General O. D. Howard.

My dear Sir, Bro.

Yours favor came to hand
and contents noted. I am sorry, that
you can not open a field for me.

I have the means to come to Portland
but not any to go back, and if you
and the Bro. Minister's would assure
me my expence for only 14 days or three
weeks, which will be, if no one should
invite me to their house, only about \$20. 00
this could be made up by my Lectures.

Please inform me soon.

The Lord bless you and make you an instrument
to bring many souls to Christ.
I have had glorious experience with

Gen. U. U. Howard,
Portland, Oregon,

Dear Sir & Bro; I would be glad to have you organize a Division of our Order in the City of Portland, and shall take great pleasure in forwarding you a Commission and the necessary books and papers if you are willing to accept. There are several Divisions in Oregon, but none I think in Portland.

"Howard" Division still lives and labors. We have six Divs. now in Washington, though their membership is not large. I often think of your earnest work for temperance and Christianity in our City, and trust that in the good providence of God you may again make your home with us.

Fraternally Yours,

Dear Sir.

Yours of Apr. 17. was duly received. But owing to business preoccupation, I have been unable until the present to respond. While I certainly understood you, as I represent-ed, in^P the heat of the discussion, - I had to admit that a sober reflection inclined me to believe I must have misunderstood you. an assumption borne out and fortified by your well-known philanthropy and humanitarianism. and confirmed by your letters. I have already endeavored to correct ~~the~~ my misinterpretation of your views.

forms me that he has ap-

to take effect I think he

August or the first of Sept.

But, although he expresses
the belief that both Gen.

kindly disposed towards
him, yet, he says that
he fears, the very small
number of officers for
duty at the post, will
endanger the success of
his application. In ~~set~~

that "where there is a will

upon me, and I therefore
determined to at once write
to you and Gen. Sully

devise some means of
letting our only son come
to us for a few months.
At the time he wishes
the leave to take effect,
he will have been on
constant duty with his
regiment very nearly three
years — and I judge, from
various sources of informa-
tion, that his duties have
been performed with sin-

with that accuracy and

I certainly feel as deep

at any great sacrifice

cherish the hope, that
in the present instance,
my wish may be grat-
ified, without public
detiment.

Dear Sir:

At the ad-
vice and request of Miss. A. H.

you if you can & will assist
us in procuring the services of
Hon Carl Schurz for a lecture
in our place some time this
Spring or Summer.

Last fall when we organized our
lecture course the Am. Lit. Bureau
promised us Mr. Schurz in March &
we so advertised it & sold our tickets
with that understanding. Owing to sickness
& death in Mr. S's family they kept
putting us off & now they write us that

cannot send him. This leaves us
in an unpleasant situation. Our
ticket-holders are exceedingly anxious
to see him ~~Mr.~~ Schurz and will be
dissatisfied with us if we do not
see him. Mr. Mitchell thought
you might - perhaps prevail upon
him to come to see us as you
were an intimate & particular ^{friend} &
could influence him if any one
could. We have not his address
or we should write to him also.
If you will be so kind as to
give this matter a little attention
you will receive the thanks of our
Association, as well as of the
people of Minn.

Promising you will pardon
the long & hasty letter,
I am, my dear sir,

Dear Brother—

Your favor enclosing
the letter from Mr James D.
Gordon, (or, possibly it was vice ver-
sa) came a day or two ago.

I have alluded to the matter.
One of my neighbors, a perfectly
reliable gentleman, and a dealer
in real estate, has property in
that section of the city, and is
perfectly familiar with the locality.

He says that he verified his
own first impressions, by a
careful survey of the map, and
consultation with another gentle-
man, who is also a real estate

Inches

He is known to me as a gentleman
of excellent judgment. He says that
the lots are utterly worthless; that
they belong to what is generally
known as the Park Ridge Subd.

The lots are thirteen by forty-one
feet, too small you will see for any
use. The streets are ten feet wide
the alleys five feet. It is located
about twelve miles south of the
city. I do not consider it nec-
essary to make any further inqui-
ries; the property has no appreciable
value.

Truly yours

P.S.

Your account of the young men's
Christian association at Portland came
yesterday. I can use a portion
of it but part of it will hardly be of
general interest to our readers.

Thank you for sending it, and
if you are willing I should condense
it will do so. Is your minister
really going to leave? — Mr. Eaton?

You know, I believe, that our little Burt has been very sick with the whooping-cough, which seized him before he had recovered his strength after previous sickness. We think for two or three days that he has been improving, and we trust that he will now gain strength and come up with the opening Spring.

Very Yours

as usual I caught a little cold
from the heavy press which has
attended my return - Mrs.
Breckinridge did not seem to me
to like the opinion & finding of your
court of enquiry. I hope that
hearing that approved by the General
he ought to have left any legal
proceedings which might be
technically decided to the nearer

say to the Treasury county
officers - The undersigned
I might add the commissioners

of the treasury you & the county
officers & they as per the
Treasury. As I have not been
able to see the just cause
for the grants of which you
tell me.

The new Secretary however

I think he has a due most

man. May we write to Mr
President such time to stop
this business. He approved our
framing & after thus all his
unremitted efforts he stopped
from attacking you.

The Post is just magnifi-

I desire to know enough of the
details of the new Treasury
to be able to enter into their
technical merits. I believe
you to have done your best in
very difficult trying times
I know the press which
are up to you to do their part

Dear Brother

I have to day a line from you with what purports to be your original letter to Gen. Banning, Chairman of the Committee ^{on} of Military Affairs.

I am perplexed by the fact that there is nothing to show whether this ^{is the} original copy that should be forwarded to Gen. Banning, or is a copy; You have signed it, and it bears every appearance of being the original document, but I think that you would have a mistake and send it to me without instructions.

I shall therefore treat it as a mere copy for my own use until I

hear from you.

I was in like manner perplexed about your letter relating to the Gettysburg battle, and have not received a word from you regarding it, in answer to my inquiries.

I mention these things in no way of complaint - but lest some interest of yours might suffer.

I should wish you might be summoned east in such a way that we could see you. I trust in that case you would bring Grace on to complete her studies.

You say that that communication of Vincent to the Herald would probably be his last. I do not understand your reasons for the conclusion, whether he has completely exhausted the subject, or you think there will be a revolution in the management of the war department, or that you are going to make some replication that will silence him.

* * * * *
1878
OCT 11
I am too much in the dark about all your affairs, especially in regard to the state of the suit,

how it is to proceed, and where, to say anything in public print, - though if I were well posted, I might say something for your advantage.

If you can give me any light I wish you would.

My family have not been well. Little Bert is quite ill from the effects of the hooping cough - and I have great anxiety - on account of his lungs.

Mother thinks of going to visit Rowland pretty soon, will then go on to Maine.

Is there any prospect that you will take Scoville's place in San Francisco: I have hoped that this change might come about, if agreeable to you.

I saw Mr. Kresbrey from Washington the other day, he represents the revival there as wonderful.

You will see Frank Smith's account in this week's Advocate.

After I have enjoyed your letter
to Gen. Beaumont myself, and shown it
to Mother, I will either publish it my-
self, or hand it to some of the dailies
here to do so.

Truly Yours
