There is a quarrel going
about some Whiskey still
here belonging to Ohio &
Kentucky Distillers, and
I am ^{sure} I think, in some
way ~~the~~ ^{made} the victim
of that quarrel - I have
no interest in the matter,
direct or otherwise and
know nothing about it,
except what has been
published in the papers -

Mr Cole will tell more
about the matter as he
fully understands it.

Now my fear is that
my prospect for an other
position is ruined, if so I
want to know it, as I
must turn my attention

Dear Cousin

My duty to
my family compels me
to write you to do me a
favor - I have been in
the habit of keeping all
of my troubles to myself,
when, perhaps, if I had asked
the help of other my path
would have been much smoother.

About one year ago Senator
Cole had me appointed as
Gauger. When Senator Cole was here
in the fall he expressed a wish
to have me put in a better
position, which was very agreeable
to me. November 8 was removed
as Gauger. On the first of this
month J. O. Rawlin's Collection
of Internal Rev died, and

Mr Cole sent my name
with two others to the Commis-
sioner for collector. The names were
submitted to a Mr Fulton,
Supervisor, lately sent to this
State - Fulton telegraphs that neither
are fit persons to fill the
position and one has violated
the Law & is subject to prosecution.

Now when I was appointed,
at the request of the collector
and apofros kept here and
the other Gangey I went
into the office to do the
writing - This I have always
continued to do - I rec^d
notice of removal on the
evening of the 8th of Nov,
but at the request of the
collector & the Gangey I continued
to do my work to the
end of the month and
with their consent I signed

for my proportion of the
work - work done from the
1st to the 8th inclusive -

The Supervisor decides, say,
so I am told, that no
Gangey ought to receive pay
for any work unless done
with his own hands -

Of course I do not make
any pretense of having done
actual Gangey, for I was
constantly employed in the
office and by the express
wish of the collector -

The work of the office here
was done in common and
the fees equally divided
among the Gangey - all
standing alike -

The apofros has returned
to the Commissioner, the amount
of work paid for by me,
for Nov 282⁰⁰ dollars -

to something else -

What I wish you to do
is to go and see Senator
Cole and consult with him,
and if he thinks advisable,
assist him in obtaining the
position he has been intending
to secure for me -

If he advises to abandon
all idea of getting a
position, let me know as
soon as possible -

I have had a pretty hard
struggle the past few years,
and I had begun to think
I had found one easier
road and it is pretty hard
to have all ~~of~~ my hopes
destroyed so soon.

My family are pretty
well - the little boy has been
confined to the house some two
weeks with cold etc -

Dear Brother Oliver

I preached in Lowell last Sab. & came to Boston to have an Oculist examine & prescribe for Sadies eyes. I find he must have two pair of Spectacles precisely like a person of 40. or 45. So he can sympathize with Grace now. I start for home tomorrow. Sadies & I went out to see Guy today & spent about 2 hours with him. He is getting better of a sore throat. I asked Mr. Tyler if he had not better go home with us for Christmas and he thought it "would not be wise". He gave Guy a good name for scholarship & deportment. Gays room looks nicely with his books & pictures. as he has arranged them since his return. I converse & pray with him. He don't know as there is "any change" - "don't know that he is forgiven". He has had an excellent prayer meeting by themselves. numerous attend. ed & very spiritual. Mr. Lator spoke of it - and Guy, who went but took no part, said it was the best one yet. So the Term commences well spiritually. Guy thought he would soon be well of his sore throat. I have been trying to pray for him - now two questions -

(1) If the Freedmen's Bureau goes into the Educational Bureau or vice versa, will you be compensated probably?

(2) If you have charge of the ^(out of the way) Merced Fair - will not the place be a heavy burden for you to carry? and how will you succeed & not mix up with horse-racing & gambling especially as the President is so honest?

May me in Lowell spoke in the highest terms of your mission. Dr. Rankin.

If you want a good accountant for the Bureau (new) or Merced Fair, please to give Frank ^{Gilman} a high call - With love to Lizzie & children

Dear General-

I left Washington on Tuesday evening - 14th - & arrived here on Monday evening - 20th. In accordance with your suggestion I saw Genl. Schurz on Saturday evening, & on Monday morning he went with me to see the Secretary of War & asked for my appointment as Assistant Adjutant General. The Secretary said it would of course depend altogether on the action of Congress on the bill recommended - if it passed for the General to write him a private note on the subject. This the General told me he would do & would also go to see the Secretary again at that time. He was very kind indeed, & I think will do all he can in my favor. I think he has a great

deal of influence, but it will take all I can obtain to give me a chance of success. There will be great influence in other quarters, I know. Besides General Schurz, I shall have Governor Morton, whom I have known some time, in my favor. He says he will see the Secy. of War on the subject as soon as the bill passes. Osborne promises to do all he can, & I think I can rely on having Senators Scott & Cameron & Congressmen Schenck & Garfield. I should like very much to get Senator Wilson & Mr. Polaine interested in my favor. Would it be too much, General, if I were to ask you to speak to them on the subject? Do you not think it will be necessary to have some persons see the President & ask for the appointment? I suppose it would be well to work in both directions. As you know - I am very anxious to succeed, & I shall be under many obligations if you

will be kind enough to give me such advice as you may think necessary. I have thought my chances improved since 2^d Lieut. D. G. Swaine, 34th Infantry, was appointed Judge Advocate with the rank of Major. I think they will be much improved if I can be in Washington at the time & some time before - the appointments are to be made. You very kindly offered to apply for me for a duty which in any case would be very pleasant. I trust the action of Congress thus far is not an unfavorable omen of the fate of the bill. On its success I feel greatly depend on my own.

I hope to hear from you at your earliest convenience, General, and remain -

Can you let me see
a copy of your Report of the

where I can find my finger

where I can also get hold

same? also the rebel general

Libraries here but have not succeeded.
I think I told you I was writing
a lecture on the Battle of Gettysburg.

In an hour of course I cannot give
much detail. But as far as I go I
want to give an accurate account
of the general movements, and give
also credit where credit is due.

On the 2^d or 3^d days I and my Regt.
were detached from Steinwehr's Div.
or ordered to report to Gen. Ames.

He told me I recollect he wanted
me to help "keep his Dutch case
from running" - I did several, with
my revolver. Capt. C. E. Doty at
that time of Ames' Staff called

on me yesterday & reminded me that he served
with me those days. Says I was in Cannon and
of Ames' Brigade. (Ames' Commanding Div.) That I was
ordered over for the purpose and Ames told him so
or commanded it till Col. Noble (17th Iowa (Doty's Regt))
came in with 3^d day - but never being relieved the
day before. I do not remember any thing about this.
I recollect that I fought on my own hook & reported
directly to Ames & had some thing to do with the
Michigan line. So you remember what I was
ordered to Ames for, and whether I then actually
had command of any thing but my Regt. or if I do
now say I see General Order in his wrap under the
name "Harris" he was made Col. after Hancock's fall.
I hope I am not troubling you too much. Give Gen. Steinwehr
& Mr. Moore any talk about your story while in the memory of
July 1st & I find Steinwehr's report? At all events

Washington City,

Dear Sir

Inclosed find
the picture of my little Daughter
which you will see has a deformed
Mouth. She has arrived at the
proper age to have an operation
performed. I very much desire
to take her to some city where
I can procure some successful
operator in surgery. That I
may have her mouth fixed so
that it will not enquire her
looks when grown up to woman
hood I prefer taking her
to Philadelphia to have the

operation performed by
Pancoast. as he is said to
be the most successful opera-
tor. in America. and as I think
the operation will be a difficult
one. I havent the means to
take her any where. my circum-
stances in life are such that I
cannot secure the fixing of
my Childs mouth without
aid from some one.

Therefore I write you & send
the picture. hoping that you
will aid me in this great
desire of my heart. I thought
by writing to you, a Christian
man. (as I believe you to be
from the account you give
in your report of A Revival
of Religion in W. to the
Christian at Work) that you
would present my case to

your
Association and ask them
to give me something to
aid me in this thing
and if you did not succeed
there. to present it to some
influential member of congress
and ask him to aid me.
It will cost me about five
hundred (\$500) dollars to go
to Philadelphia & return
including the cost of board
& the operation or it will cost
me about \$300 to go to Nashville
Tennessee. Will you please
consider my case apply it to

My dear Friend,

Thy letter of the
14th did not reach me until
within the last two hours, having
been advertised before we got it.
I do most sincerely sympathize
with thee; in thy great and
multiplied cares, together with
the difficulties thou hadst to enco-
unter in procuring funds,
sufficient to meet expenses, but
the work is great and good, and
I believe is beheld by the All seeing
Eye, with the most divine and
benign approval. It is what
I have desired for many years,
but never expected to live to realize.
For our Country's good I rejoice.

in one way but in this great
work, I more than rejoice, as
thanksgiving and praise is con-
tinually in my heart, for the
wonderful deliverance of the 400,000
in whom we are both so deeply
interested. My efforts shall be
unceasing - not ^{only} in giving them
all the encouragement in my
power, in words of sympathy &
kind regards, but in procuring
funds, books, and clothing for
such of the inmates of the
Hospital, as may be required.
I have sent a large amount
to Josephine, who seems well
fitted to the work. She will do
this about the best for the moment.
I think I shall be able to pay
for them in advance, soon after
the 1st of the year. I had a long
letter from her today. She gave me

a very full account of the happy
day you had with the colored
people on Christmas Day, and of
the excellent words of comfort thou
spoke to them, all which rejoiced
my spirit. I have collected
quite a large number of Books,
them, until I had enough to fill
a sizable Box. I have some very
valuable Law, as well as Medical
Works - all of recent publication.
Last evening, our friend Judge
Pierce called on us - he sympa-
-thizes very fully with us in the
concern, but says, those of a more
late date, ^{than his} would be much better.
He says if thou wilt send me
a short notice relative to the
wants of the University, and I draw

GO YE THEREFORE AND **TEACH**; *** **TEACHING** THEM TO OBSERVE ALL THINGS WHATSOEVER I HAVE COMMANDED YOU.—MAT. 28: 19 & 20.

One person in every eight in the United States is of African descent. No denomination has so much at stake in these people as we have. Already since their emancipation they begin to vote and hold office; already they are selecting untought preachers and teachers from their own ranks, and the results are alarming.

Above all things they need truly pious and educated Pastors, Deacons, Superintendants, and Teachers trained up from their own Churches.

The Baptists have had under instruction during the past year, about 2000 of them, who give promise of becoming wise leaders. But what are these among four millions?

This Society and the Theological Institute are now one; and the united voice of the denomination is, that this work is urgent *beyond all others*.

Rev. Dr. J. W. Parker, speaking in Tremont Temple, Boston, of the present opportunity at the South, said: "Within five months, there should be \$50,000 in our Home Mission Treasury for the establishment and support of schools, and," he exclaimed with thrilling emphasis, "I know, I know there never was, since Christ hung on the cross of Calvary, such an opportunity. THERE HAS BEEN NO SUCH DAY."

Honored & Dear Sir: Our visit to you was not only agreeable but cheering. We thank you for the Christian & brotherly courtesy with which you received us. We all felt to sympathize with you when we came to understand that you have had 27 associations to deal with in carrying forward your grand ^{but perplexing} work in the South. Dr. Armitage (who by the way is the author of "Christian Union Real & Unreal", a copy of which I send you that you may know him better) said he would rejoice to put himself at your ~~service~~ disposal, by going with you to see Astor, Vanderbilt, Stewart & c in the interests of your noble University. Dr. Taylor & I would gladly do the same. We are unanimous in the opinion that you owe it to the Cause of Christ's little ones, who have so long been under the heel of the oppressor, to seek large aid towards your endowment from these millionaires.

Now, a few things concerning the aid you propose to render us. We thank you for the assurances you have given us for the future. But our chief men feel that it would be right that you should make some consideration in view of the past. Permit me to

(2)

State a few things as our brethren see them here.

1st We are told by those who claim to know, & who are not of our denomination, that \$25,000 were first given by the Bureau ^{to} one organization working at Nashville Tenn., & then, through strong pressure \$25,000 more to another organization at the same place. How much aid our school at that point, (now in the 5th ^{or 6th} year of its history) ^{has received,} your books will no doubt show.

2^d At New Orleans, we are told \$12,000. have been given to each of two Societies making \$24,000. in all. To us, you have given a pledge for \$7,000. for which we are truly grateful, & of which we hope to avail ourselves at no distant future day.

3^d At ^{or near} Jackson Miss. a large & fine property which cost \$15,000. & which, after your visit to our Rooms last Spring, we hoped to receive, went, to our great disappointment into the possession of another Society.

4th At Raleigh N. C., if we did not misunderstand you, the Bureau expended \$10,000. for the ~~expensive~~ building occupied by a Mr. Smith, while Mr. Supper, our faithful & untiring teacher, now in the 5th year of his service at that point

State a few things as our brethren see them
for.

1. We are told by those who claim to know, & who are
not of our denomination, that \$22,000 was paid for
the purchase of an organization working at
Lynn, & that, though they possess \$22,000
to another organization at the same place. How
did our school at that point come in the year of
the first year book sale we built there.

2. Dr. New Orleans, on our table \$1200. have been given
to each of the societies working \$2,000. in all. So
we have given a pledge for \$700. for which
we are very grateful, & of which we hope to avail
ourselves at no distant future day.

3. Dr. Jackson Miss. a large & fine property which
cost \$10,000. & which, after your will to our
last Spring, we hoped to receive, went to our
great disappointment into the possession of
another society.

4. Dr. Raleigh N.C. if we did not maintain
last year, the amount expended \$1200. for the
organization building occupied by our
while Mr. Sawyer, our faithful & untiring
was in the year of his service at that point.

has rec^d? all told ~~from~~ the Bureau but ²²¹
 \$25,000. At Charlotte, \$6000. Mr. Supper under-
 stands, have been granted, while an order for
 \$2500. for his thriving school, where as he says
 he needs room for 1200 pupils, has been sus-
 pended. { This you explained in part, & I have written to
 inquire whether the Smith property can be bought.

5th Several letters, now in hand from different
 places in the South, give us details of large aid
 granted by the Bureau to different Societies, which,
 if they are to be relied upon, intensify the dis-
 proportion above alluded to. These letters have
 come to us in every instance I think unsolicited.

Now, in view of this state of things,
 I make to you this private request, without bring-
 ing the matter publicly to the attention of our Board
 for further action:

1st That you grant us means to buy a Hotel
 property ^{at} Richmond, ^{va} for \$14000. Said to be worth at
 least \$20000. A few months hence we shall be left
 roofless at Richmond, with a school that is
 fully equal to Wycland Seminary, unless you
 grant us this aid.

2^d That you grant us \$5000. towards buying out
 Smith the Episcopalian at Raleigh, or if we

I have not yet seen the document but
 \$2500. At Charlotte, \$2500. Mr. Soper under
 stands, have been granted, while an order for
 \$2500 for his touring school, return on the day
 the order passed for 200 pupils, for whom
 \$2500. I suppose either the bank or the
 the several letters, now in hand from different
 places in the South, give us details of large aid
 granted by the Bureau to different societies, which
 I trust are to be relied upon, in carrying the dis-
 position above alluded to. These letters have
 come to us in very pleasant & thick quantities.
 Now, in view of this state of things,
 I would like to give this private request, without delay-
 ing the matter further, to the attention of our Board
 for further action.
 I think you grant to amount to say a little
 grant, Richmond for \$14000. said to be made at
 least \$20000. A few months have we still to go
 through at Richmond, with a school that is
 just equal to what our government, unless you
 grant in this aid.
 I think you grant us \$2000. I would like to
 Smith the expenditure of Raleigh, or the

prefer, towards building on land which our Board weeks ago voted to buy & are at this moment ready, with money in the treasury, to pay for.

3^d That you increase the pledge for N. Orleans from \$7000. to \$12000.

I am of the opinion that if you grant us these favors, cheerfully, & spontaneously, on the score of the past, leaving us to fulfil, as best we may, the conditions of yours of the 22^d inst., our brethren will not only be satisfied, but on the whole, pleased.

Your paper of the 22^d inst. given to Drs. Taylor Armitage & myself, is interpreted here, as only putting us on the same footing with all others for the future, making no reference to the past. You see the bearing.

Believe me, my bro.

Yours most truly

Dear Brother Oct

Mother was
very much pleased with
her Christmas letter and
the Stereoscopic views, as
indeed we all were.

Dad & I got home in
Season for the Christmas
Festival and we were all
kindly remembered by our
friends. It would be pleasant
to help settle Dr Rankin but
I suppose time & expense will
prevent my going even if
invited. I shall want
to talk & correspond with
him if his old people
will assist on my
being a "candidate" there.
How precious to hear of

Penral work in Washington!
Ella's Old Enemy dipepsia
has come back - otherwise
we are all well. Mother
wants to join Charles in
N.Y. Jan 12th & go to Chicago
then if she can get ready. How
much we shall miss her - till
she comes back with the
birds. Ella, Dadie, Otis
Grandma & Uncle Rowland,
all write in a Happy New
Year to Uncle Otis, Aunt Lizzie
Grace, Jamie, Chaney, Johnny
& the baby. I will write
you tomorrow - a friend of
mine unknown to you - a student
in Union Theol Sem. N.Y.
was delighted with your
address at the Dedication
of the Y.M.C.A. rooms - Please
remember us to Geo

& Mrs. Abott & Dr. Rankin - I wish we
had some presents - but just as mine
box is sent - Thank you to you for this
unforgettable gift! "I am the year rose
around! You soon will see the
king in his reign" & "Rehearse the dance
when it starts off"
Good luck on feet to Thomas see
