Dear General.

I enclose a letter which came to my care several days since. I have been trying to work it out here without referring it to you. I have seen Maj. Brown about it, but he can give me no light. The Major says you took all your Bureau papers with you. If so you can no doubt explain it to the satisfaction of the powers that be. Rankle was here about two weeks ago. Says he saw a complete copy of the proceedings in your Court of Inquiry, in the hands of Gen. Paynter in Cincinnati several weeks ago. It is quite significant to us, who are interested, the fact that he can get a copy, when none of us - not even Col. Dyer can. Dr Rankin has returned and commenced his labors again. The Church begins to fill up again on Sundays. Dr. J. P. Taber Johnson's baby died a few days since. The sudden loss of Col. Fisher's son has thrown a gloom

over the entire country. I presume you have seen  
the facts in the papers. They were not drowned but  
killed by falling on the rocks. It was a terrible blow  
to his sister Mrs Perry (who lives with us) Major's death  
minded into your house yesterday. Gen Whittelsey has  
gone East for his family. Louise Brown and mother  
are to board with Mrs Eaton this winter. My  
Ned goes to Princeton next Monday. He has just  
returned from a visit to his grandmother, where  
he caught a two pound black bass on a trout  
line (Chip of the old block Gen Spinnier says) —  
How are all the dew boys. Jamie, Johnnie, Chauncy  
& Harry? He misses them all so much. Hence  
remembrances to all

Yours truly

My dear Miss & Ch. Boston,

I am not sure that I have your address, but write at a venture; not that I have anything to communicate, but the assurances of my hearty love, and that I think you already know, but because I want to learn of your welfare and that of your family.

If you can find time to write a few lines, I wish you would let me know how you like the return to a command, and how Mrs Howard

Dear Gen<sup>l</sup>:

Fifty three years ago while the Winds were devastating forests, blowing Vessels from their moorings, & destroying every thing with which it came in contact, The blessed 'Saviour' came into my soul & wrote pardon & peace & from that time to the present, I have never seen the time that I would give up my hope of Heaven, for all the Gold of the <sup>Gods</sup> Elders. Major Genl. A. A. Howard }

Dear Sir:

As attorney  
I am presenting the claims, John  
Boydston, the heirs of Caranagh Boydston, Senier  
William Fryar against the U. S. under  
the act of Congress of July 4 1864 for quarters  
master stores taken used by the troops under  
your command in Nov. 1863. the claimants  
are all citizens of this (Hamilton) Co. and  
your troops were encamped on the lands  
of the Boydstons, in Nov. 1863 as you doubtless  
know will remember. Your Hd quarters were  
very near the home of John Boydston who  
says he had several conversations with you.  
The enclosed sketch will show you the relative  
locality of the premises of each claimant, with  
reference to your Hd qrs. Also, I enclose  
Mem. of items in each claim. You are

doubtless aware that the evidence of officers  
soldiers or employees of the army, having a knowledge of  
the facts is required by the C. M. Genl. to be fur-  
-nished by claimants and it is thought that  
you as the Commandr, would possess the  
 requisite general knowledge of the taking & use  
 of the property charged for. I therefore have  
 the honor to respectfully request you to favor  
 me with your official certificates of the taking  
 and use of the property in each case if your  
 recollection serves you sufficiently. - It is alleged  
 that your troops took all the sails in the same  
 family, & cut out the timber charged for. The  
 quantities of each are sufficiently proved.

Genl. "Gany" Livingston favored me with sim-  
-ilar evidence in other cases, where the property  
 was used by his troops. -

If I know you cannot make the necessary cuts  
 I would be pleased to be referred to those  
 officers, whose duties would necessarily give  
 them knowledge of the facts - also their addresses  
 if known.

Hoping to hear from you in due  
 time I am,  
 Very Respectfully  
 C. Snyder

Dear General:

I enclose you statement of accounts for the month ending Aug 31<sup>st</sup> 74.

The continued illness of my child has prevented an earlier transmittal of this statement.

There has been no settlement as yet with Thomas Carter for repairing the Hall House. Bishop Brown calls my attention to the taxes on the place for two or three years prior to this year. I suppose you will be compelled to pay these taxes, concerning the property unencumbered except the loan of \$2000 to the German Bank.

Your note to the N.E. Life Ins Co for some \$848.74 has been paid since the 1<sup>st</sup> inst and will therefore appear in the next statement.

Mr Presbrey called to see me in regard to the taxes on Meridian Hill property. Up to July 1<sup>st</sup> 1873, (about the time the sale was made)

P.S. Sept 10<sup>th</sup>

The letter of Capt Bladen containing vouchers is just at hand; will give immediate attention to the matter and write him.

Mr Inceheart is quite feeble. He hopes every day to receive a call from you to come to Oregon, and both he and his good wife think that his life depends upon your call.

my amount is about 150%. He demands also that you pay the taxes for the year ending June 30<sup>th</sup>/94, claiming that his agreement with you was that you were to pay all taxes "assessed" upon your land on the 1<sup>st</sup> of July 1873. My understanding of your agreement was that you were to pay all taxes "due" on your property on the last named date. As we could not agree, he will write to you. The tax for the year ending June 30<sup>th</sup> 94 (during all which time the land was in possession of Presby & Green,) is \$199<sup>00</sup>/<sub>100</sub>. Of course it is only your duty to pay the former tax. Please do not quote me. He hands me bill also for \$15<sup>00</sup>/<sub>100</sub> for publishing card of advertisement of your house. Shall I pay it?

I am making every effort to get rid of the old street house. One offer is made of western land but the parties have not yet made it in such shape as to be entertained. Will write again soon.

Point San Jose Barracks

most respected and beloved General,

Having been advised that I could  
easily pass the medical examination  
held at present by the Army Medical  
Board in San Francisco, I have  
applied to the Secretary of War for  
permission. This letter Gen. Schofield  
approved and forwarded. It was  
strongly endorsed in my favor by  
the Medical Director and was accom-  
panied by two very strong recommendations  
from Surgeon Cooper, Late Medical  
Director of the Columbia and from Asst  
Surgeon Dr. D. Huntington - when  
the papers arrived in Washington, Gen. S.  
Crane declined to send them to the  
Secretary of War because I am past  
the age - I am thinking therefore of  
writing a petition to the President of  
the United States for the removal

of the disability of age - I am  
eleven years in the service - I served  
in the late war under Genl Schofield  
in North Carolina - also in '63 in the  
Dept. of the Gulf where I had charge of  
the Small Pox Hospital - under yourself  
in South Carolina for three years (nearly)  
at Mt. Pleasant near Charleston, S.C.  
next in New Mexico, then Texas and lastly  
here now three years, this coming November  
I was last year with the Modoc Indian  
Expedition - and God be thanked I am  
alive and in most excellent health at  
present -  
I have no difficulty in appearing  
before the Board but the Age -  
Could not the President of the  
United States advise or direct  
the Secretary of War to remove this  
impediment upon my personal  
petition supported and recommended  
by Genl Schofield, and Yourself  
and by the letters from Dr. George Cooper  
late Medical Director at Portland and  
from Brig Lt Col S. L. Huntington?

and particularly by Dr. McCormack  
the Medical Director in San Francisco  
Genl Schofield said he would  
do any thing he could to serve  
me -

If you desire to see my papers  
of course I will send them up to  
you - Indeed it is proper that  
you should see them - and  
you have very great influence  
with the President, I really think  
that if my papers were sent  
(accompanied by a personal  
petition approved and recommended  
by Genl Schofield and by yourself  
the disability of age would be  
removed -

meantime I would feel most  
grateful for your advice - how to  
manage this matter -

Dear General

Your kind favor of 4<sup>th</sup> inst. came duly to hand. - I carried it at once to Genl. Barnes who very coolly - and indifferently informed me that he had no authority to give me a contract... That on account of an act of Congress he is compelled to reduce rather than increase the number of Contract Surgeons - to that end. The matter - I was, as you may suppose, sadly disappointed -

I had looked anxiously for such a communication from you. and when it came, so cordially offering me just the position I wanted, and with the additional assurance that my services would be acceptable to the Medical Director of your Department.

38  
You may be sure I felt a  
degree of relief. such as I  
have not felt before in a very  
long time. - It seemed to me  
there could be no disappointment,  
this time. - ~~and~~ When Genl Burns  
declined to give me the contract,  
it completely frustrated me -

But I ought not to have an-  
ticipated so easy a success -  
For three years past - it has been  
just the same - A hundred times  
I have seemed to have a success -  
within my very hand - and it has  
just in like manner escaped me,  
it has been so in every thing -  
Business - employment - professional  
services - and even in my domes-  
tic affairs - Disappointment has  
succeeded disappointment - from the  
smallest to the greatest of my un-  
dertakings - until - disappointment  
has absolutely broken me down -  
and in almost all cases - from

causes - as entirely beyond my  
own control as was this -  
I don't believe any person was  
ever so ill-fated as I am,  
and this ill-fate has more than  
anything else been the cause of my  
repeated illnesses -

I am in constant terror - but  
I shall have one of my dreadful  
attacks of inflammation "abdominal"  
I am liable to such attacks  
any day - I am without money -  
It is impossible to collect any -  
- I've enough to do me - what if  
I could collect it would any one  
will through the coming winter -  
I can get only the most trifling  
sums for professional services -  
and however one knows here  
I am going to carry through the com-  
ing winter - by there is any other  
position in your gift - in humanity  
never give it to me -

Truly yours

Very entirely esteemed  
Christian brother

I suppose in your hurry of departure you forgot the taxes that you pledged yourself to pay on University Hill. This morning, I called at the Tax Office, and accidentally discovered how matters stood about Springfield Place. In November the taxes of 3 per cent will amount to confiscation in many cases. I enclose your said tax bills. Did you owe any thing at the Water Registers. I saw Mr. Sweetheart, who is very zealous about your houses, on S. Street. I believe they are all rented. I feel as if your departure from the nations capital creates a great moral gap, that can never be filled until you return to us, that God grant may be very soon. We cannot afford to lose such a Christ brother as you are to the suffering human race. Remember me to your noble wife, & lovable children; & may our Jesus make your righteousness to shine as the light and your just dealing as the noonday — Mary Howard Schoolcraft

Dear Mr. J. J. [Name]  
I have the honor to acknowledge the receipt of your letter of the 14th inst. in relation to the tax on the [Name] place. I am sorry to hear that you are in a pecuniary strait, and I am sure that you will not neglect to pay the tax as soon as you are able to do so. I have no objection to your paying the tax in installments, if you prefer to do so. I am, Sir, very respectfully,  
Your obedient servant,  
[Name]

I see by the within bills that I am in danger of losing the property, if you do not at once pay it, as the tax bears date ever since 1872. The Law would <sup>have</sup> given power to sell the place for taxes long ago. Let me implore you to give this matter instant attention. I have not a dollar to pay the tax, or redeem the place, if sold. I am very sure you would not have left me in this perilous condition had you known the facts, as you faithfully promised to pay every tax. Please answer by return mail as I am very much distressed & disturbed. Please send me any tax receipts you have.

My Dear Genl.

I have been in Washington a week now trying to feel as if I was at home again, but somehow it seems like a half strange place to me - My bro & Harry remind me every day as they come up the "hill" of a gate thro' wh. they & I used to find a pleasant way - I do not know how many pens are sending you accounts of affairs in W. up to date, but judging from the many persons who are asking after you & yours if they are many but few of them get replies. I am taking this P.M. (instead of my after dinner sleep) for a talk on paper with you & shall probably write on as if you had heard nothing since the 1<sup>st</sup> of August from the Capital City.

The Nichols family are just leaving - took a  
branch - going to Illinois - Florida is abandoned.

I fear Maj. McShully's expectations of boarders will  
not be realized - I do not see any body there  
yet - Where & to whom Tal belonged was for  
some time a dispute between Uncle Dan & the  
McShully family - I has finally decided it by taking  
Uncle Dan's side - He was over to see me <sup>(on the rate)</sup> yesterday  
is looking thin - When forty comes she ~~appears~~  
got him into condition - I left forty behind  
for a few weeks in Brooklyn - The three children  
seemed to enjoy themselves very much - Gracie's  
cheeks plumped out quite perceptibly - There  
was a very pleasant circle of young people  
who struck hands readily & helped each other  
keep out doors - Boating, sailing, swimming & riding  
occupied most of the time - forty wanted to go to  
Passau with Grace, but I could not spare her.

Mrs. Smith <sup>Calley</sup> has I hope taken a decided turn for

the better. She is much less depressed & fearful  
than she was - For most of the time is quiet &  
sometimes appears cheerful - tho' she is still  
firmly convinced that she shall die in a few  
days - I expect relapses, but if she continues  
to gain as she has done with them she will be  
able to leave the asylum in a few months - It  
seems almost too good to believe & I try to be ready  
for the possible disappointment of all our hopes -  
Dr. Nichols is very very kind to her & to me -

I meant to have offered my services to  
you if there is anything that I can do to look  
after any interests you have left behind - The one  
eye here I understand is still on heat - Dr. Capt  
Shedden's two eyes - tho' an operation by two blades is  
in for \$100<sup>00</sup> for her -

Hospital matters are in statu quo, except  
that Langdon has induced Dr. Reylan to put  
the rent up to \$4000 - Whether Dr. R. has at the same
