Gen O. O. Howard
Washington D.C.

Dear Sir:

Robert Cavill
a colored man discharged from the
U.S. School ship Antee Dec-24-1865, placed
in your hands. I suppose as the head
of the Freedmen's Bureau his claim
for bounty & for collection. He says
you turned the matter over to Jordan
as agent of the bureau - Jordan collected
\$300. He paid him fifty dollars & since then
in little sums sometimes as small as 50-
cents has paid him about \$50 more. Jos-
Cavill became destitute & to get bread
stole some iron - was arrested - & is
now in jail awaiting trial. His wife
miscarried - caused by grief at his arrest,
& is in the utmost want. Jordan

Cavill of course wants his pay from
Jordan, Jordan says he is sorry for
him but can pay. If Jordan
was the act of your bureau is
there no help for Cavill?

Very Truly Yours

Dear Sir.

Whilst I regret to trouble you again with a few lines, necessity urges me. As I stated before, I am a Lutheran Minister, not able to preach regularly on account of sore throat. Must work, however, to support myself and family. Cannot you help me to a position of some kind either in connection with the Government or your private affairs? I know you personally, but you surely remember me. I met you at the Gen. Synod in W. a few years ago. My references in Washington are, Rev Dr Butler, Hon. Ed. McPherson & others. I am willing to meet you personally if you wish it. Please do something for me.

Respectfully yours

Dear Sir:

Your letter of the 2nd ult is received. I am sorry for all your misfortunes and sincerely trust that you may speedily recover. I regret too that you have such views of Barry Farm matters. After careful review I think you are mistaken. As to the deeds issued since your absence, of course we will do everything necessary to make complete the title of the poor people who have received the land. There are many persons now waiting for their deeds, and there is very earnest desire from the educational institutions helped that the whole matter be settled soon. This cannot be done without decree of Court, unless you shall convey your powers to some one here. We have selected a property holder and one whom the colored people trust Mr John H. Cook.

Our records do not show that your resignation as trustee was accepted, but they do show that your resignation as Secretary was accepted. In fact you cannot resign your trust in land without recovering.

Believing that you are willing to facilitate as far as possible, the settlement of this business, I enclose for your signature a letter of resignation; also a deed conveying all your interest. Please sign these and return them, and I

will see that you are put to no expence
to no further trouble

Dear Sir,

Your favor
of the 10th inst. was duly received, and
I regret that it has remained
so long unanswered.

The farm to which
it refers, in Prince George Co. Md.
between Forestville and Upper
Marlborough, remains in the
same condition as at the date of
my previous writing. It is in
the hands of an Assignee in
Bankruptcy and must soon be
sold at public auction to the
highest bidder.

The Point Lookout & Washington

R.R. is surveyed through it. As
advised, I believe that owing to
the heavy grades that would be
encountered southerly of the farm, the
road must run as far north
before diverging westerly to W.

But as to this, you doubtless have facilities
for obtaining definite information.

If the road passes through or
near the farm its value must be
greatly enhanced, as it lies beautifully
well-watered, and healthy, being
entirely free from fever and ague
and its two hundred acres of wood
and timber, principally white oak,
would of itself pay for the farm or
more than pay any price for which
it is likely to sell at auction.

The relation of the
colored people to the farm, and
their school-house and church

part of it was a part of the
premises. It would be

It might very readily be divided

deemed advisable.

I will hold myself ready promptly

may desire and to advise you

I received a letter from my son C. F. Dawsen from Arizona a few days ago in which he said he saw in the California papers that Gen^l Howard in his report recommended the removal of the present Superintendent, and the people there thought it would be done before long.

My dear General

I have today made an
application to the Solicitor of the Treasury Dept
for a special agency in either of the
three Departments under his control or
supervision, viz: Secret Service, Internal
Revenue, or Special Agent of the Treasury
Department.

Senator Osborn has expressed his
willingness to use his best efforts
to that end, and I have secured the
best influence in the State in addition to
that of Senator Osborn, and I have
also written to my friends in Michigan
(my own State) to ask their good offices
and recommendations in my behalf,
to Senator Chandler, and other Representatives

in Congress from our State.

I take the liberty General to ask you to call upon Mr E. C. Baupfield "Solicitor of the Treasury," and say what you can constantly and consistently in my behalf. - Your endorsement would do me much good.

I esteem myself quite competent to fill such a position, and (though not more deserving than anyone else, or many others,) that as an original Republican, a Soldier through the entire war, and as a warm and earnest supporter of the administration of General Grant, both past and present I am entitled to some consideration and recognition in common with the host of applicants who are smiling in proposals for government patronage.

Your recommendation and personal influence in this matter will contribute to my benefit in

a great degree, and will not, as I believe, compromise your own dignity or standing, Officially, Socially, or morally, when extended in the interest of a man who has followed you through a good portion of the late war, and contributed to your success, so far as his humble and obscure means and position would warrant, and who has done his best to defend you at all times and under all circumstances against the assaults of public & private enemies.

My own necessities, that of my wife and babies, and my own consciousness, that I am entitled, to (on account of Services Rendered) some consideration & recognition from the General Government, prompts me to importune you, and ask you to do for me, that which will do you no harm, and which will contribute much to my advantage and will

General O. C. Howard

My dear General.

Our pleasant little acquaintance
on the "Overland" train last fall, and the
recollection of a conversation we then had
in regard to some of the Washington states-
men, suggest to me a certain relevancy
in writing to you and requesting your
views on some perplexing questions, now
the subject of public inquiry and of
general interest. Let me hope that,
negatively, at least, there can be no im-
propriety in my thus addressing you.
If I remember rightly, during our
conversation on public affairs, I asked
you your opinion concerning Senator Sum-
ner of Kansas. I also declared it to be
my own opinion that he was a corrupt
man. At that time I had no just right
to express such a judgment. I knew
nothing whatever of the gentleman of my
own knowledge. I based my opinion, however,

on statements made to my Father by his cousin, a prominent resident of the State represented by Senator Somers, and one of the leaders of the Republican Party in that State. You expressed yourself confident that I had formed an unjust notion of the man, and one that was maintained independent of facts. You told me that he was one of the purest, noblest men in Washington, and approaching your fullest ideal of a true, Christian Statesman. You acknowledged that he had been accused by his enemies of public misdeeds and private imperfections, but declared that such charges sadly traduced him. Then you stated how ready are ever their enemies to attack those who walk on high places; that from the cavilling criticism to the most scurrilous slander, all exhibit marvelous activity in assailing the Good and the Great.

Pointing to your own life you demonstrated by your own personal experience the truth of what you said.

Our conversation left me with a decided

sympathy for Senator Somers. I knew you to be an intimate friend of his, and, through that intimacy, as well as from your own being engaged and interested in the same Christian and noble charities, I concluded that you were in a position to know and judge him rightly, and that I was wrong.

Since the late election by the Legislature of Kansas, of a United States Senator, and the charges which were immediately brought against Mr. Somers, I have been deeply interested in his case.

Remembering how quick and hasty I had been in my first judgement, I have been very slow and careful in allowing my mind to settle in a direction which might adjudge him guilty. But, making all allowances for the enmity that in politics is so bitter, and that does not hesitate to follow its object into private life; telling over against mere circumstantial evidence of guilt, all the trust and con-

remember that Reputation to every man is one of his dearest Rights, and hence I am the more anxious to fair all the light I may, before, in my own mind I condemn a man and declare him to have forfeited his good name.

If your busy duties should permit and your inclinations to serve you, might I hope to hear from you on this subject?

My wife often speaks of you and your kindnesses and desires to be remembered to you. I see your old friend Cochie is again making trouble.

Yours.

and brightness of Mr Colfax's life history, were immediately called upon it the doubtful and contrivance clouds of his connection with the late Mr Nesbit. It was scylla or Charybdis with him, and, by his own steering, the whirlpool seems to have swallowed him.

Two more members of the Senate rest under charges of corruption, Messrs. Patterson and Harlan. Senator Wilson, I conceive to have come out of his ordeal with no stigma on his name. In the House, I fear, all the members implicated in the "Credit Mobilier" charges, are ⁱⁿ a sad and disgraceful predicament, except Speaker Blaine, who is entirely vindicated. Although Mr Ames' guilt is unpardonable and merits expulsion - Judge Poland's committee has so decided - I fail to see how his guilt, and its punishment can in any way palliate or excuse the conduct of those members with whom he had dealings. If we argue that the

Congressmen were innocent of any wrong in dealing with this stock; that they simply supposed as legitimate a trade which was only to be advantageous to one party; if we assume that an investment, which returned dividend so extraordinary in character, seemed to them alike honest and natural; if we discover that they received stock from Ames, without inquiring or investigating the worth or merit of such stock - a proceeding which would argue some worth or merit in Ames's own character to incite such confidence in them - then the inference is as obvious as inevitable, that they were incompetent through incapacity and ignorance to manage the affairs of others and to legislate for our Nation.

Turning from the legislative department of the Government, to its Judiciary, we find that either Judge Sherman was guilty of an attempt to obtain money

under false pretences, or, of using his position and influence to corruptly direct legislation. The Ormine is a dainty thing to rear. It will not bear many spots or blemishes, and keep its whiteness.

Now, my dear General, not to inflict too long a letter on you, I wish to ask your candid opinion of these representations of our people, both in the Senate & House.

More particularly would I ask it concerning Senator Semery and Vice-President Colfax. Does your faith in the probity and piety of the one remain unshaken?

Does the other seem to you as honest and good a man, as once he was universally believed to be?

As a young man, new alike to Politics and the world it operates in, I may be unduly alarmed. But with what light I have, it seems to me that this Congress is the most corrupt body of men who have sat in its Halls. Still, I must

Brooklyn Howard Colored Orphan Asylum.

TO ALL WHOM IT MAY CONCERN:

THIS MAY CERTIFY that I am acquainted with Rev. W. F. JOHNSON, the General Agent and Business Manager of the HOWARD COLORED ORPHAN ASYLUM, and also with Mrs. CLIFT, the First Directress.

Both Mr. JOHNSON and Mrs. CLIFT are reliable persons, and are entitled to regard and confidence.

My wife and myself have visited the institution more than once, and are well satisfied with its merits.

We cordially commend it to the confidence and support of the friends of humanity and of the Redeemer, in Brooklyn, New York, and elsewhere; and believe that all moneys entrusted to REV. W. F. JOHNSON, the above-named General Agent, for the above purpose, will be faithfully paid over to the Orphan Asylum.

LEWIS TAPPAN, 218 Degraw Street, Brooklyn.

At the Annual Meeting of the BROOKLYN HOWARD COLORED ORPHAN ASYLUM, held September 12th, 1872, Rev. W. F. JOHNSON was reappointed as Business Manager and General Agent for said Asylum.

The undersigned, upon personal knowledge and reliable information, are satisfied that the BROOKLYN HOWARD COLORED ORPHAN ASYLUM, located on Dean Street, near Troy Avenue, is doing a humane and much-needed work, having under its care at present sixty-five children; that it is faithfully and competently administered, and is deserving of public confidence.

Owing to insufficient accommodations on the present site, the Trustees have purchased four adjoining lots, on which is a large wooden dwelling, suited to the wants of the Institution. On this purchase remains three thousand two hundred and fifty dollars (\$3,250.00,) the instalment of which soon falls due.

We cordially commend it and the Orphans cause to the patronage of the public.

I have kept myself informed as to the condition of the Asylum. The ladies connected with my Church are pleased to visit with and work a little for it. I regard it as the most worthy charity in Brooklyn.

Dear Genl.

Your very kind
note of invitation to Mrs.
Strong & myself to pass
the inauguration days with
you, to Rand yesterday eve-
ning.

I give much regret,
Dear Genl., that I am com-
pelled to decline the very
cordial invitation ex-
tended by Mrs. Howard
& yourself.

Our little boy
has not been well this
winter & he requires constant
care & attention & Mrs.
Strong hardly thinks it
wise or prudent to take

him from home at this
season of the year, ^{the} nothing
would induce her to
leave him for a day.

Mrs Strong desires
me to express to Mrs.
Howard ^{the} her personal
her warmest thanks for
the hospitality so
generously extended ^{to} to
assure you both, that
nothing would give her
greater pleasure than to
accept. Still, under the
circumstances, with a
little boy requiring her
watchful care, ^{the} as she
can neither make up her
mind to take him with
her nor leave him behind,
she of course is forced

to decline,

It is not necessary
for me to say how much
I should enjoy the
visit, You cannot but
know that it would
give me great pleasure.

Hoping by another
winter you may be so
situated as to make
you a visit, ^{the} Assuring
you, my dear Genl, of
my warmest affections &
Sincere return.

I remain

Ever truly yours

Mrs C. Strong
