Dear Sir,

I have the pleasure to extend to you the hearty wishes of the office of Inspector of Patents. You have been the first to bring to light the importance of the subject. I am now to offer you my congratulations on the recent death of Mr. James B. West, and on the passing of the gentle influence of his generous and benevolent soul. His death is a loss to the state and to the country.

I have the honor to present to you the following instructions for the conduct of the office. They are intended to guide you in the discharge of your duties with fidelity and impartiality.

I am, sir, your obedient servant,

Dear friend,

Having been admitted as an Attorney and Counsellor of the Supreme Court of the United States, I will practice my profession and attend to business in all the courts as well as before the public departments as stated in the annexed printed circular.

Commencing business in a new sphere and yet in one whose essential principles are not new to me, I have some solicitude as to the result and yet if an unflagging industry and attention to the duties assumed are to be taken as guarantees of success, I think I may flatter myself that this solicitation for your patronage and influence will not be made in vain.

With great respect,
Your Old Friend,

MyDear Sir,

I reached this place on Wednesday Afternoon. Including being Thanksgiving Day prevented writing you, having to attend services in the forenoon. My first duty today is to address a line to my special friend at Washington. Even now I am sufficiently thankful for all your kindly care & attention. To me, however, are utterly inadequate to express all that I feel for your unrequiting conduct. To the measured draw away of time you, always my friend! I trust the papers have not yet reached you. Can they be sent without delay? I have this pleasure of guiding you about Wednesday and it's the beginning of a

Dear Sir,

The experience of the past summer has shown us that public temperance meetings are necessary to carry on the temperance work successfully, and Howard & Co. intend to keep them up during this winter, but as they cannot be held in the open air, as in summer, increased effort will have to be made to get audiences. We intend giving a series of free lectures during the winter, and to make them attractive and to get plenty of hearers, will attempt, to make them some...
what of a novelty, and secure
the attendance of those who
we probably could not other-
wise reach.

Dear General,

This will be handed to you by Mr. Magnierlot, who served faithfully during the war, is a person of excellent character, and was for some time a clerk in the War Department.

He is a first-rate penman, and writes French and English equally well. It occurred to me you might wish to secure such a person in connection with the coming Exposition.

B. Howard,

We are most happy to testify and report to the Young Men’s Christian Association of Washington, that we feel that Bro. Eads’ visit to this part of our city has proved the instrumentality of commencing a precious revival season in our midst, arousing Christians to activity and pointing sinners to the Savor of God, who taketh away the sins of the world. From the attendance and interest manifested
at the South Baptist Church last Sunday evening in the South Baptist and the crowded, earnest Union meeting held at the D. S. Dr. C. Church last evening.

where we remembered Bro. Carls and Washington, we have abundant reason to believe that the work is a genuine work of God's grace. We most earnestly pray that Bro. Carls' mission to the capital of our nation may prove effectual in bringing about such a revival of pure and undefiled religion there, that its influence may be felt throughout the world.

Pray for the rapid and healthy growth of our young Association and for the good.

Dear Sir,

If I am not mistaken I have heard that you do not sympathize with secret societies, especially masonry. My object in writing to you is to ascertain whether Chief Justice Chase is a Mason or an Odd Fellow. Until recently I had supposed that Chase was a mason, and am not entirely satisfied yet. I assure you Sir, of my sincerity in making this inquiry, and do not hesitate to declare myself a strong anti-mason. Please answer and be very respectfully yours,
