Genl. O. O. Howard,

Dear Sir,

A young man with a family, in our employ, by the name of Solomon A. Nelke, a German by birth, says, at one time he was given orders in the Army—he speaks of you often in terms indicating more than ordinary respect—terms of affection. Mr. Nelke has been unfortunate in some respects. Before the war he was in trade with some parties, they got involved, and, as I am told, the others left him with the incumbrance. I understand he is free of that now. She is poor, has a wife, five children, wishes to get into trade. He thinks if he could see you he could get some assistance to start with. His habits are good. You know the rest about him. If he applies can you assist him?

Yours Truly, Mrs. Jordan, Sept. 1869.

Dear General:—I take the liberty of intruding myself upon your attention at this time, in a matter of interest to myself, trusting that your kind interest in my case will induce you to consider it favorable to me as an officer in the Adjutant-General's Department, in which there are some vacancies which cannot be filled until authorized by Congress, and this entirely

Dearest Sir,

Your kindness and friendship for me while with you in the Army encourages me to ask a favor. My former experience and training prepared me for the busy life of selling goods in a retail line but for the want of a little capital to do business with I am unable to continue, and now I turn to you for help as I would to my own Father (but such I have not to go to). The Superintendent here at Fort Wayne are willing to help me all the same to that end and if you can have confidence in my integrity and industry lending me money.

Dear Sir,

I believe Mr. Kimber in accordance with our wishes wrote to you proposing that we should preach in Washington on Sunday Monday to the Young Men's Christian Asp. which you kindly mentioned to us when we met in Wilmington Del. However since coming to this city we have found so many openings...
I have heard from you, fearing you were away from Washington. We have made engagements here for Sunday & Monday. I write this to prevent any mistake or disappointment as to the meetings. Henry Moorehouse & myself still hope that though we cannot go to Washington at present, we may yet have some meeting there on our return from the West, next Spring.

Very truly,

Maj. Genl.

I have been waiting for an opportunity to thank you personally for your kindness in helping me to a situation in the Interior Department. After I succeeded in presenting my letters to the Secretary there was no further trouble. I went to work in the Patent Office on the 1st of July. Salary $700. But we are encouraged to hope that the Salary will be raised when Congress meets.

The work is so constant during the week (we are not dismissed until 4 P.M.) that I find little time for other duties, and a visit to...
I like my situation; but, I find
it will leave me no time to work for
the poor as I hoped I could, and as I
have done here before.
I would like your last Report,
if you will be kind enough to keep
one for me until some time when
it is convenient to get. I will be much
obliged.

Although I have so long delay-
ed to express my thanks, I have
been more the less grateful for the kind-
ness you have done me. I am,

Very truly, Respectfully,

Julia A. Wilbur.

O S C. Howard

I enclose a bill for Freedman (white) Preacher. I think, in good faith, the money made by these good people will do good service for teachers in this country. The gentlemen whose names are appended are among the most respectable in the county — nearly all of them have been members of the church. Can you not see the value in various ways? — made by for Senate paragraph and for others.
