Sir, I address you as a friend of temperance and as one possessing the ability to carry out a plan, providing it accorded with your views of propriety. I made a plan which I have modified considerably; bringing one important point to more conspicuous than at first it appeared to those who saw the Document. This point I trust you will not overlook.

Proclamation. Order No. 1. Modified form.

Let the men who wilfully and defiantly persist in selling intoxicating drinks, behind a Bar, or Counter, or a pile of Boxes; after being admonished twice of the great injury they are doing the Community, in a kind but seriously conscientious manner; be put in the common prison for one month, their goods confiscated to the State for the benefit of the dependants they have made. The wife and children go to the Penitentiary for one week, till the affairs of the house are settled. By an Auction Sale of the furniture; &c. Afterwards the wife may return to her own father, till her husband gets a new home at the least in Putnam Ohio, where there are no liquor shops.

By the Spirit as I believe.

James H. Adams.

P. S. Now dear General, who shall be the Committee to wait on those men, and plead with them to change their manner of life, as you sometimes plead when on the platform with your Maker.

I have been informed of a truth, that in Putnam Ohio there are really no liquor shops. nor German Beer shops.

for the salvation of the souls of your fellow men?

The Spirit tells me that the liquor sellers could not bear the force of an appeal, such as you and Garrison make to their hearts, more than once; but would shut their shops before the time for a second visit.

I talked with a man today a Patriarch of some Division who said he wished the man who drinks liquor to be punished by Law in a forcible manner. I said in reply, that I felt to pity the man who from a disordered appetite, feels a craving for strong drink, which binds them like a chain. But the Rum-seller I cannot feel that pity, He can surely find some means of employment to support his family were it selling Almanacs as I did today to the liquor dealers. I mean to two or three persons engaged in selling liquor who thought they were doing a deed of charity in buying a Temperance Almanac from me for which I paid eight cents and charged them 10 cents. Did I do in deceiving them, or should I have preached to them.

I did to one man telling him to come to the Young Men's Christian Association meetings, and saying that were the nearest heaven of any place I know of on earth. I wrote to Chicago those meetings are the vestibule of heaven. Pardon this long letter

Yours Respectfully

My brother has just returned from Utah where he was for tree years doing business with the Indians and he wanted me to go out there with him.

So I respectfully ask you General if you would not use your influence yet me the Comission as Trader and Post Butcher on the Fort Hall Reservation in Orinda County Idaho. My Brother is understanding the Language of the tribes stationet there

Dear General.

I have intended for some time to write to you at some length for there are many things that I wish to say, but I am prevented by a press of business. I send you my paper, the Georgia Republican, each week that you may see what I am doing.

I am succeeding finely in the Post Office, and am doing much good with my paper.

I write this to ask you to give me the name of the Secretary of the Young Men's Christian Association I mean the small man who was at the

rooms when I was in Washington,
and appeared to be the managing
man. He had the lead of the project
meeting and charge of the room.
I think he was a Methodist
minister. I have forgotten
his name — and wish to write to
him.

I have tried to organize
a young man's Christian
Association among the
whites of this city, but have not
succeeded. I know that I do
not know how to work with
them. We shall soon have a firm
association among the colored
young men.

My dear Friend,

In regard to the resolution
passed by our Faculty, and confirmed by
the Board of Trustees, in reference to my
appointment in the Hospital, I wish to say,
that any any personal application is so
peculiarly distasteful that I cannot
bring myself to converse with you
on the subject.

The main points however are these, viz.

I am now a clerk in a
Dept. with the six best hours of the
day used up at my desk.

The Community cannot understand
how so young a man, can be a good
Medical Professor, and at the same time
a good clerk - The Profession cannot
understand it, and I am asked every
week "why Gen. Howard don't appoint

me in his Hospital and thereby give me the
advantage, experience and reputation, which
would arise from such a connection. -
The Hospital is the ^{great} feature in our promise
of success. - Clinical teaching is now the
great attraction to a Medical College -
Ours has the advantage of any College
in the City - The Boston Professors with
whom I conversed, thought our Hospital
advantages of exceeding great value, especially
in my branch, but unless the Professors
are appointed there, our greatest prospect
of success is rendered null, except in
name. - That rule however does not apply
so strongly to Professors Palmer, Strong
and Bentley, because they each have had
over twenty years experience -

I can be a better Professor if I am
appointed, and feeling that such is the
case, I was convinced that I should fail
in my duty if I did not express in
proper form, my solid conviction.

The class would be more impressed with
the truth of their teachings if they were
aware that their Professor, though young,
had daily experience in his branch of
medicine. I feel that this will be so,

If you can therefore see your
way, clear in any direction, out of any
funds, to make the appointment, I very
earnestly hope that it may be done -
If it cannot - I shall exert every energy
of my nature to make up the deficiency,
and shall do my very best for the class.

I do not want - none of us do -
Dr. Patterson's place. I have talked with him
and he very courteously and in the most
friendly manner, offers to relinquish to me,
in the event of my appointment, the
Anatomical wards, and take others -

I could not take place at his expense
I am convinced, that I shall
not be able to retain my clerkship and
do my duty by the College. I am sure
I could retain it for years yet if I chose.
