General Howard:

Yesterday morning when you spoke to one of the Organizers of our Dept. I rather evaded your question. I wish now to state some things fully. I said to Mr. Holbrook last night, I very much fear your organization will not be acceptable to the Committee. We have too many teachers, he replied. General Howard says so. I was very glad you had said this. I have urged this all the time. I told him last night as I had before that I would take the school (my division of it) and organize on a plan by which I could reduce the book so as not to need more than three hours help, perhaps 2 hours. Organization does not belong to a subordinate teacher. mushrooming discharges my teachers.
The barre was set aside, and at a previous meeting of the Committee, I suggested that the President would like to help your men, "But he will let you do what is dearest," I am sure of that. "The people will not interfere with your work if you follow the instructions of the Committee," I said last month when he spoke to me about the subject. I think it is just what I expected, I hope to be undisturbed as not endorsing the present organization and is just the same as myself. I think I have a right to express my opinion officially. The work of arranging my desk I will do willingly and be ready to run smoothly by Monday if I am so directed. I am used to such work, and prefer to do it when this state of things continues. yours de A. C. Brown

Dear Mr. Howard,

Washington D.C.

I have casually learned that some little time since you contemplated resigning your position and engaging in other business, and that your attention was somewhat directed toward life insurance. I write to enquire if such is the fact, and if so, to say that we will be pleased to have you call upon us on your next visit to New York. We send you today a small roll of our circulating medium from which you may notice the standing of this Company.

Hoping to receive an early reply, I am

I am honored to receive your communication of the 15th inst., and am glad to state that I have been able to find some books or records in the Sub-Act Com. at Naco, dates in 1865 of the Belton Sub. Dis. of my recollection. It has been so many years that I cannot state positively to whom these books were transferred or even the name of the Sub. Dis. That is, however, that the books were transferred to the Dis. of the Dist. in 1867, after the Resumption. The books were in Naco when the Resumption took place. In addition, I will state that the books were transferred to the Dist. of Tilton in March 1867, with the Resumption. In addition, I will state that the books were transferred to the Dist. of Tilton in March 1867, with the Resumption.
Better my health was such that it was impossible for me to perform all the duties pertaining to the Office of Sub Civil Court and I usually gave advice to the President and in Cases involving the action of a Court I referred them to the Judge of the County (Office of Clerk) hearing the right to reverse the decision if in my opinion it was not just. The Orders pertaining to the Sub Civil while under my charge were not signed by any other officer, being as the facts and duties before the Court were all Cases to the County Judge.

Dear Sir,

Your note of March 20th

must have been written for quite a while I could not give it due or prompt attention. I have been trying to find the whereabouts of Mr. Gilbert, but have totally failed in my search. His name is also a mystery. While the action as bounty

rightfully went by the name of J. C. Gilbert or George Gilbert, I can't tell anything as to where he can be found at present.

Your truly,

My dear General Howard,

I sincerely wish I was at liberty to do as you ask me to in your letter of the 17th, but I am not. If it would help you, I could convince you of this; but as no good would come of that, I will simply ask you to take my words for it. I hope you will have good luck with the others, and remain, with high regard, your friend,
