My Dear Grandson,

Upon my return to town, I found myself suddenly in need of some immediate assistance in the business. I have a great deal of paper to sign. Do you have any spare time for the next few days? I need to fill out some forms and sign documents. Thank you very much.

I hope you are well. I've been thinking about you often. Please keep me updated on your progress.

Very truly yours,

A. B. Tupper

P.S. My compliments to your family.

My dear sir,

While in New York my nephew, who is a student at Howard University, called me concerning schools for the education of young men of the color class. These youths have not yet been sent to France but the Consul thinks that many will hereafter be sent to the United States.

I recommended the Howard University but did not fully explain the plan of the Institution. Will you do me the favor to send a prospectus and also send 20 copies to:

Charles A. Fisk
30 Front St.
New York.
He will forward this prospect

Should you deem it important
to give them further information,
please do so and retain
your kind

Dear Sir,

You will please inform me why the charge against Barns and Ken. Turon at the Government Bank in this city has been dropped. You wrote me in June that you would send the best officer you had to investigate the matter. I expect that the matter has been influenced by letter and if so will you let me know who from and how they explained the complaint I made against Ken. of the Bank in the truth and I can prove the same to the Judge.

Any authority do not investigate the matter I will have it done if they explain the case by letter. I should think that my statement was made as much credit as those if not at much trouble. Please answer this letter and you will reach only a old soldier. Hoping that I am not troubling...
Yun, June 7th, how are you? I want to thank you for... and cannot have it if justice was done. The result is all just.

With Deep Respect, I Remain

Dear Mr. Howard:

You will remember that I asked your advice as to what to do next year. How can I trouble you again? Can you tell me if any chain of instruction that I can fill—not too small, for it is too big to comprise, nor too large, for it is worse to be as a bean in a barrel. Either I will not do.

I want some position where I can do good, make some money, and grow myself. Are there such?

Trusting you are better in health than when we last spoke, in Detroit.

Very respectfully,

T. Riggs.

Sincerely,

Dear Mr. Howard:

We are arranging for a formal public opening of our new Normal & High School on Friday, June 28th inst. and very much desire your presence, and an address of from 25 to 30 minutes length. This was arranged in the beginning, and I only learned of MissBondy's return that you had failed to receive the invitation extended at the same time that Prof. Langston's was. Prof. L. is to speak about 25 or 30 minutes. Mr. Grookburn and myself were briefly...
and probably some others
more briefly still.
I hope you will reply
at once and favorably.

Very truly,

A.M. [illegible]

Sir:

You are cordially invited to attend the meetings and take part in the proceedings of the National Academy of Sciences, at its annual Session, commencing on Tuesday, April 18th, at 4 o'clock, P. M., in the west wing of the Smithsonian Institution.

so low as to leave me nothing after costs of sale & are paid, whereby I should lose about 1200 dollars and myself and family be left destitute. You mentioned the Freedman Bank may advance the money about 1800 dollars at 10 per cent, and I should feel much obliged if you would bring the matter before the Committee - I shall have ample crops on the farm to pay the interest, but as it is a salable farm and I am anxious to sell, no doubt a purchaser could be found in course of this summer, so as to pay the bank and leave me nearly all what I have expended there.

Should the Bank however not be willing to make the advance I would respectfully ask

To General O. C. Howard

I trust you will excuse the liberty I take of again bringing my name under your notice, but my friend Mr. F. Rollins (who was kind enough to introduce me to you about 10 days ago in reference to my farm in Virginia when your kindly gave us a note to Mr. Hall Real Estate agent) has advised me to do so. I fear Mr. Hall will be unable to sell the farm in time to prevent a forced sale under deed of trust, when I doubt it will sell...
your kind interference on my behalf for a situation— I am an accountant by profession and am thoroughly acquainted with figures and can I know make myself useful in that or any other way where an educated man was required.

The Rev. J. Rankin has kindly interested himself on my behalf but I know the difficulty there is in a stranger getting employment, but I should be very grateful for something to do even at a small salary and trust that the fact of my having a wife and 6 children dependant upon me will be an excuse and apology for again troubling you—

Yours most obediently
