Oswego, N.Y. Nov. 1. 1873,
Gen. O. O. Howard,

My dear General,

I want to obtain some statistics on the educational movements as now going on among the Freedmen, as at Howard University, and other institutions designed for their education, to be given at our Monthly Concert of Prayer in the Cong. Church here. Several prominent members of the church have taken hold of the subject for the purpose of knowing more about what is doing for this class of our citizens in education & religious culture.

Now anything you can do, and especially a little from your own hand would be very acceptable.

Have you a recent Catalogue of Howard University?

Yours,

A. J. True.

My dear General

I want to obtain some statistics on the
educational movement in our country in
1870. I have been in at Howard St.
University, and the statistics desired for
this purpose, to be given at our monthly
meeting of the Board of the College, and have
been promised by the Board of the College, and have
been of the report for the purpose of having some
idea of what is going on in the field of education
in the United States.

I am very glad you can do so, especially as
the year you can have it very
acceptable.

Thank you for a recent Catalogue of the
and University.

General:

I have the honor to announce to you that I have received a letter from General Joseph Holt wherein he states that he has referred my letter to you. General I hope that you have or will take some interest in the matter, as I have written you several letters on this subject, and have received no reply to any of them, being anxious to hear something from you I have been patiently awaiting for several months your answer. Will the General do me the favor and notify me at his earliest convenience and oblige one who has served him faithfully through all his travels in New Mexico and Arizona.

Dear Sir

I have arrived here and find that the time I asked for is not sufficient for me, and I earnestly beg of you to permit me to remain a few days longer as the result of the meetings are not fully made manifest. There are at present about 200 mourners who seem to be in earnest; next sabbath there will be baptizing at which time it is hoped a great number will be baptised.

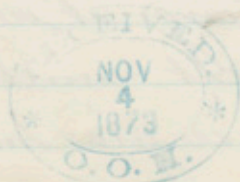

Please give me leave for a few days more.

My dear General:

Wanted to see
you very much before I left but
could not. Had a very pleasant
conference with Prof. Westcott in
regard to University Regulations.
The Prof. could find nothing he would
have changed except in regard
to breakfast, the morning & eve,
roll call. He would have breakfast
at 6 1/2 taking the next hour for
roll call & police of rooms.

He would have no roll
call at night, but a system
of room inspection. If you
thought best I can see no reason

My dear General

I have to say
you very much before I left but
could not. I had a very pleasant
conference with Prof. Brewster in
regard to the history of the
the Prof. I could find nothing to
be changed except in regard
to the fact, the meaning of
the word. The words have changed
at the taking the next year for
the word & history of words.
The words have no real
call at night but a history
of some importance of the
history of the word.

Why this Change should not be made, but I would have a 9 P.M. Roll Call, no system of inspection can head off absencey like a roll call. I would give up the roll call in the morning and would suggest, if we are to dispense with one, this be the one - but hold on to the Eve.

This call can be had in the hall, on first floor, now well heated, so muting any objection as to exposure. I do not want this call given up.

Would it not be best to dispense with all drill until my return? as Capt. Sladen is

so busy with his other work.

May I not ask you, to give Mrs. Melkison a cheering word while I'm gone.

Am making a few purchases of clothing to ship by express and shall leave to night for Lawrence Kau, to confer with Capt. Hoag.

Dear General, don't worry about business matters, the War Dept. don't influence the world quite.

My dear Gen.

The bearer of this note
Major Atwood, 1st Regt. was an
officer of my volunteer company in the
war, at least as a neighbor at home
from Childsboro, and a member
of my staff in the war. He is a good
officer, good man, and a gentleman.

His father is very aged, and for
the present, the Major wishes to do duty
in the East. Please advise him
this, feeling that should it be in
your power to aid him in what
he wishes, you will surely do so,
knowing that in helping him you
please me.
