My dear Brother,

Many thanks for "Log Record." It helped me from partial of false statements. In the fact I have written out the text, with some additions for the local paper. The debate will do good, whenever it is repeated. We are all well but me. I get better perceptibly, I think. The Senate will hang Concord, Amendment 2 all, so as to hire the Court Constituted very soon. You see the necessity of theme Carlin awful. Using the right of Challenge.
I am sincerely grateful and cordial in his remembrance. I will write a letter to him to help him.

Ella F. is attached to your fire from your to the old one. Come, now, a long, happy termination of our debate. Those represented by The Nation have confidence in Texas. While they differ in men whose feelings seem to bias their judgment.

Yours for Brother.

Lately Commissioner, Bureau R. R. A. F.

General,

Referring to your communication of the 9th inst., inviting attention to one from the late Disbursing officer, George H. Balbock, directing "to make any further communication on the subject" of the net amount of certain interest, referred to in the communication from the Adjutant General, by my order, if the 14th ultimo, and wherein the expeditions in detail, original vouchers etc., were called for,
I again refer to that communication, and direct that the information be furnished by you at a date not later than the 14th instant.

The fact of your individual responsibility and accountability (being involved), should cause you to call, in person, upon the late disbursing office thus to demand of him the information required.

If the interest, under consideration, has been accounted for, it will be an easy matter to comply with the order hereby conveyed.

If it has not been accounted for, I hereby direct that the amount be, at once, deposited with the Treasurer of the United States.

Very respectfully,

Your obedient servant,

The Carolina Singers are about visiting our city for the purpose of giving vocal concerts to enable them to raise funds to support the Fairfield Normal Institute near Columbia, S.C., of which they are students. We know nothing of them, having understood that you were present at one of their concerts in Philadelphia, and know something of them, a line from you in their behalf — if worthy — would give our community confidence in them, and greatly assist them in their good work. Hoping you may favor us with a line,

I am, General, your obedient servant,

Dear Sir,

I enclose the bill for $50, which has been paid. The bridge and schoolhouse were built last year. The school is worth about $60 per acre at this time. Land is very dull sale and some lower than it was two or three years ago.
