Mass. Aug 10th 69  
I was hoping to attend the meeting of the  
B. M. C. Associations in Portland and to meet  
you and other old friends there. But  
sickness in my family prevented. We had  
an addition to our family of a little son  
on the 7th ult. The mother and babe are  
both doing well. We now have five  
children, Samuel W. (12 yrs) Mary (9)  
Harry Howard (4). He was named  
Harry for a younger brother of mine,  
who died and the middle name his  
mother proposed, as she had heard me  
speak often and with interest of my  
old school mate - Geo. Howard. I of course  
gladly approved of it. The two older  
children were born in Scablie, Turkey,  
and Harry and little Annie (2 yrs)  
were born in Dagroom (Turkey), where  
we resided 5 years. We previously spent  
6 years at Scablie. We were absent

from our native land nearly 12  
years and returned home in Nov. '68.

The health of my wife and my  
own <sup>health is</sup> ~~are~~ now pretty good and we  
would be glad to return to our  
Mission in Eastern Turkey. But her father  
is in very poor health, and at present  
our duty seems to be here. He has no  
sons and has not been away from  
home for a year and a half.

Where is your cousin William Oth?  
I have made inquiries respecting him  
but have been unable to learn what  
I wished. I was in Hallowell a year  
ago last spring and was informed  
that he went to Texas. Was that  
the case? I should be pleased to hear  
any particulars respecting him, yourself  
& family or other friends. I have preached  
occasionally here and in this vicinity and a  
few times in Me. One class meets Eaton  
and Butterfield, I think, are in Washington.

Do you meet with them?

With kind regards from my wife  
and myself for yourself and Mrs.  
Howard and any other inquiring  
friends, Yours very truly,  
L. A. Pollard.

My Dear Sir,

Please accept my  
thanks for the promptness with which  
the wishes of this Community, respecting  
a lecture from you, have been acceded

thoroughly satisfactory, and undoubtedly  
you will stand first on the list of lec-

the course"; - if that be any remarkable  
distinction.

Truly Yours,

Frederic Crane.

please make my house your stopping place

LIST OF LECTURERS

# International Lecture Bureau

OF Y. M. C. A.

Box 614, Brooklyn, N. Y., April 23d, 1889.

DEAR BRETHREN:

Owing to the absence, on professional engagements, of some of the Lecturers with whom we have been in correspondence, and the consequent delay in arriving at a definite understanding with them, we have been unable to issue our Circular as soon as we expected. There are still others whose names we hope to obtain for our list; if successful, they will appear in a supplementary Circular. Many of the Lecturers will prepare additional subjects before next season.

*and lecturers*  
**Our Terms** to Associations are Five Dollars per Lecture for such as cost One Hundred Dollars, or less; above that figure, five per cent. It is deemed necessary to stipulate for this commission *in advance, i. e.*, when the date of the Lecture is definitely fixed, thus making the terms of our Governing Circular applicable to all cases. If, through any circumstance, either the Lecturer or the Bureau should fail to fulfil their part of the contract, the money paid will be refunded.

If at the end of the season there shall be a surplus of funds, over and above what is necessary to sustain the Bureau until the following season's returns shall come in, a *pro rata* share of such funds will be returned to the Associations from which they were received.

Faithfully yours,

Dear Sir,

I am sure you have forgotten your promise which you made to me on last Saturday evening, which was that you would send me a letter addressed to the Secretary of the Treasury in behalf of Miss M. E. Now I do not wish to annoy you, but if you will do what you ~~to~~ can to assist her in obtaining the place she so much needs and deserves, she and her friends will regard it as a lasting favor, and believe it will be much to your gratification, as she is a worthy applicant.

My Dear General just

I have had a  
talk with a person who  
has examined the paper  
machinery at the Niagara  
with <sup>one of</sup> Messrs. the largest  
Manufacturers in Philad  
who says that in his opinion  
was conclusive as to the  
fitness of that Machinery  
for the Manufacture of  
any paper, furthering  
that the supply of water  
on your grounds is ample  
I shall endeavour to find out  
concerning the exact condition  
it is now in and how it

Dear General

I labored under disadvantage last Mon. eve. by reason of your ~~saying~~ <sup>hoping</sup> you had seen Mr. Emery & that he would attend to your bill which led me to suppose it was in the hands of his Com. on claims.

I went to see him found he was out of the city then went to each member of his Com. & found neither of them had heard anything of the bill.

Not meeting Mr. Cole as I expected I went to the individual members of the Board of Alderman not knowing them

it was in Mr. Baker's hands  
To-day I went & saw Mr.  
Baker who promises me  
positively the bill shall be  
attended to at the next meeting.  
He says Moore will oppose  
it but I think we can  
put it through.

I deprived myself the pleasure  
of attending a wedding with  
my wife on Mon. Eve. on  
account of your bill and  
wost of all did not get the  
bill through by so doing.

Hope for better success  
Mon. Eve.

Yours &c.

Dear Genl.

Your Brother Genl Chas Howard called to see me yesterday. I am too well aware of the movements of my personal enemies, even if I possessed no other means of information, not to understand the object of his visit. I appreciate, and thank you for your kindness in endeavoring to look into the matter without wounding my feelings. I have always labored under the impression that so long as I discharged my public duties faithfully and brought no reproach on the institution I have in charge my private character was my own. It may be I was wrong. Indeed I almost think I was. But Howard did not tell me the nature of the accusations against me but after having my every step dogged and my every movement watched by a thing, in man's guise,

I can guess what the thing says -

I am sorry that it is not a gentleman, instead of a party with whom no respectable man would (unless compelled) walk as ~~equal~~ <sup>superior</sup>. who made these assertions in such case forbearance would cease to be a virtue, but I can stand the howling of the hound though it does grate harshly on my ear and makes my pulse beat a little quicker sometimes.

You are told, I suppose, that my morals are bad. That I am a bad man. True I am not a Christian I wish I was I have tried to be and wish I will yet be, but I have tried to discharge my duties to the satisfaction of my superiors and faithfully to the best interests of those whose welfare I am here to look after. I have drunk some (one will call things by their right names) whiskey but that was in the past and I drank my last drop before I dreamed of

these accusations - I have never been  
drunk!! As to keeping bad compa-  
ny it is sometimes hard in Ken-  
tucky to tell who is and who is  
not a gentleman but I have had  
little time to associate with anyone  
In the day-time <sup>when in the city</sup> I am in my office  
at night I am with my family  
This rule is my fixed habit and  
all that know me will vouch for it.

Moreover you may ask every  
man in this City and Country who  
knows me and 99 out of every  
hundred white men will tell you  
I am a gentleman and 999 out  
of every thousand blackmen will  
if needs be fight for me. You may  
ask Genl Balloch if a man like  
myself a Yankee Soldier a negro Suffrage  
radical a Bureau Officer could have  
come among these people with  
all their prejudices and have been  
taken up recognized and treated by  
the purest and best men in the

community as I have been (and ~~do~~  
after a scrutiny and examination  
into my moral character which  
you would find it impossible  
to make) had I been a ba  
nimmoral man. You may say  
Gene this defense is a sign of  
weakness. I am not without  
spot or blemish - I know your  
standard of what a man ought  
to be and I also know that  
do not come up to it. I esteem  
your good opinion highly  
than you suppose. but I do not  
want it at the expense of deception.  
I am not the man my enemies say  
though I <sup>am</sup> not as good as I should be -

Hoping that I have merited  
a share of your esteem heretofore and  
that hereafter I shall prove myself  
in every way worthy of your full  
confidence I remain

Yours  
Geo C. Howard.

Truly and Respectfully Yours

Hon O. B. Dockery  
Dear Sir,

Having been informed, that you have the privilege of sending a certain number of colored young men, to enjoy the advantages of Howard University, from this country. I write in behalf of a very worthy young man, who is very desirous of entering the "Law Department" of that Institution, to fit himself for that profession. He is a native of British Guiana, has enjoyed good educational advantages in England and

Scholar. He came to this  
country some two years  
ago. I have known him for  
the last few months having  
been with me in the Fardman  
Savings Bank a Branch of  
which I have charge of, in  
this place. He is without  
means, to prosecute his  
studies, and I am sure  
he will prove himself a  
worthy recipient of any  
favor you may have it in  
your power to confer, in the  
way indicated. He is ambitious  
to show, that Color, is no bar  
to success, when there is a  
open field, and a fair chance.  
If you have it in your power  
to gain him admission  
I am sure your favor will  
not be unworthily bestowed

the life long gratitude,  
of one, who describes him-  
self, as "well nigh mad,"  
"at times, in his thirst  
for knowledge."  
Hoping to hear from <sup>you</sup> soon  
and that your reply will  
be favorable to Mr Moors  
wishes. I remain

Yours very truly

R. F. Hunt

Acting Cashier  
Fardman Savings & Trust Co.

P.S.

Mr Daniel Sadzwar  
who is expecting to go to Harvard  
is well acquainted with Mr  
Moore, and is anxious that  
he should accompany him.
