Dear Brother:

I today forward with accompanying letter of my own, an application for \$2000 for Strieth University -

On a previous application from Mason you expressed "suspended for the present" It seemed a pity to have work stop & so he advanced money - some \$1427. — Now there is needed another \$1500 as I requested from New York -

The Legislature has devoted some \$34,000 to the Law & Medical departments & the Institution is sure to do well. Can the money be better expended than in

Al. 27. O. O. H. Vol. 1. 187 (1-2)

giving the finishing touch  
to the building we have  
attempted to erect?

My great desire is  
that the Bureau leave  
substantial marks of its  
beneficence in the shape  
of a Normal School or  
a University with Normal  
Department in each of the  
South Western States for which  
I feel particularly responsible.

Comparatively little has  
been done in this direction for  
Arkansas, Miss. La. & Texas.

Can we not secure the  
desirable end before it  
is too late? — We are ready  
to operate at Pine Bluff; <sup>(Ark.)</sup> at  
Fugaloo (Miss.) (already under way),  
at New Orleans (Strayt University),  
and at Houston (Texas). If  
there is chance of immediate (within  
few weeks) change of administration

Why will you not place these institutions on a good footing as their merits and the comparative receipts (of Bureau bounty) of those states warrant.

Your own experience has taught you how much there will be needed from a. m. a. & every other available source after you (the Bureau) has done all possible.

Please let me hear from you that I may know what to count upon and how much <sup>work</sup> to lay out for teachers. I will visit those points in person if you desire - to supervise more closely the expenditure - Affectionately

There is one thing I want to do if it can be brot about without too much trouble

I want an opportunity before an intelligent audience to discuss the aspects and prospects of the Carbons

I have this Constitution and all the latest information and am urged by them frequently to seek or make an occasion to bring their cause more directly before our people

I never sought an occasion in the world to speak but I want to speak for these worthy ~~freedom~~ Patriots

My highly valued friend  
O. O. Howard.

Thy note of the 5th inst  
did not reach me, until yester  
morn, just as I was about to  
leave Washington, for Philadelphia  
having been spending some time  
in your City - where I rec'd the  
letter. I had intended calling on  
the soon after my arrival, but  
being informed by one of the Agents,  
that they came down to the Capital  
every day, and would call on me,  
if they knew I was there. I should  
have sent a note with my picture  
to deliver to her, but he said there  
was no need of it - he would give  
all the information himself.

T. 14. O. O. H. Vol. 1. 1870.

I therefore deferred it expecting  
every day to see thee; at least  
left unexpectedly. The Boy refer-  
-ed to was sent more than  
two weeks since, rightly directed  
and must now be at the Depot  
where we send all I. S. Griffings.

Please send again to the same  
place as it must be there. Some  
one of thy family may have  
procured it without thy knowledge.

Please inform if rec'd, as we  
have the Bill of Lading here, and  
will look into it if not. I may be  
in Washington again soon, and  
hope to see thee at that time.

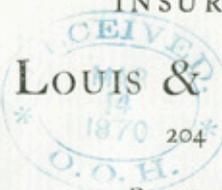

Thy self sacrificing efforts, are  
the admiration of all, whom I  
have ever heard speak of thee.

My prayers are for thee on  
all occasions, and may the  
Divine Arm encircle thee, as

thou encirclest the four  
millions of neglected ones,  
as well as the friend of human  
kind. Love to thy Wife, whom  
I hope to know sometime person-  
ally - also from my husband to  
you both, and believe me

Attached R. W. M. Howard.

Organized in the interest of the United States Army—aids officers and chaplains in caring for the moral, intellectual and religious wants of the troops by assisting in the opening of reading-rooms, and the establishment of libraries. Sends supplies of secular and christian reading to all military posts.

Since the breaking up of the "U. S. Christian Commission" in 1865, the soldiers of the regular army—comprising many thousands of active and intelligent men—have been quite destitute of moral and religious care; yet the army of to-day stands in exactly the same need of intellectual and moral pabulum, as did the members of our volunteer forces in 1861.

It will be admitted, by every thinking mind, that nothing can be more important, or more absolutely necessary at each station where any considerable number of men are congregated, than some means of employing, profitably, the vacant hours of the soldiers; to occupy, or even to amuse the great multitude, may well be regarded by the philanthropist, the statesmen, and the moralist as of transcendent importance. All history teaches this lesson. A library and reading-room is, therefore, a powerful means of preserving order and morality, and keeping the men from contracting ruinous habits, not to speak of the weary hours beguiled and softened by such means.

A majority of the posts of the army are altogether remote from the advantages usual to civil life, and present strong claims upon the sympathy and practical benevolence of the country. The duty of contributing to the comfort and entertainment of those upholding our flag on the desolate and destitute frontier is self-evident. Those, therefore, who have any interest in the discipline and intelligence of our army can in no way more signally accomplish their aim, than by lending their influence and means to this Association.
