Dear Father

I arrived here
this morning safely
but found that my
boxes had not arrived as
yet. I met Selmes Saturday
morning. Mr. Ned Gorder,
Selmes & I stopped at the
Merchant's Hotel. Sunday
morning, we went to
church with Ned's brother
Chamney, who is in
the U.S. Custom House.
Mr. Selmes was in New
York and I had quite a long
talk with her. He is about
fifty years old; she says that
she intends to stop at New

Having some time this
fall. I have not yet
called on any one,
and have not met any
of the rest of our class
yet. As this is just a
note to let you know
that I have arrived
I will close & go to dinner.

Your affectionate son
Wrightson

In confidence.

Washington D.C.
Sept. 11th 1871.

Genl O. O. Howard,

My Dear Brother;

I received your note of the 8th inst. and in reply would say that I think your remark in regard to the words used in my son's application to Judge Edmunds for a Clerkship, is correct, and he has written another one which I enclose herewith and which, I am sure is without objection. Will you please present it to Judge Edmunds at your earliest convenience, and with that almost unbounded influence, which you can exert in such a case as this, I cannot doubt your success. I will only repeat my pecuniary necessity is just what I wrote you before, and I know that I have only to appeal to your great Christian heart, to receive such aid as you can now give (over)

As it regards my Spiritual necessities
Christ will supply, and although I have
seen many dark Clouds pass over my head
during the past year or two, yet I have never
doubted my final triumph in Christ Jesus
-my only hope. Now General I want to say
that I am glad that the Church is going to
review that Mock trial I had in the so-
called "Court of Justice" and although there
are some in the Church who have an unjust
prejudice against me, I feel confident that
I will be able on that occasion to show to
all who exercise the "Charity of the Gospel," that
I have been greatly wronged and Slandered by
Boymton Harris & Co., and that I was neither
justly nor ably supported in the said Court
trial. I think now that I can at least see
the beginning of the end of my troubles in this
matter, let it be decided as it may in the
Church. May God speed the truth & right.
Very affectionately Yours

Dear General.

In writing to you in behalf of the republican party, of which you are so conspicuous a member, I feel assured from my long personal acquaintance with you, that you will give to my letter such attention as its merits may claim, and me credit for having the best interests of the party and administration at heart. There is, by a faction who are desirous of eliminating from office, all who are not reformed rebels, a heavy pressure being made to have removed from the office of Post-Master here, Mr Sears, a son of Dr Sears, and the substitution in his stead of one John. A. Carman, ex-rebel Quartermaster of "Stonewall" Jackson. A man, whose republicanism is as mythical as the philosopher's stone. Whose war record is characterized by the most embittered feelings, who from amid the flames of Chambersburg, laden his wagons with private goods rifled from stores, and stocked a store with their contents in

Lexington Va. Who since the war and his professed
arousal of republican sentiments, exercised his private
hatred on a colored youth, to the extent of beating him
with a stick over an inch thick, till he was one mass
of bruises; this in the face of the fact, that the youth
was at the time proven to be innocent of the charge
alleged against him. The records of the Freedman's
Bureau, will substantiate this.

In this his native County, I have made a careful
investigation into his status, and find, out of the
vast number who have known him, either personally
or by reputation all their lives, he cannot possibly
command the respect of one hundred men, irrespective of
color or party. They have no belief in the sincerity
of his professions, and avow that were opportunity
offered he would tomorrow place every colored person
in closer bondage than they are now. That
should rebellion be again kindled, he would
be among the first to take up arms against the
Government whose patronage he now wishes to
enjoy. Did I believe this man, could advance
a little, the interests of the party, that his
appointment to office would not lose twenty
votes, where it would gain one, I would not

make this appeal, asking you to aid in
preventing such an outrage being perpetrated upon
the loyal and republican Citizens of this
County. And I assure you, upon the honor
of a loyal Graduate, that what I have here
set forth is I believe true in every partic-
ular.

With much respect, Yours Truly,

are to be driven into the streets
to morrow. Maj. Richards will

give his opinion of the present system. Mr. Morris of the Chronicle and other citizens will speak briefly, and I shall represent the Woman's Club.

Once I stand by Dr. Boynton when I thought - he was right, now I ask all the angels to help me oppose him when I know he is wrong.

My husband has told me that you understood us and appreciated our motives then and afterwards.

Dear Sir,

Permit me
to commend to your favorable
consideration William Lynch

I am not personally acquainted
with William, but am advised
he is of good habits and capacity
for his age.

For many years I have been
acquainted with his Father Mr
Isaac Lynch, who although one
of the best men I have ever known
has had a hard struggle in the great
battles of life, he is now a black in

The Treasury Department at a salary
of \$1400, and unable to give
his son that advantage of acquir-
ing an Education which he and
his son desire, and if in some
way he could secure some place
for his son, it would give him
an opportunity to educate him-
self.

Mr Isaac Lynch was at one
time the Secretary of the President
and his personal friend.

Dear Sir

You will

I have a Son and

I have a particular pride in that direction.
But you will excuse me in that remark, &c
I find my Boy and Girl too far advanced
in the English Branches, "having had some advance
ages in the North before I came here with them"
for the students in schools here, they are con-
tinually being turned back to keep classes,
this to some extent discourages them, and of
course they are not advancing any in their
studies. The only remedy is to send them where
higher branches are being taught. I now wish
to state the facts. I have seven children
