Gen. O. O. Howard

Dear Sir

Presuming on your kindness of heart I take the liberty of asking that another favor be added to the many already received at your hand. I am principal of Colored Free Schools in this city, and as a reward of merit I want to send the best pupil in my school to your University, and want you to give a scholarship if you have one to bestow. In my school I have 275 pupils with 12 female assistants; and as an incentive have promised to send at least one to the University next term. Please let me know what you can do for me if anything and also please forward me a copy of your catalogue.

Hoping that my desire to benefit the race will be sufficient excuse for the liberty I take. I remain

Dear Friend C. O. Howard,

I have
rejoiced with much pleasure
to thy short visit with us.
Which I had hoped would
have been renewed ere this.
Enclosed please find a check
for two hundred dollars (200)
which I hope will arrive in
safety. Thou knowest how I wish
to have it disposed of, among
the old homeless ones of suffering
and want. I have used my
best endeavors to procure a
passage to go to Washington,
and hope I shall be able

to succeed. I will furnish
the with some supplies, as
soon as they are sent from the
country. I will now speak to
the on the subject of the differ-
ent exploring expeditions
published by our government.
I have been very desirous
to procure some of them, but
have never yet been able to do
it. I should be exceedingly
glad to add them to my
library. Will it be in thy power
to furnish me with some of
them & forward by express.
I shall feel under great
obligations to thee if thou can
do so. I have been told
there are ~~some~~ many of them
lying in the basement.

Dear Sir

Your kind letter promising to assist in procuring for me the appointment of one of the Indian Inspectors, in case the bill should pass Congress is received. For which accept my thanks. Please inform me if it will be necessary for me to make formal application with testimonials.

I am satisfied to leave the matter entirely with you believing that you will do all you can for me. I was aware that there were many things conspiring to embarrass

me in my labor at Culeroza;
and if it had been thought best,
I would have been willing to
labor to overcome them. I do
not think that I ever engaged
in a business that labored so
hard to make it a success as
that Agency. I believe that
I have the confidence and respect
of the Indians and my labor
will not be entirely in vain -

Dear Genl.

Taking advantage of your acquaintance of years, I write to ask your views in reference to the probability of getting the remainder of an appropriation made, under the Bureau B. F. H. S., to College Buildings at New Orleans, & at Augusta Georgia, amounting to \$7,500. for the first & \$5,000. for the latter. Was there any property turned over to the War Dept. from which, can be realized, the above amount. If not, is there any probability that a petition to Congress, properly endorsed, would be successful in obtaining relief. A large amount has been expended in the erection of these Buildings, from subscriptions raised on the condition of the appropriation made by the Bureau. Will you please advise me in reference to the above matter. and very much oblige

Yours Respectfully & Sincerely,

Dear Sir,
I have just received your kind letter of the 20th inst. in relation to the proposed building at New Orleans, and I am glad to hear that you are so interested in the success of the enterprise.

The building at New Orleans is a most important one, and I am sure that you will be able to do much for it. I have already received several contributions from your friends, and I am sure that you will be able to do much more. I have also received several contributions from your friends, and I am sure that you will be able to do much more. Brij. Gen. O. O. Howard, U. S. A.
(Late Commissioner Bureau R. F. & A. L.)
Washington, D. C.

General:

Referring to your letter of the 25th ultimo,
I have the honor to transmit herewith a statement
showing the offices of the late Fredman's Bureau
whose records are missing or deficient, with the
names of the officers and agents, and description
of such records so far as it is now practicable to
furnish the same.

It has been observed that such portion
of the letter of the Secretary of War, of the 23rd
ultimo, as relates to the extent of the missing records,
and which you quote in your reply thereto, was

a misquotation from the report on which said,
letter was based, and should have read "the
entire records of some of the local offices or
agencies are missing."

The fact that the records are now found
to be so extensively deficient, serves to confirm
the views entertained by an officer of your
Staff (Lieut. J. A. Staden), who, in a letter
addressed to Gen. E. Whittlesey, A. S. A. Gen.
Bureau N. F. & A. S. under date of December
13. 1869, states "I am inclined to believe that
many of the agents on their discharge, took with
them either the books or the papers, or both, or if
not all, at least a great part of the records of
their office."

Upon the letter of Lieut. Staden, it
seems, was based your Circular, No. 8. of December
15. 1869, the requirements of which were, evidently,
in great measure disregarded.

While the inconvenience necessarily resulting from the absence of so large a portion of the records is too self-evident to require illustration, it is, nevertheless, thought well to make mention of the matter of purchase of property by the late Bureau, to be used for educational purposes. Many of such transactions have already become subjects of litigation, and applications are frequently made to this office for information affecting titles, in order that the rights of those holding the property in question, by transfer from the late Bureau, may be properly defended. In but few, if any, cases that have thus far arisen, has the office been able to furnish the information called for, and probably essential to the retention of property donated to trustees or others by the government, for the purposes stated. In such, and kindred cases, has the want of a full and perfect records been already made plainly manifest.

Access to the records of the late
Bureau, now in this office, will be granted
to yourself or to such officer of your staff
as you may designate, in order to obtain
any information that may be deemed
calculated to facilitate your efforts to
recover those missing.

Very respectfully,

Your obedient servant.

Jan 28th 1823

I received your letter enclosing
the check for the Treasurer's Bill
yesterday & one from mother
today. The bill was sent
home because I returned too
late to give an excuse for
not paying it before the two
checks were up.

Instead of between ten & twenty
dollars as I thought my bill
was at my tailors, he having
stated it wrong & my account
book having been lost last Fall, it is

in all \$46.50. Also am for
undershirts & furnishing goods \$18.
At the Art School \$24; ~~for~~ my
over coats, patching pants, etc. \$32-
for mending shoes \$2.00, a society tax
\$5.00, and a disputed balance on
washing bill \$3.00. For fixing gas
meter & light \$4.00. College papers & subscriptions
\$5.00, making in all \$139.50. The
payment of all these except that at
the Art school is not expected
before the end of the term. so please
don't go to any trouble to send
the money now. I could not
quite understand from the papers
why that resolution introduced
by the Military Committee was not
acted upon, though it itself
was not what I expected.

I am now entirely over any
remnant of my cold that I
brought back with me & am
in complete good health. I spent
part of Friday evening at Prof.
Wier's & saw Mrs. French & both
her daughters. Miss Sillie appears
wholly well of her injuries, &
walks very easily. Mrs French
wanted me to be sure to remember
her to you & mother the next time
I wrote. I did not have to
recite my omitted recitations, as
I was absent over two weeks, &
when I came back was as well
prepared as any to go on with
the class. In German I got a better

My dear Lucia

Though so long long a
time has passed since I have seen or heard
from you - (a million letters) believe me I have
not forgotten you all in your many kind
countries. We have often spoken of you all &
I have promised Perry so many times that
tomorrow I would certainly write you -

To tell you of ourselves - we are quite well -
and are not troubled with much only that a
few months ago we will stretch any more -
The last year we have been in our summer
houses at Vineyard Haven in this Vineyard
It is a comfortable quaint little old house
In the summer we take our trials out -
but winter we remain and enjoy the
quiet much - we have three fire places &
set of one all over in the sitting room
the large coal stove from dining room

hoping it may be comfortable. I am full
till yet there is a crowd of people
coming and going - & sailing - picnics riding
& bathing & are the rule of the day - Year
ago this summer we had a little visit from
Gen. Ketchum and was from his father
This fall the weather has been lovely - & it is
much milder than on the main land - the
clouds this hour about a month since - have
been spending Christmas here with my Aunt
& go to Boston for two years to visit & friends
there. Shall go out to Saucy for a short time
to spend a few days this coming up the
& my family are quite well they are still
at Mulder in a furnished house -

My since we have been here has been
quite ill of a cold that settled on his lungs
and confined him to his room for ten
days - I think we should attempt to spend
another winter here - It don't agree with
either of us - I heard of cousin Pauline
marry & am glad he has so nice a
wife - I think I think she has more than

her hands full to begin with - How soon
do you & the children & the Gen do -
I am so sorry for you in this true heartfelt trouble
Don't go and lay it to heart - it will just
make you sick. And you must take care
of yourself and health. And I know you
don't save yourself always - My cousin Lillie
Godfrey who is at Vassal tells me Genie is there
too. I was quite surprised. I hope they will
get acquainted. I expect the little ones
have grown up beyond my remembrance of them
How are Gen. & Mrs. Whittier please give
my love to them both. Tell the Gen that
my love I am really sorry for him - I am
so glad he has kept quiet & not published
letters for them to trust & wear - I hope
you will not stay home this winter - You
must get yourself up pretty & go out in
society - I wish I was near to try to cheer &
encourage you - How don't - wear your eyes all
out - washing the little ones faces & darning
their stockings - some one else can do it - just
as well - & you will be all the stronger

IN THE

District Court, Eighteenth Judicial District.

STATE OF CALIFORNIA, }
COUNTY OF SAN DIEGO. } SS.

JENNIE L. T. SAFFORD Plaintiff, vs. ANSON P. K. SAFFORD, Defendant. (Governor of Arizona)

The Plaintiff complains and alleges:

1st. That the plaintiff and defendant are husband and wife; that they intermarried at the town of Tucson, in the Territory of Arizona on the 21th day of July, A. D. 1869, and ever since have been, and now are, husband and wife.

2d. That the plaintiff and defendant continued living together as such husband and wife in the aforesaid town of Tucson for the period of about six months from and after their marriage aforesaid, when in consequence of the grievances on the part of the defendant towards the plaintiff hereinafter stated, she was compelled to leave defendant, and since which time, to wit, for the period of about three years, immediately preceding the commencement of this action, she has been a resident of the State of California.

3d. That for the purpose of inducing the plaintiff to consent to the said marriage, the defendant falsely and fraudulently represented that he was physically competent to marry the plaintiff, and concealed from the plaintiff his real physical condition.

4th. That the defendant was not at the time physically competent to marry the plaintiff, but was at the time of the said marriage afflicted with syphilitic disease.

5th. That the plaintiff was induced to consent to the said marriage by the said representations, which she believed at the time of her said marriage to be true, and that if said representations had not been made to her, and said concealment had not been practiced, she never would have consented to said marriage.

6th. That immediately upon the discovery of the falsehood of said representations, to wit, on or about the 29th day of January, A. D. 1870, the plaintiff ceased to cohabit with the said defendant, and has never since cohabited with him.

7th. That on and after the time of the said marriage, the defendant treated her in a cruel and inhuman manner, and in particular as follows: That during the time the plaintiff lived and cohabited with the said defendant, he communicated the aforesaid syphilitic disease to her, by reason of which she became and remained for a long time sick, and her health has been permanently broken and impaired.

8th. That during the time the plaintiff lived and cohabited with defendant, she became pregnant with child, which was born on the 21 day of July, A. D. 1870, but in consequence of the diseased condition aforesaid of the said defendant, when the child was begotten, the said child was sick and diseased at its birth, and so continued until it died, on or about the 28th day of August, A. D. 1871.

9th. And plaintiff, on her information and belief alleges that the defendant did, on or about the 31 day of January, A. D. 1872, commit adultery with one Juanita Doe, whose real name is to plaintiff unknown, at the aforesaid town of Tucson, and on divers days and times between said last mentioned days and the commencement of this suit, has committed adultery with the said Juanita Doe, and is now living and cohabiting with the said Juanita, at the town above mentioned, and in a house in said town, unknown to plaintiff.

10th. Plaintiff further alleges that each and all of said acts of adultery were committed without the consent, connivance, procurement, or previous knowledge of plaintiff, and that she has not lived or cohabited with the defendant since she became cognizant of the commission by the defendant of the several acts of adultery complained of.

11th. Plaintiff alleges that the defendant is the owner and possessed of a large amount of real and personal property which plaintiff is informed and believes he conceals so as to keep it beyond the reach of the process of the Court and of the Plaintiff or any judgment she may recover against him.

12th. Plaintiff further alleges that she is in indigent circumstances, in ill health, and is dependent on her own labor and the charity of her friends for support.

Wherefore Plaintiff demands judgment:

1st. That the bonds of matrimony between herself and Defendant be dissolved.

2d. That such portion of the common property be allowed and set apart to Plaintiff as shall be equitable and just.

3d. That Defendant may be required to pay a reasonable sum into court to defray the expenses of this action; and for Counsel fees, and that he pay to Plaintiff such further sum for alimony as to this Court may seem just for her support during the pendency of this action.

Plaintiff prays for general relief.

office by an officer of your staff) requesting
information as to the precise amount "the
Bureau has paid on the Land building

-

For Mr. Simmons,

alleged to have been pledged, nor of the amount already paid.

In a letter, dated April 13, 1872, addressed by General E. Whittlesey, then Acting Commissioner of the Freedmen's Bureau, to Hon. C. L. Cobb, Chairman of the Committee of the House of Representatives, on Freedmen's Affairs, giving in detail the objects embraced in a previous estimate for appropriations, the sum of seven thousand, nine hundred and twenty-five dollars (\$7,925.⁰⁰) is set down "For Island University, New Orleans."

The records do not contain the information requested in regard to the "brick dormitory building."

Mr. Simmons' letter is herewith returned.

This reply has been delayed in the hope that such full record might be found

as would enable this office to furnish in detail all the information called for in the case.

— We have received a copy of the *Sante Fe Post*, which contains so complimentary a mention of Mr. Curtis, that we present it to our readers entire:

The number of Indians at the Agency has been considerably increased within a few weeks, and the fame thereof is becoming so widely known that red men of all the tribes are seeking its protection. To-day there arrived 30 from the Canada Alamosa who will return in a day or two with the glad tidings to their people that there is *one* spot left of all their vast possessions where they will receive justice tempered with kindness and mercy. The wide spread desire on the part of the "lost tribes" to "break of our bread, and eat of our salt" is not entirely due to the purity of our waters, abundance of game and salubrity of climate, but is mainly attributable to the zeal and untiring energy with which Mr. Curtis, their agent, has endeavored to convince them that he is their *friend*. The Indian is no fool, and can see as far into a mill-stone as his more enlightened brother, and being by nature more suspicious, can sooner detect the true from the false. I am no particular admirer of the Indian, but an experience of over twenty years has satisfied me that if once his entire confidence is gained, it is not easily withdrawn. The Agent for the Mescaleros has instilled this confidence or I am much deceived, and the popularity of his agency is the natural result. I do not write this to flatter Mr. Curtis, but with the hope that other Indian Agents who consider that their whole duty consists in doling out the cold charity (?) of the Government may be led to follow his example and become the friend of the Indian as well as the Agent of the Government. Was this the universal rule of conduct adopted, there would be less obstacles placed in the way of carrying out the humane policy of the Government, and far less cause of complaint on the part of the settler. In the name of the people of Lincoln county, I thank the President for sending us so efficient an officer as Indian Agent Curtis.

Dear Sir

I take the liberty to ad-
dress you and have the honor to respectfully request
the favor of your cooperation in procuring
for me the Appointment of Inspector of Indian
Affairs; An Office already or about to be cre-
ated as for "Stewart's Amendment to the Indian
Appropriation bill." As recently before the Senate,
I was compelled to resign the Agency of the Mes-
calero Apaches because the Salary was insuffi-
cient for the support of my family in this
remote locality where the cost of living is so
extravagantly high. When I arrived here there
was no established Agency and no Indians

save a few prisoners. -

My experience for the last two years in going out into the "Comanche" Country, and frontier of Texas, meeting the Indians, on the "war path", making peace with them bringing them in and establishing them here (over 2,200 in number - where they now are peaceful contented and happy) has afforded me an opportunity to become conversant with the routine of Indian Affairs; and acquire that knowledge of the Indian Character habits and Customs which is indispensable to such a position. Should it be necessary I respectfully refer to Rev J C Towne, D. D. Sect Board of Foreign Missions, 23. Center St. New York City, and Rev J S Backus, D. D. of Schenectady, New York. I expect to be in Washington in a few weeks but deemed it advisable not to delay my application. I shall ^{expect to} have the assistance of General Ames, of your City, and of others; through Col J E Dudley, Supt of Indian Affairs, for this Territory. And your influence in my behalf will be highly appreciated.

citizens; it often greatly
disturbs the quiet of the

cers & families & citizens.

In short it is a needless
desecration of the Lord's

number of officers agree.

Will you give your influ-

Please make any

General C. O. Howard, U.S.A.,
late Commissioner, etc,

General:

Referring to your note of the 29th ult., in regard to the condition of the records of the Bureau R.F. and A.L. previous to transfer to the War Department, I have the honor to make the following reply:

The records of the Adjutant General's Office of the Bureau, were in good condition, papers arranged and filed away in cases, provided for the purpose, together with complete volumes of "Letters Received", and "Letters Sent", accompanied by index books; all kept nearly complete until during the last few months existence of the Bureau, when it was impossible to perform the work with the very small force allowed by the appropriations.

This statement is especially true of the records of the educational department kept at headquarters. " "

On withdrawing the Bureau from the South, except the bounty branch, it was found that the records sent up from the various states required considerable work in so preparing them that, clerks wholly unfamiliar with them, might obtain with facility information daily called for in your own office, and especially

in communications referred from the Honorable Secretary of war for report. Months were spent with a clerk or two, taken from some other equally important duty, in doing something towards arranging, assorting, labelling and indexing these records in order that the reports, referred to, might be given without delay. These records, known as the "Archives", including the books and papers of the discontinued educational department, were all arranged in good and neat order by States in two large rooms provided with every convenience for the purpose, and, together with those of the Adjutant General's Office, were the only records under my immediate control.

When the Bureau was discontinued in July last, demand was at once made for the rapid transfer of all the records (including those of the disbursing and bounty divisions, ^{under the control of the chiefs thereof}). It was ^{repeatedly suggested} ~~repeatedly suggested~~ ^{we were made} ~~repeatedly suggested~~ that it would not be well to attempt to remove, at once, all the records; and especially not those known as "archives", from the various States, ^{(unless} because if ^{not} kept separate, and arranged as they were delivered, ^{because} great confusion would be the result. Reply was made that the chaos and confusion resulting from the discontinuance of the "Provost Marshall's General's Department" had been straightened, and any such result, in this case would not prove insurmountable. ^{It was further stated that General Vincent at your solicitation had determined not to remove} ^{able.} No attention was paid to the suggestion, but a half ^{to 4" at once.} and the ^{deliberations} ~~deliberations~~ ^{spanned} ~~spanned~~ ^{was not adhered to,}

dozen or more quartermasters, and other wagons were driven ^{on the 23rd} and in ^{three or four days} up, the records of the entire Bureau placed into them, hurried away to the building, in which they are ^{now} located ~~at present~~, and pitched into it from cellar upwards. I was present at the building several times, having accompanied wagons to preserve important books and papers, and saw books and papers, mixed and scattered in every direction. The clerks in charge of the disbursing and bounty books and papers were devoted in their efforts to preserve and care for their papers, and frequently expressed great anxiety at the manner of removal.

Although you were made, ~~by an order from the~~ ^{War Department} Adjutant General of the Army, responsible for the transfer of the records, ^{yet} ~~it is only just to say that we were~~ hardly allowed discession in the matter of delivery at the rooms of the Bureau, and of course ^{we} did not presume to interfere with the confusion at the point of destination.

In regard to any incompleteness in the records which may actually exist, and of which the records themselves are the best evidence, I cannot refrain from adding a word. You will remember your anxiety and continued efforts to secure an appropriation sufficient to enable you to place all the records of the Bureau in such condition as that the history of its work might be intelligible on the

most casual examination. You will remember, too, your signal failure to secure either sympathy, interest, or to obtain the money necessary to employ the force in completing your records; and you will, perhaps, recall the frequent expressions of fear on the part of your friends that eventually you would be severely censured and placed in unenviable light before the country for not doing what you were prevented from doing.

I am, General, with great respect

Your obt. servant
