My dear General,

Will you be able to come to Brooklyn some time this month to meet a party of gentlemen at the house of a friend who will write with me. Your presence here would do a good deal of good & help both you & my own work.

The party would be composed of men of wealth and of influence; men who have it in their power to do great things & they feel disposed to.

Mr. Ogden who kindly offers this hospitality will write you as to the

date of the entertainment

I hope most earnestly that you
can come.

Prospects for New York are
good

Yours very sincerely

 Personally I am a stranger to

 me to say that I intensely ob-
 served your career as a legal

 noted all that has come under
 my observation respecting your

 I only speak the deep convictions

 confidence in your Christian

Sir,

An act has been introduced in the House of Representatives directing the Secretary of War, that, having established my innocence of the charge upon which I was dismissed, to provide for, that my name shall appear on the rolls of the U. S. Army for rank & pay as the same as if I had been continuously in the service. — My case will be argued before the Military Committee of the House next Friday. by the Hon. Wm. W. Phillips of Kansas & by General Benj. S. Roberts U. S. Army. — To complete my Military record during the late war, I should like to have a few lines of you, dear General.

The letter which you were kind enough
to give me last year was mislaid, without
a fault of mine, & cannot be found. —

Will you be kind enough, dear General,
~~the~~ to remember the action I took towards
saving the endangered bridges at Cham-
cellorsville? —

Dear Brother

Thanks for your letter. I am glad to know that I need not leave home just now. It was mother's suggestion. My rheumatism is much better - Lou Helen grows thin & looks ill & has her continuous nausea.

I never wanted you to "prosecute" anybody. but only to stand or fall on your own personal acts. Christ atoned for our sins once for all. Which of us (in this way) can save his brother or pay a ransom for him? It is not souls. but reputations that are at stake in a public trial. The latter are worth some thing to N. & his Cause.

but the mul, thank God, may
be safe thro' repentance &
faith tho: usefulness may
be fatally damaged.

May God direct & our
constant prayer. A ministerial
friend spending the Sab. sends
this note of sympathy: I recoil
from any comparison or connection
with Sumner. You do not. God
knows. Christian Editors & men,
Each has a character and
way of his own. Mine is, by
God's help to publish and
proclaim the simple truth
if I ^{think} it ought to be published.
Whenever I can get at it.

Facts are the most difficult
things to ascertain in the world.
So much ignorance, prejudice, in-
sincerity & malice lies between
us & them. Do not feel obliged

to be valuable mine or thought to write now
again - We are in the mul again - Give
much love from Helen & me to Sylvia - I
hope she is fully well. Love & sympathy to
Mr. Smith - Our boys accumulate & increase
each of their earnings in working but we
need better pictures to fill our loom - Our
boys look at the pictures & keep their earnings
in mind. One takes part weekly in the boys
prayer meeting, but I fear he is not a Roman -
Seeing you have joined the church a year ago.

Dear Sir:

During the year 1868, and a part of '69, while Generals Sibley & Lewis were Actg. Commissioners in the state, I was an officer of the "Bureau" and stationed at Cambridge, Co. Western Geo. I have had many official letters from you, but have never met you personally. Your brother, however, Rev. R. B. Howard, I am somewhat acquainted with having met him at Farmington, Me., some years since, and as an occasional contributor to the Advances I have had some correspondence with Gen. C. H. Howard. — I am now an applicant for the Postmastership here, made vacant by the death of Judge Dunning. For referees I have Rev. E. M. Bravath, of Am. Miss. Association, who is ^{*emotionally} here today in town, also, the President of Atlanta University, Rev. Mr. Wan and I think I have not had time to com-

 Indian Commissioner, and I have reason
 to believe, through a friend, Mr. Delano
 of the Interior Dept.

There are a number of applicants the
 most worthy of whom is Hon Chas. G.
 Leetling, Sec. of State under Governor Bul
 lock. If he is not liked, to secure the
 position I am assured that I shall have
 the support of his friends - of some of his
 friends.

If you have any remembrance of me
 as an officer, and can conscientiously
 bear any word of testimony as to my
 faithfulness, or as to the character of
 my indorsees, to Mr. Russell, I shall
 be very grateful.

The President has nominated Gov. Rusk
 for the position. He should not have the place.
 Republicans - real - genuine republicans
 suffer greatly from such appointments. Officers
 should be honest and able and such as
 will give character to the service.
 Very respectfully Wm. L. Clark.

You will confer a favor by giving me information concerning a man who is known by the name of H. H. Chase who states that he served on your staff with the rank of Col., at one time commanded the 3^d Maine Regt. &c. Also, that after the war was stationed at Charleston on duty in the "Freedmen's Bureau". I ask this information from no idle curiosity, but I am trusting this man to a considerable extent with my money and greatly fear that he is an imposter. I ask it in confidence of you whom I learned to honor and respect during the war and if Col. Chase did serve upon your staff

General Howard

Dear Sir;

You may perhaps
recall my letter addressed to
you from Omaha early in the
winter in behalf of my sons.

A month ago I left that place
for your City with for the advantage
of a warmer climate and to learn
if a position could be obtained
there for my youngest son, the
eldest having gone to Hampton
with Gen. Marshall.

I will pardon I know my
again addressing you, in con-
sideration of a brother's

anxiety.

After the death of my husband Mr. Ludlow, I determined to go west with my sons - believing with them, that better business facilities might be found there for young men with small capital, than at the East. But we were sadly disappointed. They engaged however in Real Estate business, which afforded a support up to the time of the panic. This past autumn, when every thing came to a stand still.

You expressed your willingness to aid us if it were in your power and I

thought possible something might have occurred since you wrote me.

Possibly you may be able to suggest something, or to give me a note of introduction to some personal friend (standing apart from the vulgar herd who used to surround you) and who might interest himself for us.

I know Mr. Merrill of Maine, and also Mr. Plummer, but the former seems to have outlived his powers of influence, and the latter has placed so many relatives in office that

to that institution. I am
much obliged to you.

Dear General Your telegram surprises me, and
grieves me too. My dear wife is ~~dependent~~ on
me, weak, increasing in deafness, and full
of inability to get along day or night without
me. I never leave her but for the time of
business in the day. Then I am now engaged
in holding a number of trials as referee
from day to day, and parties would be deeply
displeased were I to leave. Also I am engaged
in a number of Bankruptcy cases, chiefly
litigated where my presence is indispensable
for the preservation of rights and interests, in
some of them being also in custody of large
properties. To leave is to, in a measure,
destroy. Now dear General I do assure
you that Geo. H. H. Kelly is excellent ^{came to} very
in just such a cause. I know him at Saratoga
as a 1st lawyer and most sagacious one

He is in Washington - Can serve you
with ability, and perfect acquaintance
with the practice of Court martial.

Just read my letter to Mr. H. some time
ago about Geo. Wells. He has an offer in

Remember that for one of
us to do what you all want at least
a month's notice for exciting business
engagements, and certainly a week at
least clear time to look into Court Martial
practice, and get ready for trial.

I write this in short time allured me

teacher. ³ The average attendance during most of the present year has been eighty and the previous year the numbers were even larger. Pupils have been withdrawn by their parents in consequence of want of attention and progress. I was informed last fall by one of the School commissioners that the school was entitled to two teachers and that a second one would be furnished by the State as soon as a suitable one could be found but that the prospect was any thing but encouraging.

⁴ as many of the schools of the Township had not been opened for ~~some~~ of one. An average attendance of 100 will entitle our school to assistance from the Peabody fund but this number can only be attained by a change as before suggested and the employment of an assistant teacher. At your leisure I shall be pleased to learn from you whether we can be assured of a competent teacher and assistant in season for the opening of the school year (about the 1st October I suppose) and

It is reasonable to
