Dear General, Yours

Communication of the 3^d, with papers enclosed
comes to day. I have talked over the matter with
Wm Bondhead, with Balloch, and very slightly
with Mr Esp. Smith. Indian Com^r and will see
French at an early day, having already talked
over the matter with him considerably. I will
duly consider the matter, and in consultation
with your friends, will adopt some policy.
It is said that the Attorney Genl has had
referred to him, from the War Dept, some
matters touching you. I will call on this
official at an early day, and endeavor to have
a talk with him. All that the 2^d Comptroller
has, are communications referred to him by
the Sec^y of the Treasury, relative to adjustment

pay to Duren and Terry for extraordinary services.
The Sec^y of War asked the Sec^y of the Treasury to have
these amounts stopped against Gen. The Acting
Sec^y of the Treas^y, referred the matter to the 3^d Auditor
who said the Account was correct, &c. - the
Acting 2^d Comp^r examined the matter and
reported it correct. The Sec^y of War sends a
long argument to the Sec^y of the Treasury,
insisting that inasmuch as the former paper
was referred by the Acting Sec^y of the Treasury
and passed upon by the Acting Comp^r, it is hardly
a proper disposition of a paper coming from
the Real Sec^y of War, and asks a reexamination.
The Real Sec^y of the Treasury refers it again to the
Real 2^d Comp^rroller, "for such action as may
be proper", and the 2^d Comp^rroller says the
proper action in his opinion is to put the
papers in his hands. As other papers

Is not he the one to whom you gave a blank book to secure subscriptions? Ought I to call on him? & if so, can you give me a note?

I gave your message to Mr. Leannan - Ker in Phil^a. He was very glad indeed to hear from you: - Also inquired if the Professorship to wh. he subscribed was complete, with the intimation, that, if so, he was willing to pay his, & ready: -

Mary in Phil^a inquired for you & expressed great satisfaction that you had passed through your ordeal unscathed. I never heard so many strangers to you speak so kindly & warmly for you. Mrs. Westcott joins me in very kind regards -

Gen. O. O. Howard.

My Dear Friend,

I am very glad to learn from those who have heard from you, that you are so pleasantly situated in your new field, & I trust you are all benefited by the change. We are having our delightful October weather, & I hope you are finding the Oregon climate all that the Pacific Coast climate is represented to be. I suppose you are now well settled. How did Mrs. Howard & the younger children bear the long journey? Your friends here speak of you often, with regret that they have lost your presence. I trust you have found many Christian associates & pleasant church relations where you now are.

I have no doubt the University is often
in your mind & on your heart; & I
am writing this letter chiefly in reference
to it. We have opened with a good
attendance in the various departments;
the actual numbers being about the
same we had one year ago:— somewhat
less however— Rev. Mr. Fairfield & Rev. Mr.
Behringer in place of Rev. Mr. Parsons & Mr.
Goldberg are doing well. The new students
joining us in the various departments
are better prepared for study ^{than} ~~entering~~
before:— certainly we have in the Theo. Dep.
made quite an advance— some of
them coming to us quite well trained.

They are fewer in number, however, owing
to the fact that Dr. Reeve was entirely
uncertain as to his course. We are
both holding on in the same kind of
uncertainty, while the work itself was
never so encouraging. If I were re-
lieved of suspense, I think I could
do much to relieve him. I shall

try to do the right, as God gives me to see it.
I am raising some money for students
& would like to secure funds for the
endowment. I am to see Mr. J. C. Evans
next Saturday when he is to let me
know just what he can do— I have
thought perhaps in your more quiet
hours you might write for me some
letters of introduction to friends of this
work on whom I would call, here
or elsewhere. If you feel disposed
to do this, I will do all I can. We
talked of calling on a number whom
we failed to see— I would go else-
where too. If you think well of this,
you could write them for me as you
have leisure, & names occur to you.

But you must consult your own
feelings— It has occurred to me as a
method in which we could still
co-operate— I have the Endow-
ment book which you left with Mr. Cook
Mr. Field's initials are in it for

My dear General -

Many times since I crossed the great deep & you crossed the great land I have thought of you & wished I knew of you & this evening I... intended to take my pen & say how - are - you? & ask to know from your own hand that you have safely reached your new home - Of myself shall I say I have had an exceedingly pleasant journey no misfortune has overtaken me & the who watches over us all has kept me thro dangers by sea & by land unharm'd - I made a rapid trip through England, only stopping at Shakespeare's old & beautiful home (Stratford on Avon) Warwick Windsor & a few other interesting places. A brief stop in London - then to Brussels - a delightful city - to Cologne up the Rhine - Frankfurt. Basle

but have done little sight seeing

I am however improving & hope to
return in much better health than
when I left - I mourn to think that
I shall not find you there, for
while I knew you but little & that
little under somewhat adverse cir-
-cumstances I wanted to know
you better & rightly & cordially

that duty called you away
I hope some day I may

Will you make my very kind

his future usefulness - it will
get him into an unsettled

improvement of his mind - and such
a life will unfit him for settled

to answer some demand, for I have made none. but he very well knows that I need and very much desire to secure some such place as that I seek, and that he could put me into immediate possession of it without in the slightest degree wronging a living soul, and that ~~to~~ in the face of the fact, which I have told him, that I shall offer my resignation on the 30th inst. of the position I now hold. - This resignation may not, probably will not, be accepted, but I feel in honor bound to tender it because others may have counted on it, as I did on the other. - And the only thing I have asked Mr E. P. Smith Comr. of Indian Affairs to do was not to interfere with the original demand of B. H. for this Agent's resignation or if B. H. proposed to modify that demand himself to suggest that in view of all the facts it is due the public service as well as the Church to have the resignation first and the settlement afterwards. He chose impudently to say that he could not do this, while

Section 2 of the Act concerning the disbursement of public money. of Jan'y, 31st 1823 makes it an imperative duty

Washington D.C.
Oct. 23rd 1874

My dear Genl. Howard:

I regret to presume that I have been under a misapprehension in supposing that my letter to you of the 22 Sept. reached in good time, for since receiving no reply I have looked into the matter & find that in all probability my letter was burned with the postal Car on the B&ORR 23rd ult.

I wrote in great urgency for I have been expecting to leave the P.O. Sept. for over a year & more than ever since the advent of the new A. G. who is however very courteous & kind to me, yet I can hardly hope for promotion for a long time to come. - But if I could hope for ever so much it would still be wise to do as I am now doing looking abroad for a truer promotion: that of private enterprise. - I have seen the Attorney General and am quite sure that if there was any place in Oregon or California which would

afford me a living till I could work into
a practice of my own in the law, he would,
as he said he would give it to me, - But he
expressed himself willing to aid me in any way
that he could - I have revived my claim for
an Indian Agency and have the assurance of
a nomination to the Poncas as soon as the resigna-
-tion of the Agent there is recd. Bp Ware of the P.C.C.
demanded this sometime ago & expressed himself to Mr
Wilsh ready to nominate me - but the Agent there
having made no quarterly returns for five quarters,
though this circumstance was not the immediate cause
of calling for his resignation, but a general unfitting
for the place, as represented by H. Inspector Review
in a special report, the Indian Office have either
prevailed upon Bp W. or he upon the Indian Office,
I incline to think the former, to allow this Agent
to remain in office during the present quarter
in order that he may sometime to make his
returns in good shape. - So I must stand

aside according to this and in all prob-
-ability lose my chance of a nomination, for I
shall by no means wait in the hope of again
having such a chance, which may and may
not occur - Smith has acknowledged the
service I did him in first naming him to you &
the public for the position he holds but has
never once manifested the least practical
appreciation of it by either aiding or trying to aid
me directly or indirectly in any way whatever.

But on the contrary in the present instance he
is actually and almost rudely standing in my way,
and that too in open disregard of law, which requires
these quarterly returns to be regularly made, and
if they are not made the penalty is "to be dismissed
from the public service." - My deep regard for
you Genl. Howard keeps back my indignation from
the fighting point. For I hope that you know
this man E. P. Smith better than I fear I do
and that possibly I am either wrong or too hasty.
My feelings are not thus wrought up because of his refusal

(5)

I trust you are not wearied by my long letter, but for fear you may be I will hasten to a close. - I trust however you are pleased with your new home & the climate of Oregon. - I think there is a general desire among your friends here to hear from you and it would have afforded me great pleasure to have been able in this to have them informed through the Chronicle.

Your friends, or very many of them at least, are friends of real hearty appreciation of your personality and work, and with many of these friendship has deepened and is deepening into real affection, so that there are always open hearts ready for good tidings from you and yours. - I trust you already know that it gives me pleasure to be able so far as I can to let no opportunity pass without improving it by letting your friends know whatever facts I can of interest to them concerning

yourself -

say of myself that I will be deeply indebted to you if you can suggest any opening in Portland or elsewhere which I could probbly fill with advantage. - I am very anxious for some change that will relieve me from the uncertainty attending official life here - I do not expect to bring my family with me on first coming that, but could do so if it were desirable to - In one case perhaps I could desire nothing more than to enter the law office of some old established lawyer as partner or clerk even as this would give me a good practical drilling in the law. - But if I could find temporary employment that would afford me a living till I could look round & find something of a field for myself that would probbly be better.

If you can find time to give me your observations and counsel as to the expediency of my endeavoring to join you in Oregon I will be very thankful to you -
I remain Yours faithfully
Please convey my regards to Mrs H. & your family. J. Carrier

A NEW MOVEMENT FOR THE INDIANS.

At a public meeting held in the Second Universalist Church, Oct. 19, the following Resolutions and Address were unanimously adopted; and it was also proposed that two or more delegates should be sent from Boston, and that Father Besson should aid in making the necessary arrangements to carry out the project, for which, all who sympathize with the movement are respectfully invited to send their contributions to his address, care of Peter Cooper, Cooper Institute, New York, before the close of the first week in November.

REV. DR. MINOR, *Chairman.*

LYSANDER SPOONER, *Secretary.*

Boston, Oct. 21, 1874.

RESOLUTIONS.

Whereas, The highest faith in any religion is that "GOD IS LOVE," and that "Love worketh no ill to its neighbor"; therefore,

Resolved, That the frauds and the consequent waste of life and treasure through needless Indian wars ought to be immediately stopped.

Resolved, That a correct public sentiment, based upon a knowledge of existing facts, is all sufficient to sustain a Peace Policy concerning the Indians.

Resolved, That an Address be sent by a deligation composed of women as well as men to the General Council of the Tribes, which is to meet in the Indian Territory early in November.

THE ADDRESS.

To the Head Chief at the Indian Council:

We, a portion of the people of the United States, come to you through the delegates who present this Address, to express to you our deep sympathy for your much-wronged race.

We want to tell you of our profound regret, on account of the failure of the combined efforts of the Government and the Indian Commission and of the churches to protect you from cruel outrage in violation of the most solemn treaties.

And, in proof of our earnest sincerity, our women as well as men have come to sit at your council-fire. They have come, not in the interest of any sect or party, but purly to demonstrate to you the desire which is daily becoming deeper and wider throughout our entire country, that a "PEACE POLICY" may be based in justice which shall abide unbroken forever.

For this end we desire that our people and Government shall recognize your *rights* to-day the same as your Fathers recognized the rights of our Fathers at the time when they were few and feeble in the land—to the full enjoyment of their Religion and Laws within stipulated limits.

We come to hold council with you for a mutual agreement as to the terms by which all existing difficulties and unsettled accounts may be equitably adjusted

We are aware of the great sums of money which you spend in lawyers' fees and in sending delegates to Washington, and that, notwithstanding the talents used and the expense it is to your people, you have never obtained justice, and to-day you are as far from getting it by any means hitherto used as you ever were.

We therefore come to you, not to dictate to you with assumed superiority, but to unite with you in a common effort for human rights, well knowing that if we neglect or trample upon yours, we by so doing imperil our own. We are encouraged by the fact that the "GREAT SPIRIT," whom you revere, is the same as "*our Father which is in Heaven*," whom Christians worship.

We commend our brother and sister delegates to your care and confidence, in the full assurance that, with your coöperation and the sanction of him who the Scripture affirms is the "VERY GOD OF PEACE," and of the President of the United States, our success will be absolute and certain.

My Dear Brother,
I hope you will forgive me for
not writing to you sooner, but
the fact is i have been so down
hearted and met with such ill
luck, that i've had not the
courage to do so until now, i
hope you will not be angry with me
when i tell you that i am at
this present moment a military
prisoner, on Alcatraz island S. F.
Bay, but god knows i am not to
blame for it, i had come down
to frisco, when i was struck
down with illness, and it took
every cent i had in the world
to pay the Quacks, who did not
half cure me what was i to
do i looked for work. But even
if i got it i dont believe i could

have worked the only thing i
had to fall back on was the
army, in which i enlisted, by
persuading the Doctor and officer then
was hardly anything the matter
with me, well anyway when i
got well i thought Soldiering was
a little to easy to be good, for
laziness is i can say for myself
dragging, which i have learned
since i left home, so i Deserted
got caught and court martialed,
and sentenced to three years
confinement, going i hope you
will not think to bad of me
as i meant better, when you
write let me know all about home
mother and father sisters & Brothers,
let me know how ye are getting
along and i shall anxiously await
your letter hoping it will
find you and all ^{your} family in

good health, as i am at present
but to late i remain your
affectionate but unfortunate

Brother
