of the changes that would be made in the year.
notwithstanding my cooperation with Genl. Lincoln, the Abolitionists have been made to effect this change.

I would certainly like to have an opportunity of learning to do so, but have not the funds necessary for the purpose. I am now engaged in preparing a book for the press, which I hope will be of some assistance to the work of emancipation.

I shall be glad if the above statement is of use to you.

Dear General,

Incluse statement to date. We shall be a little short for the August interest, after which, the rate is to be 7%.

We will do our very best to sell something for you, during the present season the difficulty is, that your property is all of it, located in sections of the City, where there is no call by purchasers. There have been large sales the present season, but almost exclusively in the Northwestern section.

Wishing the early of War would assign us to as pleasant summer quarters as West Point. Very truly yours

Dear General Howard:

Thinking over the tale of this day, I find I have a word or two.

One of my boys remarked to me, 'He said I had persuaded the General to let them come over here.' I am not conscious of having tried to persuade. But probably I did not say enough on the other side. I want to make your impression.

I do believe (right or wrong) that it is better for the boys to come over here in the pleasant season than for me to go over to them; that as we speak of means there is more good influence to be brought to bear in that way than in the other. But when we have said that we have not said all. As if granting this favour the chief I made your record in any way more
difficult — injured your efficiency after
a winter's work — it might be a favour
we ought to forget, that one part of the
field must be left ungranulated in order that
another more important one may be made
plowed.

Therefore please understand, dear sir,
that if your mature consideration decides
against what I would like best, I should
simply do my utmost, in the way you
thought most wise to adopt, I would never
see think of you as any a hard word
should it. And what is best for the
Lord’s work at this point in the whole
that is what one wise to decide. If it is what
of course you can judge if more fully
than I can. I submit the matter
entirely to you. I wish you both well.
New York, July 11th, 1881

My dear Genl,

I just hear from Mr. W. M. Maker he has decided to go to Europe on the 23rd of this month. Instead of having different men to conduct the work I want you to be chairman for 18 days at an office at Ocean Grove. Will you please let me know from you by return mail if I can depend upon you. Mrs. Hall and myself will go down probably on the 22nd.

Yours truly

My dear General:

How hearty greeting was very pleasant. I shall be glad to meet you once more.

My wife and I will run up some evening to stay till morning, but don’t wait for us to make the first call. When you are coming down, let us know a day beforehand, I will take you for the night to my house on Long Island, where you will not complain of your welcome. We can always receive our friends, but our little vacations touring we must take in “snacks” when we can.

You are good enough to ask about business prospects. They are all that we could desire, short of final certainty. What do you say to joining us?
If we are able to carry out our plans, we shall provide for the education of moral regeneration of Peru. We shall found schools, asylums, etc., as far as we can properly do so. A Cockell University at Lima, richly endowed, is one of my dreams. I send you by this post a reprint of one of Cockell's pamphlets which will give you a glimpse of the true spirit of the true scientist. Nothing could be a more fitting monument to his memory than a grand university.

I should love to establish you at Lima as general superintendent of our interests there, to provide you the means to do a world of good of all kinds. I think we can manage your a leave for a year or two to try the experiment. To the Peruvian mind, a general is a god. I would like to show them my general.

To be sure—what then shall we do for West Point? There ought to be two of you. Can't we manage that also? Faithfully your true.

Gen. O.S. Howard, West Point.

General,

The Young Men's Christian Association of this city have arranged for an engagement to be held July 26 and to West Point on the 27, and I address you to ascertain whether you would grant us permission to land on that day—the 27th—to witness the drill of the Cadets. We have reason to believe this feature

would be an additional attraction to our excursion and as the undertaking is in the interest of the Association we feel anxious to make every possible effort that success may be assured.

Dear Sir,

I am very anxious to get some position and having served under you would be glad to try and bring myself to your remembrance. I may remind you that I was a one armed man employed by you at the Howard University in Gen. Alvords' room and was transferred by you to the
Claims Bureau in Baltimore under Mr. C. E. Noah and was retained there as long as there was any work for me. If you remember I am colored quite dark, and have only one arm. My object in writing you is that I may get something to do here, am without work, and if I could get a recommendation from you a gentleman here will assist me. Have a wife and two children, my wife is in service but that goes a little ways towards our support. Anticipating an early reply I have the honor to remain

My Dear Sir,

In reply to your note of the 23rd, I would say that I had already written to go forward in answer to your joint invitations, as I would be away with my family on a little vacation myself. I would designate Sunday, Aug. 18th, or Aug. 25th, as the time of my visit to you & the Gen. or should either of you not be at home those dates, would come any time.

Dear General:

Don't fail to bring both halves of yourself when you come to see us: I'm not sure that I made this plain in our talk yesterday; Mrs. Shipheed took me to talk about it as soon as I got home; it will particularly please her to welcome Mrs. Howard.

If you see a day or two beforehand, let wait for my answer, as I might happen to be out of town.

Yours faithfully,

In reply to yours of inst., we will say that it is difficult to give descriptions and figures exact enough to make selections of rooms, to those who have never visited the place, and who do not therefore know the peculiar advantages of the location of this Hotel, and the varied attractions of the different rooms—nearly all of which afford magnificent views—and in regard to height from the ground, are rendered of almost equal value by the NEW PASSENGER ELEVATOR, which is constructed on the most modern plan, and is equal to any in the world. It virtually brings the floors all on the same level. Danger from fire—another great objection to upper rooms—is done away with by IRON FIRE ESCAPES placed at all needed points.

There is so much difference in the wants and tastes of guests regarding the location and size of rooms, the number of rooms wanted by the same number of persons, the time of arrival, and length of proposed stay, that it is almost impossible to make positive terms with guests before they arrive, which will not, in some particulars, need to be changed, in order to be perfectly satisfactory to both sides.

The great number of applicants for rooms, the present season, renders it impossible for us to give prompt and definite answers to inquiries without this special circular letter.

**SCHEDULE OF PRICES:**

- **Adults**—two occupying one room—in main Hotel, per week, according to location, $24 to $36
- “ “ “ “ “ “ in Cottage, opposite Hotel, $20 to $25
- Children occupying room, and seats at Table with parents, Same Price as Adults
- Children under 10 years of age, occupying room with parents, and eating at Children’s Table, Half Rates
- Servants occupying servants’ or nurses’ quarters, per week, $7 to $9
- Single or Transient Board, per day, $2.50 to $3

We can furnish room to you at the rate of

Some of the choicest rooms are worth a little more, and some, not so desirable, are worth a little less; but we feel confident that we can suit you for this price. As you are not here to select we cannot now name particular number of room, but will do the best we possible can for you on arrival. All the rooms are pleasant, and have Gas, Curled Hair Mattresses, superior furniture, etc.

It is very important that you reply to this promptly, by letter or telegram, that we may reserve or select rooms, in case you decide to favor us with a visit. We hope to have the pleasure of hearing from you again, and of seeing you as a guest of the House; in which case we shall do all in our power to make your stay pleasant and beneficial—in fact, to give you a home.

Yours respectfully,

My dear General Steward.

I want to introduce to you my nephew John Terry, who has just entered as a cadet at West Point.

I do not know anything about military etiquette at West Point, but I do know you personally, having often met you in association with and during my days as secretary of...
of the Board of Indian
Commissioners. The young
man is not a Christian,
but he is a moral boy
trying to do the Azarab thing.
He needs to be an outspoken
Christian to get successfully
through Army life--and
from this standpoint and
as my nephew, you will
be interested in him.

I send a report of our
work for the past year.

With much esteem,
I am truly yours,
