Gen. O. O. Howard

Dear Sir,

Mother received your note yesterday afternoon and we were very sorry that you had to leave the city without calling upon us.

Your wife's letter of the 18th was also received.

I am very glad that I got the chance to speak with you at camp though it was but a few moments as your time was precious.

Father had what he said was a slight illness the 13th of July ~~but~~ the rest of us considered it as very severe as he fainted away and we sent for a doctor, but the next day he was down in town and

notified the doctor that he did not need him; the next day after he was down forenoon, afternoon & in the evening to a meeting of the Aged Brotherhood, an association which he with a few others of about his age, started in 1869.

He seemed to be pretty well up to Friday, the 29th when he had another attack from his complaint of kidney disease and did not recover, but passed quietly away just after midnight of the 31st.

We miss him very much though of course we knew that we must soon part with him at his great age.

When I was wounded, he came out to Annapolis and took me home in June 1864.

I wished to enlist when the 17th Me regiment was raised in the summer of '62 but father said

'wait for another call for men' and I took him at his word and enlisted on New Years day '64; but when I heard the old veterans telling stories of army life at Camp Berry this week, I was fairly ashamed that I served so short a time. I hope we may have these reunions oftener.

Mrs Jackson has not been down stairs for more than a year but she seems to be getting some better now.

Mother wishes her best respects given to Mrs Howard.

I hope you or your wife may write us again soon.

Yours resp.
Edward F. Waite.

Dear Genl. Canham:

I thank the Secretary
your note of 22nd and he expressed a great
desire to be of service to you in the
matter referred to, but apparently to
Genl. Paul (at Camp) is the personal
act of the President, and of course he could

Lieut. Spencer's sisters left for
St. Louis Saturday. Miss Warner
invited us over there with our
brothers on Friday afternoon.

My brother's application was refused
by his captain. Lieut. Spencer's
went up to Lieut. Wood & was
there refused. We cheerfully ac-
-quiesced in the refusal. Behaving
the general discipline must
require it. My brother stood
5th in his class at the June ex-
-aminations, & I hope he may
continue to do well. He had
a misfortune three weeks since,
getting 4 demerits in one day
on account of imperfect march-
-ing to dinner by his position of
the Battalion. He being file
closer. The fault was among
the 4th classmen; he did not
report them because he believed
they did their best, & therefore
he was reported on their
account & being Corporal.

Wearus House, Highland Falls.
August 29th 1881.
Gen. Howard,
Dear Sir,

Will you pardon
the intrusion, & kindly give your
attention to this letter from a
cadet's sister?

Owing to the return of the fur-
-ough-men &c. yesterday, my
brother, Corporal F. Sayce & Cadet
Harknitch, both 3^d classmen, were
the only cadets who attended Miss
Warner's Rifle-class, & by no
negligence but from circumstances
not under their control, their
return was just too late for the
formation marching to supper
before Parade on that day.

By Miss Warner's invitation
I accompanied my brother this
& the preceding Sunday, - so I

know they declined her enter-
-tainment, saying it was neces-
-sary to leave earlier, & left
30 minutes earlier than usual.

If alone they could have run
up from the dock, but they
would not leave me & Mr
Brooks' daughter who accompa-
-nied me & thus we reached
camp at 5:30 P.M. the permit
extending to 6 o'clock (supper at 5 o'clock.)
I return to New York Thursday:
I feel badly & a little responsi-
-ble about this matter, & beg
your attention to it, & that you
will take off the demerits for
this absence, if you can find
it proper. I particularly beg
for removal of demerits be-
-cause they are permanent &
confinements not so. I am

glad to have an opportunity
to thank you for permitting
them to attend that Bible class.
I know it is one of the best

influences & greatest helps that
my brother has, & I am sure
they need the continued re-
-newal of such influences.

They have profound respect
for Miss Warner & really believe
what she says, & she has
great tact & wisdom in
speaking to them. It seems to
me that she is one of your
best adjutants in securing
discipline. On this very
Sunday the lesson was from Mark
about the Tribute-money & "Ren-
-dering to Caesar the things that
are Caesar's"; the point of her
remarks was that they should
obey all regulations, even the mi-
-nutest & respect all authori-
-ty, for duty's sake, not thinking
if the officer were popular
or if they saw the fitness of
the commands. To influence
them to look willingly at this
matter from the right point of
view is surely a great thing.

4 reports amounted to 16 de-
-merits in one day, the 4th of
August!! Lieut. Gilmore
spoke to him about it, advising
him to send in an explan-
-ation, but he did not do so,
thinking he had acted right.

The 13^d Classmen feel that their
new dignity does not allow
what they call "begging the ques-
-tion"! Still less could it
allow a sister's intercession!!

My brother does not know
of my writing to you & I
ask that neither he or any
officer may know of it.

If there is anything irregular
in my writing thus, I beg that
you will excuse my ignorance
of it. Thanking you for all your
wise kindnesses,

Very respectfully

Mr. O. O. Howard.

DEAR SIR:

The remains of General Charles Graham Halpine—familiarily known as "Private Miles O'Reilly"—47th Regiment, New York Volunteers, are interred in Cypress Hills Cemetery without a single mark, or stone, to designate his resting place. He was universally recognized as the "Poet Soldier" of the War for the preservation of the Union, and his powerful and trenchant pen was used liberally in securing that end. He died comparatively poor, what means he left his young and large family "was ruthlessly made way with, by a lawyer," who received nearly *every dollar* he possessed for investment for their support, who absconded, and has never since been heard of, thereby rendering it impossible for his relatives to erect even a small head-stone.

DAHLGREN POST, No. 113, Department of New York, Grand Army of the Republic, an organization composed of honorably discharged Soldiers and Sailors, decorated his *grave* with flowers last "Decoration Day," May 30th, 1881, as a token of their LOVE and ESTEEM for his memory, and it was there **Resolved**, that a Committee be appointed to make an APPEAL to a generous public, and *all* who admired his disinterested patriotism, and the *Cause* in which he served so well, to assist them, by contributing sufficient **Funds** to Erect a suitable **Monument** to perpetuate his name and services.

The Committee, to whom this duty is assigned, would respectfully and earnestly ask your personal co-operation in this meritorious undertaking. Your name having been mentioned, among others, as one who would materially aid us, we feel assured we ask not in vain. Should our aim and object meet your approval, kindly *fill out* and *sign* the enclosed blank Subscription Card, and return to Secretary of the Committee at your earliest convenience, as it is proposed that the "Dedication" take place on or before Decoration Day, May 30th, 1882. All contributions will be publicly acknowledged.

Very Respectfully,

JAMES STILLMAN,

SECRETARY OF COMMITTEE.

Dear General

I write to say "how do-
you do", assure you of my con-
tinued confidence, and last, but
not least, to ask a favor. Of
course the inevitable "ax to grind"
comes last. It is not a great
one, however, and I know you
will submit gracefully.

I have gone back into editorial
work, this time on a new departure.

About the 1st October I will open
an office with new material
throughout and commence the
publication of an independent
nondenominational paper,
partly social, partly literary,

Commercial, and political;
highborn, and more or less
allegorical as I find opportunity.

In short I have enlisted
the literary brains of this Coast
in the enterprise and my list
of contributors is to be headed
by Dr Atkinson followed
by such names as Condon
Deady, Samuels, Powell
Crawford, President Scott &c
I have also enlisted several
wealthy moneyed men and
will have funds enough
to carry me through the
year safely without reference
to subscription list. Thus
far I have had very signal
encouragement and will
open a nice office with
every prospect of success.

Now you comprehend me. I
want your name on my list
of contributors. My plan thus
far has been to get a contract
or agreement for a specified
amount of work from each
say 12-24 or 36, or three articles
as the case may be. I have
not agreed with any on any
stated price for the present year
It is an experiment and all are
willing to help some. Can you
not consent to give me say six
articles? Not long, about 100
to 200 lines?

I shall publish in the best
style on fine paper a certain
page paper not far from the
size of the Argonaut. More
but first class work must
be employed and you may

I am thus plain enough in my statement as I fully know how you stand on that point, and yet I have not used these terms openly against him. I speak confidentially - but sincerely trust before making an appointment the Deft might send out a detective to investigate the qualifications of both applicants.

Since my first letter you may have written me in reply directing to Butler Me, again. I feared you may have been absent, the letter mislaid so I have taken the liberty of again troubling you; also to state that any communication with which you may favor me if sent to me here, care St James Hotel would be rec'd and forwarded by me in person; as I remain here two or three days yet.

General

I beg to acknowledge the receipt of your note of to-day in which you speak of reports made to you indicating, as asserted to you, that I have been unwilling to conform to orders issued in your name by Captain Sladen concerning economy in gas.

The letter was a complete surprise to me as in letter and spirit so far as I know I carried out the orders. I cannot understand how such a thing could have originated except through false reports - I have never thought of such a thing as not strictly executing those orders -

I do not recall now the precise order or circular concerning the matter - But on the Evening ^{it was received} ~~received~~ I ordered extinguished all but

the four corner lights in Camp; - Suppressed in my
private quarters all ^{but one} burner and that low; except - in the
Kitchen where I went personally to turn down a burner
raised ~~to~~ unnecessarily high by servants - I visited
the Barracks in person, after dark, for the sole pur-
pose of carrying out the order there -

Every Evening I used all possible economy in my own
quarters; and, by actual comparison at the time I
had one ~~burner~~ ^{burner} lighted in my quarters, there
were four in one Professor's quarters, six in
a ~~the~~ Lieutenant's quarters and as many or more
in all quarters that I saw on the evening
that I visited the Barracks - between my house and
that point. I repeat that I do not understand
what has animated such reports. I am too old
an officer for such ~~acts~~; and if I thought
an order ~~so~~ unauthorized I should obey it the
same as I have always done: and after words,

ask ~~it~~ a ruling if I thought it just and right.
 My military record has been fairly made during
 the past twenty six years, as it is acknowledged
 to have been, and this is the first time that
 I have had to contend with such a matter -

As I recall it, the letter of Aug 24th
 about gas was received by the Officer in
 Charge, ^{St Casey} in Camp in the afternoon, I did not
 seeing it until following morning -

Very respectfully
