Kind Sir;

Regret to inform you that I am very much exhausted on account of the continued hard work I have been obliged to perform for want of proper assistance and am compelled to ask to be excused from preparing my school for examination at the close of the present term. I was unable to hear my recitations yesterday and cannot hear them today though

I shall have the care of the

My dear Gen.

I reached here
on the 7th inst via Camp Apache
I th^d Indians both here & at
Apache clamorous for the
farming implements & the
other necessaries for cultivating
the soil, which they say you
promised them, the Agents at
both these places say they have
written to Dr. Beadle on the
subject but caught no response
of course you appreciate the
the importance of these Indians
having all these things promised
them by planting time, for if
they were to ~~live~~ around
Camp another year, they will
become so demoralized

that if it didn't be of
little use putting them
at farming after that.
I promised returning to
write you & urge that these
things be sent at once.
I don't think Dr. Benwell
has made any provisions
for these Indians to cultivate
the soil or at least 3 cases

Gen. O.O. Howard.

Dear General;

I ought to say that I have not been yet able to find the Evans' letter which I was so sure I had safely at hand. I gave you the substance of it. The letter was short and simply said that he had learned that deeds were still being given with his name as one of the trustees, that "on advice" he should contest every deed given after certain date - which was evidently about the time he left Washington. That he had "signed over 300 deeds in blank at your instance". That he should contest these in the interests of poor colored men who were being or might be swindled by Christianity. "I mean Howard Christianity." This last quotation shows the animus of the Epistle. The whole spirit was simply threatening; the bark of a dog that won't bite! If we had been engaged in a dishonest scheme and were defrauding any one at Barry Farm we might have some cause for anxiety - but I see no reason for

TO THE

the last alarm. Of course the error was
in having such a man on the Board but it
could not very well be helped for when
first knew him few men in Washington or
elsewhere. — It cannot be helped now. The
deeds signed by him before a Justice of the Peace
they are legal and he is the last man who
can there in question. I have seen the
this thing was coming for more than a year
and have long had my mind settled on
subject. My own idea now is that the
best course to pursue would be to give up
all the deeds he has signed and then to
possibly secure his signature to a deed
all undivided lots to Howard University.
This would close up the whole concern without
complication. If a new trustee is
appointed every point that can bear upon
the legal questions of the trust will have to
be discussed and publicly agitated.

OFFICE OF
JOHN A. COLE,

Civil Engineer and Land Surveyor,

Nos. 9 and 10 Federal Block, Cor. 7th and F Sts.

Washington, D.C.

This, instead of settling public opinion would
insult the minds of the property holders which
are very easily inflamed. I think if you
will bring your power to bear upon this one point
of inducing Elouars to continue a Master just
as he consented to be when he went away, for
he understood the whole matter thoroughly then,
it will be best for all concerned, and I believe
you can do it. What interest can he possibly
have for making trouble in the way he threatens?
I can see none. He is a 'dare head'. He has
failed when others have succeeded. He has
played the part of a ^(perhaps) Knave, when others have
been true and he feels envy about it. I think
this is all. I think if you would write him
that you want to have a full meeting of the
Board to close up affairs and arise offer to pay
his expenses one and back - and perhaps for the
loss of his time when here - it would bring him

George C. John A. Cole

and be all right every way.

So much for Edward - I hope I may
find the letter ~~in~~ ⁱⁿ my box.

Today I have received from Mr. Robins
two letters from Mr. Douglas to yourself, respecting
the purchase of the School house and lot at
Barry Town.

The property was sold and paid for
and deeded in your absence. There were
no reasons in the world that I was then
am now aware of why he should have
the property for one dollar less than he

He claimed a sort of promise from you
^{I am sure} which you never made. This was always
the most approved method of dealing with
me. - to fasten upon some sort of rem-
ainder which you may have made and then have
a claim upon it. Both yourself and
Mr. Penning signed a paper authorizing
to sell the property for not less than \$300.
As the Agent of those School funds I shall

JOHN A. COLE,

Civil Engineer and Land Surveyor,

Nos. 9 and 10 Federal Block, Cor. 7th and F Sts.

Washington, D. C.

have done wrong had I let him have that property at his own price. I had the lumber appraised and then sold him the lot, fence, and buildings which cost not less than \$2500. for 500.! Since the first price was put upon that lot and house for school purposes very expensive improvements have been made and I consider that Mr. Douglass greatly misrepresents facts when he claims that that property was ever offered him for \$300.- Still I do not care to say more. I have done my duty in the matter I feel and now if the Trustee see fit to give him back a part of that purchased money I do not know as it is any concern of mine. And yet I cannot but feel hurt when my motives are impugned and my arrangements reversed without a hearing.

But I have said enough and perhaps too much upon this point. I know you will do what seems to be right and that is enough.

Now as to the office of Agent & Receiver, I think

that as you and Mr. Murray are both in
it would be best to accept my resignation
and appoint ^{John A. Coffey} my successor. If necessary
^{John A. Coffey} may be ^{John A. Coffey} appointed.

at any time I will go on to W. but I
think this will be ~~important~~ as Mr. Robin-
son has a thorough knowledge of everything -
if information was needed upon any point
I could give it by letter. —

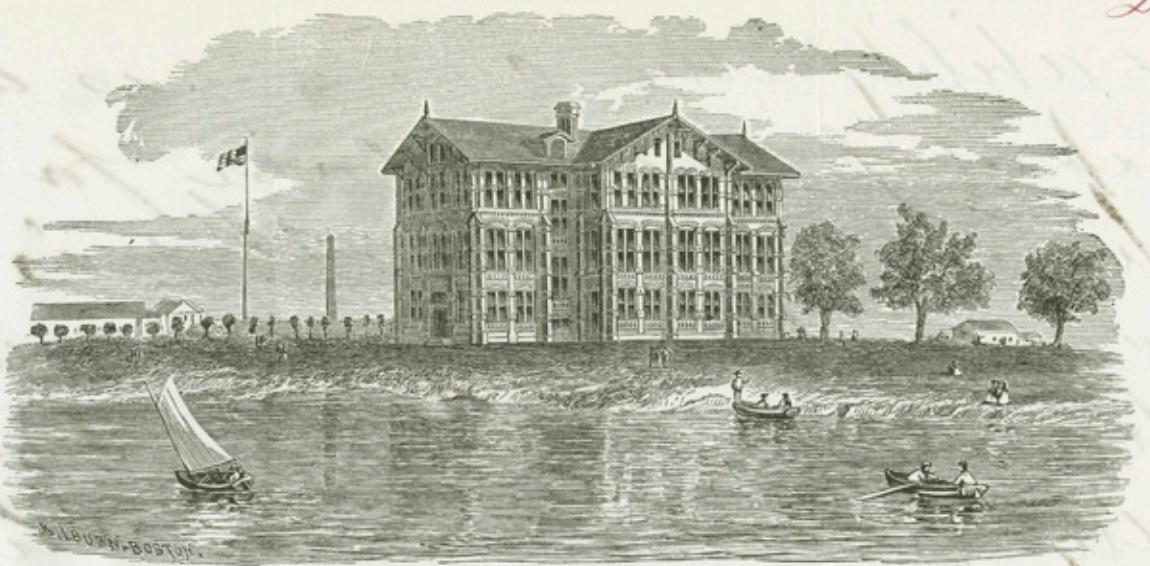

If however you wish to clear up without
changes I am willing to remain as now
measured while Mr. Robinson does the work
and receives no salary.

I am very glad to hear, General, that
there is a probability that you will remain
at the head of the University. I can see
any position where you could & do more
for a few years than in that work - and
I know it must be at best for you a
dutyless work.

Hoping and praying that you may
richly blessed in all your labors.

I am Ever Yours John A. Cole

as to what Professor Barber's duties are in this Department,
the following statement is respectfully submitted:-

In the arrangement for the service of the
several classes, made by the Faculty of the Department
at the beginning of this term, three hours a week were
assigned to Professor Barber for recitations of the Junior
Class in Natural Philosophy - viz: from 10 to 11 o'clock

He has no other duties in connection with the

J.W. O. O'Howard.
President, Howard University.
Dear Sir:

In compliance with your request, I have the honor to report my services for this University as follows:

My appointment is that of Professor of Natural Philosophy with a salary of Twenty-five hundred dollars per school year, - until about the first of April last, I confined my work "exclusively" to the Collegiate Department teaching the Senior Class in Natural Philosophy and the Sophomore and Freshman Classes in Mathematics. Also, at your request, I gave ~~one~~ regular instruction, to a Class in Higher Arithmetic, in the Normal Department.

I spent 18 hours per week in the instruction given other Professors in the Col. Dept. - some of whom received extra pay, - spent but 12 hours per week, I requested extra pay, but the Board declined to give it.

About April 1st. Prof. Weston took as Prof. of Mathematics charge of the Sophomore and Freshman Classes, and, at your request, by the action of the Board & Ex. Com., I was temporarily assigned to duty as Principal of the Normal Department, in which department I have uniformly had two recitations daily, until a few days ago, when the Ex. Committee affirmed the appointment of Mr. Rice, who has had them since.

On the 12th of August, I entered upon my duties as Acting President, by your appointment, subsequently approved by the Board. I gave almost exclusive attention to the interests of the University, until the 18th of November, (14 weeks,) when you removed your place,

On the 30th of September I was appointed Secretary of the Board of Trustees, without salary. The work of the Secularly requires, at least, one or two hours daily, to receive correspondence, bids, mailing and copying the minutes, filing documents &c., a portion of the work only being done by the Clerk.

With your permission, I have been absent a few days.

What the Baptists are Doing for Freedmen.

OUR PLAN OF WORK.—In May, 1870, this Society unanimously resolved: **First**.—To attempt the founding of first-class Training Schools for colored preachers and pious teachers in the South. **Second**.—To enter upon the work of raising A HALF A MILLION OF DOLLARS for this purpose, to be expended in *Grounds, Buildings and Endowments*.

OUR PROGRESS IN THE WORK.—Already we have seven Schools in seven Southern States; embracing *Grounds and Buildings* worth over \$130,000, and *every cent paid for*. But our very prosperity embarrasses us. We greatly need funds to keep these Schools in operation. **Help! Help!!**

HOW YOU MAY HELP.—\$50 supports a student for the School year. An individual, a Church, a Sabbath School, a Bible Class, or a sewing circle, can send \$10 a month for five months. If we had 5,000 *fifties* we could have 5,000 students. \$1,000 given to the Society, to be kept at interest, will support a student perpetually. \$50,000 will endow a School.

ENDOWMENTS INDISPENSABLE.—If a college, which derives large revenue from tuition, requires an endowment of from \$200,000 to \$500,000, how can a School for Freedmen, who can pay but very little tuition, if any, be expected to succeed with an endowment of less than \$50,000? Therefore, **Help us!**

American Baptist Home Mission Society,

ROOM ¹³ No. 25 BROADWAY, 150 Nassau St.

For Freedmen's Education and Southern Work, address
Rev. JAMES B. SIMMONS, Cor. Sec'y.

May: Gen. O. O. Howard

Washington D. C.

My dear Sir: I regret exceedingly to trouble you. But I am, very anxious indeed to receive from you an answer to my letter of December 5th 1872.

Pardon my urgency. But the figures, from your books, as to the sum paid on the Island building, are vital to me, & then at the earliest moment practicable.

Yours very truly

James B. Simmons
Cor. Sec'y.

How the Freedmen Plead for Knowledge.

A Colored Pastor in the South, of whom his teacher says, "he is one of the most faithful and useful Baptist Ministers in the State," appeals to a HOME MISSION teacher in these words:

"I want to go to school again, but fear I shall not be able. My church is poor; has paid me not quite forty dollars a year. My son, a member of the church, wants to go with me. But I am not able. It grieves my heart when he says, 'father, I want to go to school and learn the Scriptures,' and I am not able to send him. My burden is great. I do not know what to do. I want to go to school and take my son with me, but I am afraid neither of us can go. I am in distress. What that I could have you teach me again! It did me so much good. It makes me more useful in preaching and useful in teaching. I have over seventy scholars in my day school. If I had one more chance, I could make out. O, for the Lord's sake, can you do something to help me and my boy to go to school again? I am in trouble about the school. Can't you find some assistance for me and my son David? The Catholics want to educate him for a Priest, and I am afraid they will get him. I could have a little help I would take him to our school. Dear brother, help me. I have suffered beyond measure, but have held my peace. I want to go to school, but I am not able unless some one helps me."

These are the Lord's poor, and this is their cry for knowledge. Who will help? Who will help such pleading applicants as that pastor and his son? Must that son, and such as he, scattered here and there through the South, thirsting for a knowledge of the Scriptures, fall into the meshes of Romanism because Baptists would not help them in getting an education? Never! Tell it not in the churches of the redeemed! Publish it not among the enemies of Christ! **Who will help?**—A. F.

Character of Our Schools.

Our Schools are Christian, not sectional. Not a doctrine or sentiment is intended to be taught, to which any Christian could consistently object. Already the colored brethren of the South are helping nobly. Eminent white brethren whose names stand second to none in the Southern States, have also made contributions to these Schools and spoken words of cheer. White and colored churches, or individuals, in any part of the South, by sending fifty dollars to the principal teacher, will be entitled to send a student of their own choosing. A colored person who earns and brings fifty dollars, will be admitted. The fifty dollars barely pays for food. Tuition is free to students for the ministry. The fifty dollars should come in advance with every student who applies. The state of our funds demands this. Our Schools are usually in session from October 1st, for a period of eight or nine months, as funds and the climate warrant.

FORM OF BEQUEST.

If you would help forward this great and difficult work of Christ after you reach heaven, you can do it by making your will now—saying:

"I give and bequeath to the American Baptist Home Mission Society, \$_____, towards the Endowment of a School for educating Freedmen preachers and pious teachers; the principal to be safely invested, and the interest to be used perpetually for that purpose and for other."

Three witnesses should state: "We, witness to this instrument, consisting of one sheet (or two,) as the last will and testament of _____, by his (or her) request, in his (or her) presence, and in presence of each other."

The witnesses need not know a word of the contents of the will.

Be sure to write, both in your letter and in your will, "**FOR FREEDMEN'S FUND,**" If not, it goes not to educate colored preachers, but to the general work of the Society.

N. B. If you prefer to give to our general work, or the Church Edifice Fund, do so.

How to Send Funds.

Drafts may be made payable to the order of Wm. A. GELLATLY, Treasurer of the AMERICAN BAPTIST HOME MISSION SOCIETY, No. 239 Broadway, New York City, and each sum will be acknowledged in the *Macedonian*, a few weeks later.

The Macedonian, a Baptist Monthly, costs twenty-five cents a year, per single number; and fifteen cents a copy, per year, for a package of seven or more. It gives full accounts of our work among Freedmen; also, general Foreign and Home Mission intelligence. It is sent free to all Baptist Ministers, who apply to B. GRIFFITH, D. D., No. 530 Arch Street, Philadelphia, Pa.

Dear Sir.

In reply to your note of the 22^d ult. requesting me to send you a list of the Professors, Instructors and employees of the Collegiate Department, "with the amount of their pay." I have the honor to submit the following statement.

There are in the Department five Professors, a Tutor and a Teacher of German. viz -

<u>A. L. Parker</u> , Prof. Nat. Phil. with Salary of	8 200.
---	--------

<u>W. C. Fildes</u> , Univ. Prof. of Chemistry, ..	2500
--	------

<u>L. Moseley</u> , Prof. of Mathematics ..	2500
---	------

<u>E. Whittlesey</u> , Prof. of Rhetoric & Eng. Literature ..	2500
---	------

<u>W. S. Bassett</u> , Prof. of Greek & Latin. ..	2500
---	------

<u>George W. Mitchell</u> , Tutor ..	1500
--------------------------------------	------

<u>Mrs. B. C. Barrows</u> , Teacher of German, ..	860
---	-----

There are no other employees specially assigned to this Department.

(over)

The entire amount of the Salaries above given ought not to be considered as paid for the Theological Department alone, since Prof. Tilden performs the full duty of a Professor in the Medical Department & Profs. Whittlesey & Mescott give instruction in the Theological Department. Professor Barber's salary, I suppose, ought largely to be charged to the Normal Department - pricing how much I am not advised.

If, however, we deduct one half of it, and take Prof. Tilden's the sum of \$88 88 $\frac{1}{3}$, from Prof. Whittlesey's sum of \$500 & from Prof. Mescott's \$250 - the actual expense of the Department for instructors will be as follows:

Prof. Barber	\$1250.
" Tilden	1666.66
" Mescott	2250.
" Whittlesey	2000.
" Bascom	2500.
Mr. Mitchell	1500.
Mrs. Barnes	<u>360.</u>
or a total of	\$ 11526.66

Herewith I send also a tabular record of the exercises of the Department, showing the work done by each Instructor.

Very Respectfully Yours,

<u>Junior & Sophomore</u>	Rhetoric	11 to 12 a.m.	Friday	Prof. Whittlesey
-------------------------------	----------	---------------	--------	------------------

College Department. Rhetorical Exercises. 1 to 2 p.m. Friday Prof. Whittlesey.

N.B. From this table it appears that the number of hours assigned to the several instructors each week is as follows:

.. to Prof. Bauber	8
.. " Prof. Fildes	3
.. Mrs. Barnes	3
.. Outer Mitchell	11
.. Prof. Nescott	11
.. Prof. Whittlesey	8
.. Prof. Bascom	13

It is believed that all the Instructors have used the hours assigned them, except Prof. Bauber.

Prof. Nescott has three hours more than he had last term, and Mr. Bascom two less, owing to the fact that the former instructs the juniors in Mathematics, which in the regular course should have been finished last term, - & so Mr. Bascom gives ^{two hours in} Latin & Greek.
