Dear Sir:

West Point, N.Y.

At a meeting of the Executive Committee of this society, it was unanimously resolved, to invite you to be present and speak for us at our annual public meeting, to be held in the large hall of the Young Men's Christian Association Building, Tues. evening, Feb 15th.

Will you not kindly lend us your personal presence and voice in the furtherance of the great work which we have in hand? It is a hard fight against monstrous evils that are corrupting our youth. We earnestly appeal to you to assist us in this very important matter.

Absence from the city has prevented my conferring with you earlier upon this subject. It is important that we know at once, in order that we may get out our notices. Our method of calling this meeting, is to send a written notice, to be read in the pulpits of all the churches in this city and Brooklyn.

Will you please telegraph me at my expense?
To D. D. Fessenden, M. D.

Dear Sir:

I am anxious to see you. I am interested in the work of the Department of Agriculture and wish to resign. I believe that the President of the United States should be a man of science and that the Department of Agriculture should be under the control of a man of science.

I am yours sincerely,

P.S. I can hardly see how to avoid interfering with the Department of Agriculture.
On receipt of this.

I omitted to say, that this meeting is for gentlemen only, and usually, we have a very large and enthusiastic audience. With a prayer that you will not disappoint us.

Believe me, dear sir,

Very truly yours,

A[illegible] Foutstock
Secretary.

My dear General and Mrs. Arnold,

I have been intending to write you congratulation and to ask you to come and see us, but we were thinking of moving this spring, it is only since we have taken the present house for another year, that I could be certain of anything and could invite you to make your home your "headquarters" when in Newton for shopping or otherwise.

It will be a great pleasure to see you and my daughter. I am glad to write, and my wife will be too.

Very truly yours,

Newton, Oct. 4, 1887.
for you again and to welcome you & your to my home. I claimed he happy to come in from & offer our congratulations but am almost constantly delayed at home, at marriage & readers to my aged and invalid country & if you will write me & come without ceremony to see us. We are my five & hear of the sickness of one of the boys but trust he will come & be about again & able to take the little help of George. This or I should meet you at any time at the ferry to bring you here, or you could ask for Mr. Williams at 193 Grand St. The stage would bring you to the door. Big John would also be happy to escort you. He comes later that night & spends Sunday with us & he could have a pleasant day together. Always, I hope to join him in love & hoping to meet you soon.

Yours in kindest regards,
Mary A. Williams.

To Mr. Humble,

Respectfully,

I will be very grateful to you for the address of Lieut. R. P. J. (Hamilton, Parmelee, John Cherry) and Lieut. R. A. Cherry, two brothers. They are relatives of mine, and I have not seen or heard of them in 11 or 12 years, and am very anxious about them. One of them, the latter, thinks...
was engaged with the late distinguished Curtis or other of the Indian generals if and was honorable mention.

Hoping, sir, for the pleasure of an early answer.

Yours, humble and respectful servant,

J. W. Coey.

Dear General:

I have the honor to inform you, that I received my discharge from the Dept. Agri. on account of insufficient appropriation after 3 years & 10 months faithful service. I intend to apply to the Sec. of War for a position in the General Service and therefore most respectfully request your kind influence in obtaining the desired position.

I am a pensioner, having served in the Union Army during the rebellion (Sergt. Co. I, 154th N.Y. Vol. Inf.) under your command. My age is 49 years, my family consists of 6 persons, one of which, 10 years old, is blind; my mother residing in Buffalo, N.Y. is also dependent on my support and having enjoyed your friendship & benevolence towards soldiers heretofore, I hope you will kindly favor me this time again, especially as my disability (Inguinal Hernia) is a great impediment in performing...
manual labor.

Sirs,

Very respectfully,

Your obedient servant,
