Mr. Welch

My Agent will hand you this.

What can arrange matters you
make with him in regard to my
business will be satisfactory
to one

Very sincerely

Mrs. Beth
My dear Sir,

I wish to inform you that the salary of Mr. Verbeck will be from $2,500 to $3,600 a year, and a house is to be provided.

This is the matter I had the opportunity to mention to you at Philadelphia. Since then I have been constantly busy, and have been unable to write to you about the matter. I have been thinking of attending to other matters first.

The work can be very much obviated to you by any assistance you can render in this business.

I think a wise and proper man assuming this position would have much to offer in relation to this matter. I am glad that he has taken it.

Please let me know when you can do, or would desire to do so.

Respectfully yours,

Julius L. Seiberling.
in that country. By his request we have sent gentlemen to take places in the College, and have engaged one or two to go to the Province of Althe.

Through him, and through Mr. Kraszewski, Saburo, the attendant in this country for two or three years, we have a request to find a gentleman to go to the Academy of the Sciences of Higo.

Mr. Tschuck writes:

"I wish a gentleman teacher of English, the Sciences, if possible, an E. military man, who may act as a resident—Hence the necessary movement for the Prince of Higo's School. Contracts: 3 years, $2500, or $3000 per month & a house. He will receive $400 on arrival for travelling expenses."
My dear Otis,

It is necessary for me to obtain the signature and acknowledgment of the within firm of Alls from W.H. Merrick whose whereabouts I do not know except that I believe he is still in Texas with his regiment. If not too much trouble you start the document on his touch or advise me how to go about it.

With regards to your years,

I am,

Very truly,

W.H. Merrick

Dear Sir:

Yours of the 28th, accepting on
behalf of the University of the proposal
of the Ex. Comitee of the Munier Fund, is

A meeting of the Comitee will be held
on Tuesday evening next, when your accept-

views of his ilness as to whether the
position offered him will probably
be ascertained.

You ask for a copy of our
proposition. I regret to say that I
am unable now to lay my hands
upon the copy I retained; it is pos-
while I put it in the hands of Mr. Baker. If not, I think I can readily re-produce them from memory, and will send a copy as soon as I have opportunity to confer with the other members of the Committee.

Very respectfully,

Your ob. serv.

My dear Sir,

Permit me to introduce my valued friend, Prof. W. M. Bartow, of the Bangor Theological Seminary, who visits Washington for a few days. Any civility you may be able to show him, will be duly appreciated by your friend and

To Major General C. D. Howard,

Dear Sir,

I am deeply obliged to you for your kind and amiable response to my letter, and through you I was not able to obtain my wishes. I sincerely assure you that your kindness so consoles me deeply, and makes me quite as grateful to you as if it had been in your power to do more. I was delighted to hear from you and know to meet you at no very distant period. Having experienced your friendly attention in the past some day, it may serve to interest you in an other matter, in the mean time let me assure you again of my warmest gratitude for your services.
Resent me to your brother, and with affectionate regards believe me as ever

Dear General

From a time years ago, I was present by invitation, at some tests of the strength of the building blocks taken from the Harvard Institute, Washington, after some alleged failure in the strength of parts of the building.

An army surgeon I think, but whose name has escaped my memory, had charge of the test, & I understood intended to submit to yourself, or some other official at Washington, a report of his trials. I want to get hold of that report, and will consider it a favor if you can put me in the way of doing it.

If you cannot supply the information yourself, perhaps you can forward this letter so that the results
will be accomplished.

Sir,

I called to see you this morning, upon the subject brought to your notice by the wife of the colored man, Marshall, who is in jail in Alexandria. It is to your much that you are not in. I have this to ask you to give the matter your immediate attention. There is no prospect for his release. The case is a serious one, as the Court of Appeals is now in session at Richmond, & the case necessary to carry the case up can be waived, his release can be effected upon bail, until action upon by the Court at Richmond.

Very truly yours,

P. Pendleton
