We are in receipt of an illustrated prospectus of the Medical Department of the Howard University at Washington, D. C. This institution may be considered national in its character, having been nursed into existence by the General Government and no pains or expense have been spared to make it one of the first institutions in the land. The faculty is composed of well-known, eminent medical professors, and the advantages offered to the student cannot be surpassed. The second course of lectures will commence on Wednesday Oct. 6th, and terminate the 1st March 1870.

The College and Hospital buildings with their grounds, consisting of about four acres, adjoin the University Park. The main College building is four stories in height, and is equal, if not superior, in its style of architecture and facilities for the accommodation of medical students, to any of the first-class Medical Colleges. The lecture rooms are conveniently arranged, and will accommodate two hundred and forty students.

The Apparatus of the College and the material of the cabinets of the several chairs, have been selected with the greatest care. They are complete, and well arranged for an ample illustration of the several branches taught.

Clinical instruction will be given in the Washington General Hospital and Asylum, situated within the grounds of the Institution. Arrangements have been made for the admission of the students of the College, under proper restrictions, for the study of disease at the bedside. Surgical and obstetrical cases will be seen by the classes under the supervision of the Professors, and operations will be performed in their presence in the amphitheatre.

The orphan asylum will afford ample opportunities for the study of the diseases of children.

The army medical museum of the United States, in this city, contains the most elaborate collection of surgical, pathological, anatomical, and microscopical specimens in the world. This museum is accessible to medical students, and furnishes them with facilities for medical and surgical instruction not found in any other city in this country.

Matriculation, to be paid on entering the College $5.00
Full Course of Lectures $35.00
Demonstrator, payable once $10.00
Graduation $30.00
Single ticket $20.00
Clinical instruction Free.

Arrangements have been made by the Trustees of the University to remit a part of the expenses of deserving indigent students, who will make known their circumstances to the Secretary of the Medical faculty.

Tickets for the course of lectures must be obtained from the Secretary.

country, within the past few days, whose object is to put down outlaws, desperados, &c. We have grave doubts as to the policy of organizing "Regulators." In any event we hope the necessity for them will soon pass away.

On the 18th inst. Warren Lawless, of Bell county, was arrested by the military at Waco on suspicion of having killed the freedom of Wilson, near Waco, in July. 868. Mr. Lawless showed conclusively that he was not the lawless man he was accused of being, and has accordingly released.

The Register says the Waco city treasury is sound and has money to pay all just demands. The Register learns of a shooting affair which took place at Hillsboro on Monday week, between Mr. Morris, citizen, and Lewis, a transient person. Eleven shots were exchanged. Lewis was wounded in the arm, and a bystander, Mr. Meier, a citizen, was accidentally wounded. The latter is a young man, is seriously hurt, and doubts entertained of his recovery.

A little daughter of A. J. Taylor, sq., of McKinney, was bitten on Thursday week by a brown rattlesnake. Curatives were administered at once, and she recovered.

One thousand dollars reward is offered for the arrest of B. F. Hammond, charged with the murder of R. J. M. Maxwell, at Calvert, Robson county, Texas, 25th of June. 869. The reward is offered by the military authorities.

The Georgetown Watchman of the 21st has information from Lieut. Warren, Commissioner at that place at Lieut. Hoffman, U. S. A., pass through en route for Austin a day or two ago and reported that one of the supposed murderers of Mr. Black had been captured and aced in confinement at Waco.

My dear Sir

The Howard School is now finished and
will be ready for occupation by Monday, 20th
instant. We think some
opening ceremony would
be proper & advantageous,
and your presence
on such an occasion.
would be highly gratifying and encouraging to all the friends of the cause. At the request of the Executive Committee of the Delaware State Association for improvement and education of the Colored people, I send you a cordial invitation to attend, either on Saturday the 18th, or Monday the 20th.

The celebration would be in the after noon, so that you could arrive in time by morning train, and, if necessary, return by 5, 20 PM train, but it would afford me very great pleasure to keep you longer. Please let us hear from you, and if you can oblige...

General: With many thanks
I acknowledge the receipt of your kind letter to President Clark, in my behalf dated August 25th. I have sent to my address at Greenfield, I did not by air overnight there, in my absence, receive it until Saturday two days ago.

The college has applied for my detail and although it has not yet been ordered I have come here on leave and intend upon my duties, hoping that the matter may soon be arranged.

You said to Col. Clark more than I had expected or should have asked, but I trust that I shall by my labor fully prove the truth of your statements.

With much respect remain
respectfully yours

Sickness in the overflowed districts in Texas. As was anticipated, sickness is beginning to appear, and it is feared will prevail to an alarming extent in the valleys of Western Texas lately flooded with water. It is feared much suffering and many deaths will occur, especially among the Freed people, many of whom having literally lost their all, are sadly deficient in food and medicine.

The aid of the benevolent, and especially of the friends of the Freedmen Army, is earnestly invoked in behalf of the sufferers by overflow in Texas.
The Hon. D. D. Claiborne, Judge of Colorado County Court, in a letter published in the Houston Telegraph says:

The suffering (caused by the overflow) which is believed to be great and beyond present calculations will be most felt by the blacks.
From Colorado Citizens

Loss by Flood in the Colorado Valley, Texas

We have made an estimate of the amount of the destruction in Travis, Bastrop, Fayette, Colorado and Wharton Counties and from an estimate these were ($7,177) eighty thousand acres of land in cultivation that has been over-flueded, and the entire crop, thence, destroyed.

Of this land fifty thousand acres were in Cotton, which at a low estimate, would have made thirty thousand (30,000) bales, worth three million of dollars ($300,000), and twenty-five thousand (25,177) acres in Corn (500,000 bushels) worth three hundred thousand dollars making the total loss in crops alone three million, of three hundred thousand dollars. Loss in fences, stock etc. one million seven hundred thousand dollars. Making the total loss in five (5) counties about fifty million of dollars.

The aggregate loss in the other counties of Western Texas must nearly or quite equal that sum, making the entire loss in Texas, One Million of dollars.

Dear General,

I would esteem it an especial favor if you could make it convenient to take the stock now in the hands of Mr. Jos. E. Brown at Jay Cooke & Co. I am desirous of making a large payment this week to which the proceeds of said stock would materially assist. And if you can manage to furnish the requisite funds you will confer a great favor upon me.

Very truly your sincere friend,

Gentlemen,

Your letter of the 18th inst has been duly received. I beg to be excused for not replying immediately. I was sorry to hear you as they have given the consent. I think it would be better to make an arrangement to go to Washington and see you myself as I think a personal interview would do more to explain my situation to you better. Then I should by writing I have got furnished from my employers and I will be in Washington on Thursday 16th. I hope you are all enjoying all
the good health and pleasure of life I have but very truly please write before I came

Dear General:

Telegram just received. Would have answered your letter of 9th inst. before, but have been waiting for definite replies from two or three associations whose applications you sent to me.

Those fully determined upon are the following:

Fitchburg, Mass., Oct. 19th,
Boston, Oct. 20th,
Chelsea, Oct. 21st,
Woburn, Oct. 26th.

I have offered Plainfield, N.J., Oct. 28th, and New Brunswick, N.J., Oct. 29th, which, if accepted, will close the month. If either of these decline I can put Newark, N.J., in.
There will then remain of the last two weeks Friday the 22nd, Monday the 25th, and Wednesday the 27th, which I presume I may file if possible as otherwise it would be wasting time. Friday the 22nd or Monday the 25th I could stop at Newark, if both Plainfield and New Brunswick accept, but I suppose you would not care to go so far towards home and return again to Woodbridge on the 26th.

Awaiting any further instructions you may have to give, I remain

Very truly yours,

Chas. F. Maynard

P.S. I did not include Augusta, Oct. 7th in above, as you corresponded with them direct.
