

**Medical Department---Howard
University.**

We are in receipt of an illustrated prospectus of the Medical Department of the Howard University at Washington, D. C. This institution may be considered national in its character, having been nursed into existence by the General Government and no pains or expense have been spared to make it one of the first institutions in the land. The faculty is composed of well known, eminent medical professors, and the advantages offered to the student cannot be surpassed. The second course of lectures will commence on Wednesday Oct. 6th, and terminate the 1st March 1870.

The College and Hospital buildings with their grounds, consisting of about four acres, adjoin the University Park. The main College building is four stories in height, and is equal, if not superior in its style of architecture and facilities for the accommodation of medical students, to any of the first-class Medical Colleges. The lecture rooms are conveniently arranged, and will accommodate two hundred and forty students.

The Apparatus of the College and the material of the cabinets of the several chairs, have been selected with the greatest care. They are complete, and well arranged for an

ample illustration of the several branches taught.

Clinical instruction will be given in the Washington General Hospital and Asylum, situated within the grounds of the institution. Arrangements have been made for the admission of the students of the College, under proper restrictions, for the study of disease at the bed side. Surgical, and obstetrical cases will be seen by the classes under the supervision of the Professors, and operations will be performed in their presence in the amphitheatre.

The orphan asylum will afford ample opportunities for the study of the diseases of children.

The army medical museum of the United States, in this city, contains the most elaborate collection of surgical, pathological, anatomical, and microscopical specimens in the world. This museum is accessible to medical students, and furnishes them with facilities for medical and surgical instruction not found in any other city in this country.

Matriculation, to be paid on entering the College 85 00
Full Course of Lectures 135 00
Demonstrator, payable once 10 00
Graduation 30 00
Single ticket 20 00
Clinical instruction Free.

Arrangements have been made by the Trustees of the University to remit a part of the expenses of deserving indigent students, who will make known their circumstances to the Secretary of the Medical faculty.

Tickets for the course of lectures must be obtained from the Secretary.

county, within the past few days, whose object is to put down outlaws, desperadoes, &c. We have grave doubts as to the policy of organizing "Regulators." In any event we hope the necessity for them will soon pass away.

On the 18th inst. Warren Lawless, of Bell county, was arrested by the military at Waco on suspicion of having killed the freedom man Wilson, near Waco, in July, 1868. Mr. Lawless showed conclusively that he was not the lawless man he was accused of being, and as accordingly released.

The Register says the Waco city treasury is sound and has money to pay all just demands. The Register learns of a shooting affair which took place at Hillsboro on Monday week, between Mr. Morris, citizen, and Lewis, a transient person. Eleven shots were exchanged. Lewis was wounded in the arm, and a bystander, Mr. McNeight, a citizen, was accidentally wounded. The latter is a young man, is seriously hurt, and doubts entertained of his recovery.

A little daughter of A. J. Taylor, sq., of McKinney, was bitten on Thursday week by a ground rattle-snake. Curatives were administered at once, and she recovered.

One thousand dollars reward is offered for the arrest of B. F. Hammond, charged with the murder of Mr. J. M. Maxwell, at Calvert, Robertson county, Texas, 25th of June, 1869. The reward is offered by the military authorities.

The Georgetown Watchman of the 21st has information from Lieut. Warren, Commissioner at that place that Lieut. Hoffman, U. S. A., passed through en route for Austin a day or two ago and reported that one of the supposed murderers of Mr. Black had been captured and placed in confinement at Waco.

Office of the State Agricultural Society of Georgia,

Macon, Ga., Sept 11 1869.

S. 49. rec'd. 1869

The Executive Committee of the State Agricultural Society, have instructed me to invite you to attend the approaching Annual convention and Fair of the Society to be held in this city beginning Nov 1st.

Agent Chase Hamilton, who is expected will direct the meetings, President and Mayor of the following number of Congress, the principal General of the two latter ~~and~~ being almost, have been invited and asked to attend.

The pleasure of greeting many, like ourselves, will amply repay any cost or inconvenience. The Committee hope too that when you witness the influence upon people from all sections which must inevitably result from the grand spectacle of the exhibition of the too lately contumacious, after exchanging greetings with my fellowmen surrounded by all the implements of war, all the ~~the~~, your gratification will be as enhanced as the influence of the cause itself.

I trust you will be affinely informed of your business affairs place your letter more formal and important possibly.

If you will repeat your arrival in the City soon, you shall have every attention manifested in finding comfortable quarters.

General: - With many thanks I acknowledge the receipt of your kind letter to President Clark, in my behalf - dated August 25th.

Same sent to my address at Greenfield. I did not by all on sight there, in my absence, receive it until Saturday. Two days ago.

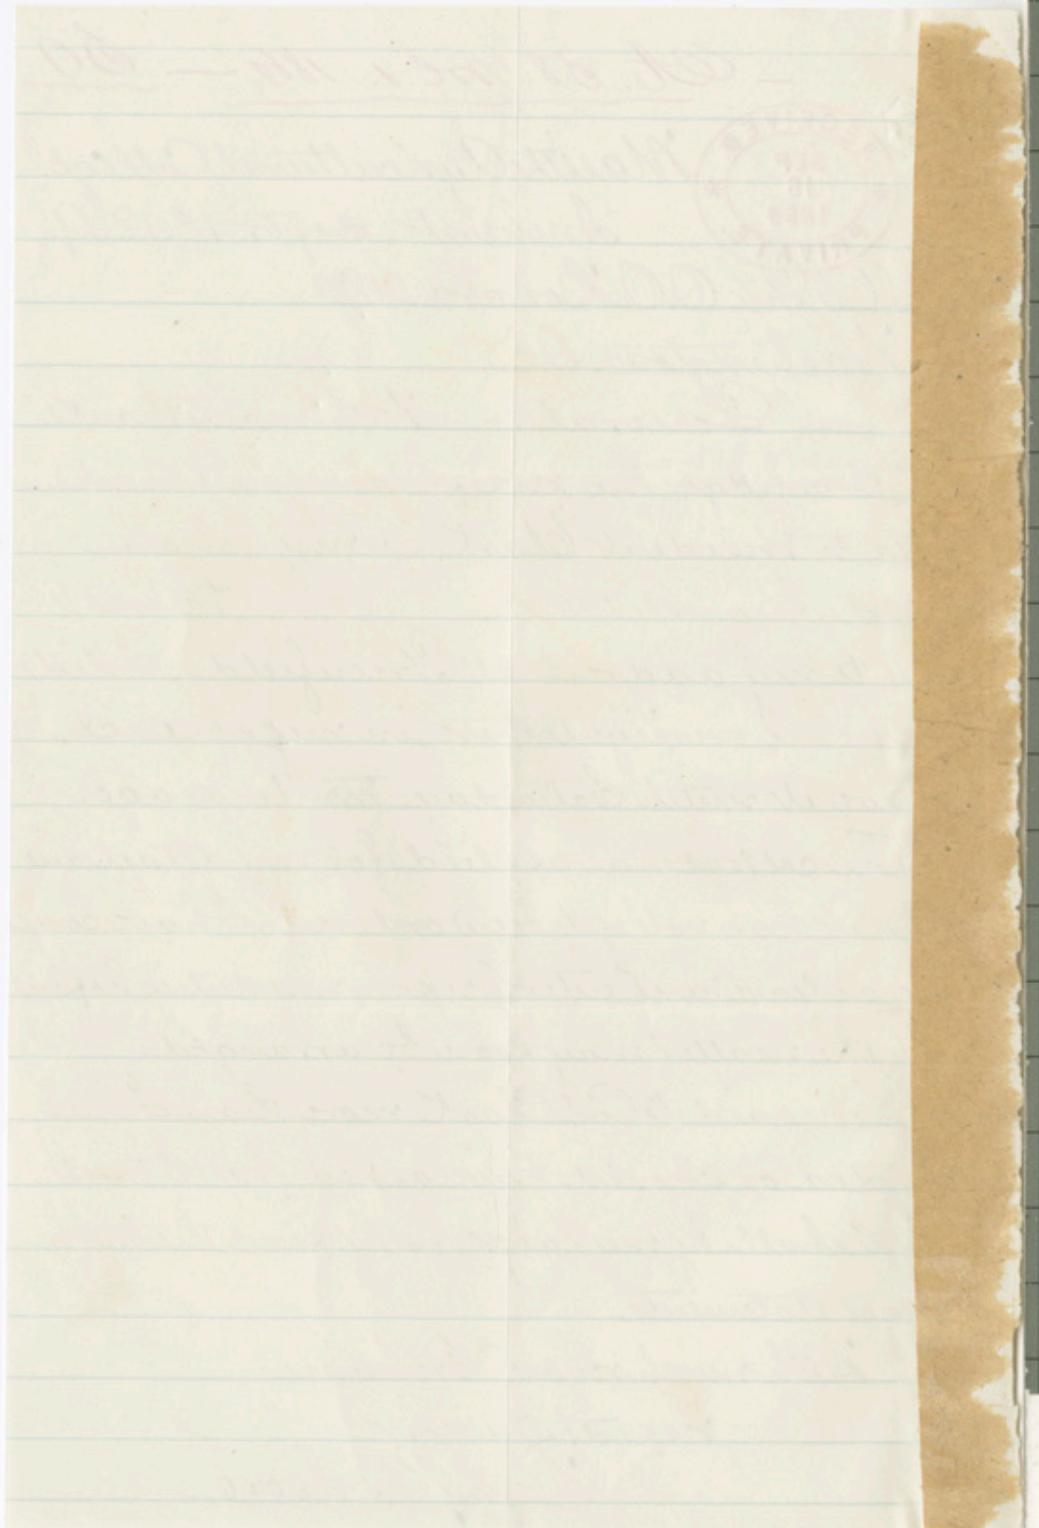

The college has applied for my detail and altho' it has not yet been ordered, I have come here on leave and intend upon my duties, hoping that the matter may soon be arranged.

You said to Col. Clark more than I had expected or should have asked. Well I trust that I shall, by my labor, fully prove the truth of your statements.

With much regard. I remain

respectfully yours.

Sickness in the overflowed districts in Texas,

As was anticipated, sickness is beginning to appear, and it is feared will prevail to an alarming extent in the valleys of Western Texas lately flooded with water. It is feared much suffering, and many deaths will occur, especially among the Freed= people, many of whom having literally lost their all, are sadly deficient in food and medicine.

The aid of the benevolent, and especially of the friends of the Freedmen every where, is earnestly implored in behalf of the sufferers by overflow in Texas,

The Hon D. D. Claiborne, Judge of Galveston County Court, in a letter published in the Houston Telegraph says;

The suffering (caused by the overflow) - which is believed to be great and beyond present calculations - will be most felt by the blacks.

not go into the details of
this paper, I would prefer to
leave that to another journal.
I am sure it will be well
done. I will send it to you
as soon as I have it ready.

From Colorado Citizen

Loss by Flood in the Colorado Valley (Texas)

We have made an estimate of the amount of the destruction in Travis, Bastrop, Fayette, Colorado and Wharton Counties, and from our estimate there were (80,000) eighty thousand acres of land in cultivation that has been over flooded, and the entire crops, therein, destroyed.

Of this land fifty thousand acres were in Cotton, which, at a low estimate, would have made thirty thousand (30,000) bales, worth three million of dollars (\$3,000,000), and twenty thousand (20,000) acres in Corn (500,000 bushels) worth three hundred thousand dollars - making the total loss in crops alone three million, & three hundred thousand dollars.

Loss in fencing, Stock &c &c one million seven hundred thousand dollars - making the total loss in five (5) counties about five million of dollars,

The aggregate loss in the other counties of Western Texas, must nearly or quite equal that sum - making the entire loss in Texas, ten million of dollars,

BROOKLYN, Sept. 13th, 1869.

Dear General:

Telegram just received. Would have answered your letter of 3rd inst. before, but have been waiting for definite replies from two or three associations whose applications you sent to me.

Those fully determined upon are the following:

Fitchburg, Mass., Oct. 19th.

Boston, " " 20th,

Chelsea, " " 21st,

Woburn, " " 26th.

I have offered Plainfield, N.J., Oct. 28th, and New Brunswick, N.J., Oct. 29th, which, if accepted, will close the month. If either of these decline I can put Newark, N.J., in.

There will then remain of
the last two weeks Friday
the 22nd, Monday the 25th,^{and}
Wednesday the 27th, which
presum^e I may fill if possible,
as otherwise it would be waste
time. Friday the 22nd or
Monday the 25th I could ^{fill} go
at Newark, if both Plainfield
and New Brunswick accept,
but I suppose you would ^{not} want
me to go so far towards
and return again to Hoboken
on the 26th.

Awaiting any further
instructions you may have ^{to}
give, I remain

Very truly yours
