Gen. B.F. Butler
Dear General,

I have endeavored
to meet your request by raising my own ends
for the benefit of the University with which
I am connected and feel constrained to
endeavor to procure means at a lower
rate of interest than that I am now
obliged to pay. Could you help me to
a loan of $30,000 or $35,000 dollars, so far
from my house & land & other realty here,
worth double the amount of this loan.
I can easily pay 9% per cent semi-annually
and pay the loan at any time. I have
always been prompt to pay, never I believe
failed to meet a note in my life. If you
know of any trust money or other when safe
is required I will not have interest could aid me
to obtain it. I should feel under the greatest
obligation,

Yours truly, O.O. Howard

Maj. Genl. O.O. Howard

I have the honor to acknowledge the receipt of a favor from the Adj. Genl.'s Office signed by J. A. Hubert as near as I can make it dated Sept. 6, mentioning receipt of Bounty Record Book and fifty un-signed Vouchers I sent you. I would have replied sooner but it was forwarded to me in New York reaching there just after I had left again for Beaufort, and had to be returned to me here. I did not fully complete the elaborate list I spoke of in my letter. Here I still in the Sandmans Bank here I would gladly superintend finish it and send you a copy. So too would I be most pleased to send you a list of the other names not on the Record Book sent you but
I am now left with no choice but to get to work at something to earn my living. I've been encouraged to think that I shall have a position when the legislature sits (soon to be), which will pay me during its session from $200 to $300. When the session ends about July I must seek other employment and can give the necessary time to perfect a list of bounty letters paid here or a less remuneration than I expect to receive from the legislature, or if it is absolutely necessary that you have a full statement now I will give up my prospects of nation there and work for you at a lesser salary as I will then be living with my friends. To finish up the scattered bounty cases not on the record send you and to make out a perfect list would take me 2 to 3 months of very carefull search for I shall have to critically examine years of correspondence on file and depend greatly on what shows.
From my personal memory of and connection with the general cases, whether it will prove of any benefit to you or not I would say that at one time the Bureau loaned to Planters (White & colored) a large amount upon their crops, about $150,000 of which in round numbers has not been collected, most of which I think can be. I can furnish you a complete list of names, amounts &c. if you wish it. I regret that I sincerely regret that being out of employment I am unable to comply with your wishes in furnishing bounty lists, statements &c. without remuneration as my time must be given where I can earn something. An early answer will oblige.

Very Respectfully

Your ob. servt.

Very ill indeed and we have been obliged to modify our plans, giving up the wedding though only the marriage ceremony in presence of the family. Dear Sir,

Your communication of the 7th inst. is to hand. In reply I have to state that I wrote some time ago requesting Mr. Johnson to send me the bill for the tinfoil which he has failed to do and for which I am patiently waiting. I desire to pay these bills directly through the Treasury which occasion this request.

Last year I sent Mr. Johnson a check for two hundred ($200) dollars for which he accepted and requested him hereafter to send the bills directly to me, why he has not done so I am unable to imagine. I trust he has no intention to delay it since I will be pressed immediately.

I have forwarded this day (Monday 13th Oct.) to Mr. Brier a check on the Treasurers Bank for two hundred ($200) dollars which I hope will reach him in time.

Yours truly,

Dear Sir,

Excuse the liberty I take, but a gentleman by the name of W. H. Chase of Madison, Wisconsin, tells me that he desired on your staff with the rank of Colonel, also that he went into the service as Col. of the 5th Mo. Regt.

Knowing the latter statement to be false, I write you to see if the former one is true.

I know I have already received a favor from you, in your signature to the certificate I send you not long since, but if you will not think I am troubling you too much I want to ask you just one more of you. I do not know that I shall receive an appointment from the application I have sent to the Corps Dept., and the idea has occurred to me, to ask if you know of any one who wishes to employ a copyist, or one to do writing of any kind, or to act at private
I, possibly Commissioner Smith of the Indian Bureau, have a vacancy I could fill. I have done considerable copying for the Southern Claim Commissioner and for other practice, and gave entire satisfaction. I have also had a good deal of practice in writing letters, etc., from dictation.

Please do not put yourself to any trouble on my account and do not hesitate to tell me, if you know of no place for me.

Sincerely,

My Dear General,

I enclose herewith a letter received today from Mr. Coffin, thinking it will be the most satisfactory way of putting you in possession of his views concerning the appropriation of an expanded J.E. Harris Fund of funds to the education of indigent colored students, and concerning the proposed Whipple Professorship. I hope the University may soon be in a better and substantial condition for any appeal to Mr. Coffin on his behalf.

If you should be in London again, I hope you will call on Mr. Coffin. You will find him a valuable acquaintance, if he should be in the course of the Whipple as I think he will be. I shall have great pleasure in taking him to see you and the University. Mr. and Mrs. Coffin have already once visited.

When you have read Mr. Caffee's letter, please return it to me.

P.S. I like the appearance of Howard Stede under my notice. He seemed modest and intelligent, and free-handed with good principles. I have not been able to communicate with him directly, as he was here last October, and is to state to her that it is my strong impression from previous observations that he is entirely unworthy of her notice.
