Asst. Adj. General
General:

In my report to the Hon: Sec., there are two funds of which I have not spoken. One is what is called the "South Carolina School Fund" and the other "The retained bounty Fund" these are provided for by specific law. The former to be turned over to three Commissioners to be appointed by the Hon. Sec. of the Treasury and the latter to be settled by covering into the Treasury all that remains at the termination of the Bureau of R. Funds. For the former, I went in person to the Secretary of the Treasury and was shown into the office of the Asst. Secretary just after my return from the West. He promised me he would see to the appointment of the Commissioners ^{and} notify me. The bonds are at the Treasury waiting for the transfer

The second fund was held in trust by my
Chief disbursing officer for the claimants,
according to the law and refunded as these
or any of these claimants could be found. On
his discharge he transferred to me a list of
unpaid claimants amounting to \$1000.⁵⁹/₁₀₀

nine cents) which I proposed to have de-
posited on my return from Arizona as
required by law - but it escaped my notice
till Capt. Staden called my attention to it

I will acknowledge to the Treasurer my
delay, explaining the cause and send you a

Dear Genl

Your note respecting Rose Ward came to hand this P.M. I am mortified that there should have been the seeming neglect in this matter. I obtained as early as practicable the decision of our Board of Deacons, which was not for several weeks after I recd the letter from the matron & Rose. There thus has been a delay of a fortnight in getting check from Treas. — The vote of the Deacons was to this effect. That the amount in the Treasury for this purpose be forwarded to Rose & that the Board do not deem it expedient to make farther appropriations to ~~the~~ her. I cannot tell whether they will be induced to reconsider their decision. I will take pleasure in presenting your letter to them.

Very Truly Yours

Gen. O. O. Howard,
U.S. Special Indian Commissioner
Washington City D. C.,

Dear Sir,

Your kind cheering letter of the
23rd ult. recd. - After mine of 3rd inst. was mailed to you, for
which please accept many thanks.

In reply to your suggestion, "Your recommendations ought
to go to your representatives in N. Y. they can work
any change they please in New Mexico," would say that
full statements of the condition of the Abique Agency were
sent early last summer to our Board in New York, and
the reply was, "We can do nothing until the Government
at Washington asks us to make a change"

Literally this Presbytery, embracing this whole territory,
being a component part of the Presbyterian church
organization, is superior to, and represents the church
more fully in this matter, than the Board in New York
which is only a creature of the General Assembly, and not
known in the Constitution of our church. We here on the ground
are in every way responsible, while the Board is only nominally
so. As when an Agent comes and turns out badly, our church

of week, as see the ... has from ...
railroad was stopped ...
the "B. & O. ..."
With kindest regards most

truly Yours
D. J. M. Harland,

P.S. Mrs. Harland wishes to be remembered kindly to you. -
I have heard from Bro. Roberts at Goa, his letter today
describes more fully the course of the Priests among the
Indians of the Pueblo of Goa, He is about to take the
public school in Goa, as the Priests will not let the Indians
give him a room to open a school among them -
You, spring days if the agent was disposed to do so, he could
have the Priests indicted before the Courts, which will
would put an end to their intermeddling,

here in Santa Fe has to bear the reproach. Hence as an executive officer of this Presbytery, I have been talking plainly to you, and your Board of Commissioners in this matter, and asking that so far as this territory is concerned, let us have the President's "peace policy" put in good running order. If your Board of Commissioners wish to retain three months longer, even the five teachers now teaching among the Pueblos, appoint Mr Nitchie, or some other good christian man, who is fully qualified to act as Agent, whether he is a Presbyterian, or a member of any other evangelical church. We want christian efficiency.

I made Col. Dudley's acquaintance the day he arrived, and soon had my fears removed by learning his church relations, with his activity, firmness, and decision of character, we think that our Missionaries, Teachers, and Agents, can work with him most harmoniously. We are so much pleased with your friend, Mr and also Mrs Hascall,

All the Agents in New Mexico claim to represent the Presbyterian church, except the sub Agents, Keams, Ayers, and Longwell, whom you well know do not claim to be christians in any degree; and the Pueblo Agent, Mr J. Orme Cole, who claims to be a member of the Methodist church. I fear we will not have a meeting of our Presbytery

Dearest,

It was about 9 o'clock when I reached Mr. Gable's last night. They had a host of friends here at tea. a Mr. & Mrs. Putnam from New York & others whom names I did not catch. Edwin & his family were here. The warmest kind of welcome awaited me from ^{especially} Eddie & Clara. He has grown to be a tall boy. He used himself by 8^{1/2} to go to get his lessons. Clara is just as she always has been full of activities & interests, dancing always. If Johnny was a girl he would be like her. All inquired why I did not bring you my answer in letter yours yesterday morning. "Why Bessie!" I shall try to get off by the one o'clock train to-day - which

Should reach Washington 6-30 P.M.
I talked with Mr. Noble last night a long
time concerning his journey abroad -
He shows photographs from all places
he visited - I have never seen any
one who seems to have seen more -
On the way up yesterday I thought that
perhaps these good people would like
to have a professorship in our ethnic name
for Gopher Noble. Give me a portrait (large
size) and have me seek our husbands
for it amongst our mutual friends - I
mentioned it and Mrs. Noble + Mrs. Fuller
spoke heartily for it + Mr. Noble seemed to
be carefully thinking of the subject -
Give sweet love to Bessie + all + take
more to yourself. Please go to bed
by 10 1/2 P.M. while I am gone - special
request =
Sincerely yr husband

My dear Sir

Temporary absence
from home has caused some delay
in my replying to your esteemed favor
of the 9th ult. I hardly need
say that I feel a lively interest in
the important Educational work you
have in hand, both on account of
the good it has already accomplished
and the wider field of usefulness
opening before it in the future.

Appreciating the importance of
this work in which you are engaged,
I regret very much that the means
I have at my disposal at present
for Educational and benevolent purposes

are so far pre-engaged in various ways
that I am compelled to deny myself
the pleasure of aiding your noble
Enterprise, as I should otherwise
be glad to do. If at some future
time I can see my way clear to make
a Subscription towards the proposed
endowment of your University, it will
afford me great satisfaction to assist
in so good a work. With sincere
regret that I cannot make a more
favorable response to your present
application, I am

Sir

I enclose you a copy of a letter from Cadet Gibbs, a former student in Howard University, now at West Point, who has been found & is about to be dismissed.

My son wishes you to see Sec'y W. Robeson & to request that he be put on probation until next examination.

You know the difficulties of his position, & I sympathize with him, because twenty years ago, I was refused admittance into eighteen colleges in this country because of my color; although Governor Slade & Hon Gen'l Smith, endorsed me in the strongest terms; & I entered & graduated at Dartmouth

College Hanover N.H. Honorably!!
no man, who then spoke in my behalf
has any reason to be ashamed of my
record either in public or private life.
I devoutly thank God. Prof Langston
knows the habits of study my son possesses
& his ability. Making due allowance for
parental feeling, I know Thomas lacks
neither pluck, nor ability to pass through
West Point if he has a fair chance.

Gen Sprague who is a resident of this
State, spent some time at West Point recently
by said that he talked with the Professors
concerning Thomas, & they gave a very favor-
able account.

something were put in the papers about these little
facts + ~~many others~~ it would brighten these miscreants
+ they would stop it for it
is an absolute absurdity to say that out of five
negroes not one is fit to go through this Institution
Smith's talents are of no mean order + I trust
they are slowly but surely dragging him to the foot
of his class + I think that you know enough
of mine to know that what man can do I can
do if allowed half a chance I who ^{have} stood
head of my class from school in Phila. to

died faithfully + well if I can get another chance I think
I can go through in spite of them the hardest
of the course is over + I have gotten used to the
routine of things + although I am losing now as the
class commenced recitations to day still I shall try
to keep up by studying until I hear from you though
it is almost impossible to study with this thing on my

Dear Father

It seems almost useless to write
this letter but I don't know what else to do as
I don't see anything that I can do to save myself
To say that I was found deficient
wrongfully seems equally useless but still I
will tell you something about it in order
that you may know how things work here
I passed a good examination in the first
place better than I expected to + as more
conclusive evidence I heard of many of the
cadets who were swearing with disgust at
my good examination saying that now there
was no hope of the nigger's being found that
they would now have him for another 6 months
if not 3 years + they were as much surprised
as gratified to learn that I was found I
believe in fact that the whole section was found

to get rid of me for they did some thing unprecedented
any way, they actually found upwards of twenty men
in my class above & besides that they began at the
foot & went upwards up to about 25 files from
foot; although several made perfect recitations
& men who stood above that although they failed
completely on examination not only were not found
but were given a good class standing now without
favoritism I dont see how this can be & there
is much surprise manifested in the way things
have been manipulated the fact is Prof. Church
is becoming old & childish being I believe upwards
of 80 & is moreover so feeble as to be unable a great
part of the time to attend to his duties & has often
been shown his incompetency in the section room
his affairs have been attended to chiefly by
his asst. Prof. who is a dirty fellow & has expressed
his dislike for Smith & myself more than once.

I had to stop here to go to parades & there
an order was published arranging my class in
order of merit in French & I stand 75 out
of 85 so you see I was not found in French
as I expected to be still it does not save

me unless the Sec. of War puts me on
probation Oh, I hope you have written to Wash.
or done something about it - for in a few days
the order may come to discharge me & there
all that I have worked so hard for for the
last six months will be lost & all your
suffering & anxiety will be for naught if
this chance goes it is my last chance for an
education for it is too late for me now ever
to get a thorough education outside of this
place I dont know whether I should or
not but I have written to Walls asking
him to see the Sec. of War & get me put on
probation whether he (Walls) will do it or
not is more than I can tell but I pray heaven
he may (Move heaven & earth if possible to
help me if possible These Mercantile have
are doing their best to clean of the niggers out
of five sent here four have been found &
Smith expects to be found in something they
have have already got him as low as they can
and he is very nearly discouraged he says sooner
than pass another six months here alone he

General,

At the earnest request of the Indians here I send you an exact copy of their ideas expressed in a Council held January 12th. They absolutely refused to receive, accept or talk to the new Agent, Mr. B. M. Thomas, without I came to the Council, and when there they earnestly begged me to write to you, which I promised to do.

Interpretation

Present Loco. Victoria & Ponce.

When Ponce was out with Genl. Howard making peace with Cadiz, Ponce's word was good, reliable, that whether he (Ponce) was here, at Chincagua or Rio Bonito, he was to write to General Howard at Washington. He (Ponce) is sad now because the Agent Mr. Ayers has been removed and that he does not like this new Agent (Mr. Thomas) and prays that Mr. Ayers be left with them.

He enjoins upon me (Cap. C.) to write his words to Washington, that all the old women, children, and men were

crying and sad last night because
Mr Ayers was to go away.

Ponce, Victoria
and Loco. say together, that all the
Apaches like me (Cap. C.) and Mr
Ayers the late Agent, and want us
to live with them, and will stay with
us five years, and want us to take
them to the Op. Caliente.

That the season of planting is coming
on, and that the season here is not
good for corn. (This is true for my corn
was severely frosted Sept 11th last.)

Ponce says that Genl. Howard promised
to remove Mr Ayers whom they did not
like and give them a new agent for
all time (one interpreter says, five
years.) That Mr Ayers came, they like
him very much, and think that in
his going away, Genl. Howard has
played them false.

— Genl. Howard had a private talk with
Victoria, and nobody on the Reservation
has ever known what was said, the interpreter
being one of the escort. No agent has ever
been able to contradict the Indian's idea
from want of facts.

— Victoria states that in the
interview above referred to Genl.

Howard promised to move Victoria at planting time to Op. Caliente.

That he Genl. Howard would send them an agent they would like, that he would establish a large fort at the Hot Springs and would gather together all the Apaches at that place, in the mean time told Victoria to keep quiet around here and not to go away and that the soldiers were here to protect them.

In this private talk he (Genl. Howard) asked Victoria to tell him all about the Piper, why they did not like him and in general all his troubles.

Victoria then asked the General for an agent like the first one they had viz (St. Drew since deceased) at the Canada.

That Genl. Howard said he would have a grand Council when he got home, and pick out a good agent for them for good.

Genl. Howard told Victoria and Juan (Piper's brother) to tell him every thing they wanted, and they asked him for a great many things all of which he gave them.

Right-Sweats. She (his Mother) is anxious to have you examine his case & see whether you think he is going to be able to resume his studies soon, & if he is not would like to have you advise him to come home.

She has wished for some time to ask you to look after him & did speak of it in a letter to Mrs Connor, but thinks the message may have never reached you.

She is of course extremely anxious to have James benefitted by his superior advantages, & would be very glad to have him remain longer, but of course has a Mother's interest in the health of an only son. Sarah the daughter is doing nicely we hear, & enjoys good health. We know that you

have a multiplicity of duties, and dislike to ask a favor but hope if you are not able to give James your personal attention, that you will see that some one else ascertain whether it will be best for him to come home or not. She did not like to have James go out of the school-building, & from under the immediate supervision of the teachers, but thought that possibly a change might have the desired effect.

If not too much trouble she would be glad of a reply. Should James come & get better she would be willing to have him return again.

Should you write please direct,
