Jan. 20. J. T. to his son J. W. T. ¹⁹³
I am moved very much in favour
of Cadet Smith and if it is in your
power to visit him and interest
yourself in his behalf it will gratify
me. I want him to be rescued
of any sympathy and aid, pecuniary
or otherwise for his relief from his
present persecution. His wrongs
must be righted at West Point, and
then I advise him to leave there and
enter Amherst College or Williams,
at my charge, and go through a
regular course of instruction.
If he is pious, West Point is a
dangerous place for him, and altho'
I would not interfere with his
Connecticut friends, improperly, if you
think best you may intimate the
probability of his having an education
at Amherst or Williams College if
he is not bound to follow the
advice of his friends -

Gen. O. O. Howard:

Dear Sir: Two years
since, you very kindly ac-
ceded to my request, & for-
warded a note to Mr. John-
son, then our minister to
England. The note reached
its destination promptly &
brought a reply which af-
forded us peculiar grati-
fication at the time, & which
is a singular solace but
now in our present great
affliction - the loss of
~~our~~ little Julia, the young-

est of our two daughters.

Should we ever meet,
I am sure you would
be much interested to
learn the purport of
these little notes.

I hope it
may not too much
inconvenience you to
hand the enclosed to
Gen Schuck before his
departure for England,
with the assurance (from
your acquaintance with us)
that the request I make
of him is one he need
not hesitate to comply with.

Respectfully & Gratefully Yours
A. Ballard,
Pastor, Arlington, Ch.

Major Gen. O. O. Howard, U. S. A.,
Dear Sir;

In reply to your favor I
would say Major Nicodemus is an earnest
Catholic. He has always attended our morning
prayers & has never obstructed his religious
views on us; yet he is devoted to his church.

I am greatly obliged to you for your
efforts to keep him in the Army.

You are undoubtedly aware of the
determination of the Congregationalists in
Indiana to establish a Classical School
in that State in aid of Bowdoin Coll. & that
Lambton is spoken of as the place. In com-
mon with many alumni I greatly
regret that that place is selected. It is a
manufacturing place; it is under the
shadow of another college which may
with its new fresh life draw away many
of its graduates. The school should be

west of Bowdoin to draw students from that
quarter & near enough to enable the students
to form acquaintances with Bowdoin &
easily accessible well parts of the state.
I have taught in Yarmouth &
Anson & have no special interest in
any one place. The quiet the beautiful
location, the beautiful island scenery,
fresh & salt water for bathing & boating,
accessibility, the vicinity to Bowdoin
Yarmouth, it certainly seems to me that
that is the place. But Bowdoin is
not managed by student men & is distant
I fear to add another to her number.
I wish in her acceptance this ever
could be avoided. There is a strong pre-
sential reason in favor of Yarmouth
which I wish could be made known.

Very truly

Yours

George Woods

Dear Sir.

There is a proposition
to purchase sq. 115.-belonging to some school
fund. & pay for it in the bonds of the
Seneca Stone Co: Mr Baker says it's
designed to apply the proceeds of the
sale of this sq. to the founding of a

the kind of pay received will have

What would you say to this proposition?

Gen. O.O. Howard,
Washington,

Dear Sir,

I avail myself of
my former personal acquaintance
with you to commend to your
confidence A. E. Douglass, Esq. of
New York, the V. Pres. of the Hazard
Powder Compy, who will present
this note to you.

In regard to the particular
business about which he

1871

will confer with you I need
only assure you that you can
rely entirely upon the facts
which he will lay before you.
But I will add, that being
myself a stockholder & Director
of the Harvard Powder Co., now
and for the last fifteen years, it
is within my own knowledge that
our case in relation to the prop-
erty at Memphis is most
just & equitable. We think
we, as a company, suffered
enough from the Rebels without

having now to be put in peril of
further loss by our own government.
By seizure of our stock of powder,
by the Rebel states, we made a
square dead loss of \$150,000, of
which quite a portion was by seiz-
ure of our powder at this same
Memphis.

I cordially & confidently com-
mend our case to your con-
sideration & ask for the full
hearing of Mr Douglass.

I am, with great respect,
Your obt serv,
Alex. H. Bullock

D. Sir

I have this day Executed 152 Deeds in fee on
Bany farm Subdivisions - making 482 in all -
I respectfully submit to you that while Every body Else (but the Trustees)
has made more or less money out of this long drawn out transactions or
Series of transactions - I am now too poor a man (I owe too much money,
which I am unable to pay, to ^{nothing} Gen Ballacks) to be willing to sign or execute
any more Deeds without the just consideration which my regard for the (sup-
posed) interests of the Colored people has heretofore prevented me from claiming.
I further respectfully submit that these deeds (482) have been sent or brought to
me without explanation in any case as to facts - name of grantee - objects or
amounts involved - being (almost) invariably perfectly blank documents - and
to such an extent that I cannot help feeling that the Common Courtesy
due to a Co-trustee has been ignored.

Major Genl O. O. Howard

Your note of yesterday is
rec^d - I know of no reason to doubt both
the honesty and the judicious management of the
Hospital in your charge. I will advise the
appropriation you ask for it, except only
that I am not fully satisfied whether
rents should be paid or not.

My personal observation in the hospital
satisfied me of the necessity of supporting
it & I did not get any the least
unfavorable impression from the one instance
of the woman you refer to as I suppose
you must have some able bodied persons
but your letter gives evidence of still
greater reasoning than I expected.

With assurance of my personal
& friendly regard

I have the honor to be

Respectfully &
