Gen. O. O. Howard,

Dear Sir,

I have just
been very much frightened
for the third time, by Col.
Merrick's dog. There has
been complaint made to
you already concerning
the dog, I understand, on
account of his biting a

Woman, she flies at every one
passing the house and part
of the time is in the
street with her me to see
he does no mischief I
have already requested
Col. Michie to tie him
up, but he positively
refuses to do so. Will you
please have the dog either
sent off the Point or shot
as may seem best to you.
I am quite sure that
Col. Michie will do

nothing to prevent her biting anyone
and for the dog flies right over the fence
into me and I am very much afraid.

I shall be one of those within the day
nothing of being kept in constant fear.

Very respectfully,
John B. Andrews.

CHRISTIAN PHILOSOPHY.

OBJECTS.

THIS SOCIETY has been founded for the purpose of promoting the following Objects of high importance to both Religion and Science:—

FIRST.—To investigate fully and impartially the most important questions of Philosophy and Science, but more especially those that bear upon the great truths revealed in Holy Scripture, with the view of demonstrating the harmony between true Christianity and true Science.

SECOND.—To associate MEN OF SCIENCE and AUTHORS who have already been engaged in such investigations, and all others who may be interested in them, in order to strengthen their efforts by association, and by bringing together the results of such labors, after full discussion, in the printed Transactions of an Institution; to give greater force and influence to proofs and arguments which might be little known, or even disregarded, if put forwarded merely by individuals.

THIRD.—To consider the mutual bearings of the various scientific conclusions arrived at in the several distinct branches into which science is now divided, in order to get rid of contradictions and conflicting hypotheses, and thus promote the real advancement of true Science; and to examine and discuss all

supposed scientific results with reference to final causes, and the more comprehensive and fundamental principles of Philosophy proper, based upon faith in the existence of one Eternal God, the Creator of all things.

FOURTH.—To publish Papers read before the Society in furtherance of the above objects, along with full reports of the discussions thereon, in the form of a Journal, or as the Transactions of the institute, or in a Quarterly Review of Christian Science.

FIFTH.—When subjects have been fully discussed, to make the results known by means of Lectures of a more popular kind, and to publish such Lectures.

SIXTH.—To publish English translations of important foreign works of real scientific and Philosophical value, especially those bearing upon the relation between the Scriptures and Science; and to co-operate with other philosophical societies at home and abroad, which are now or may hereafter be formed, in the interest of Scriptural truth and of real Science, and generally in furtherance of the objects of this Society.

SEVENTH.—To found a library and Reading Room for the use of the Members of the Institute, combining the principal advantages of a Literary Club.

MEMBERSHIP AND SUBSCRIPTION.

The Annual Subscription for MEMBERS is Ten Dollars. The Annual Subscription for Associates is Five Dollars. One Hundred Dollars will constitute a Life Member, and Fifty Dollars a Life Associate.

Members are entitled to a free copy, by mail, of each number of the Official Publication which contains the papers read before the Institute; also to a free ticket to every course of Lectures delivered under the auspices of the Institute; also to a free use of the Institute's Library.

The Officers of the Society shall be elected by the Members from amongst the Members.

Associate Members shall have all the privileges of Members except holding office and voting at the business meetings.

Those who become Members *at once* will have tickets furnished for the Course of Lectures of the Summer School of Christian Philosophy at Greenwood Lake, from July 12, to July 22, 1881.

All who have purchased or may hereafter purchase tickets for the Lectures of the Summer School of Christian Philosophy will be enrolled as *Associate Members*, if they announce their wish in writing.

No name will be entered on either list until the Membership Fee shall have been paid.

"CHAUTAUQUA"

On Chautauqua Lake, in Western New-York, is the site of the now famous "Summer School," and "Assembly," organized in 1874, and to hold its Eighth Annual Meeting in July and August, 1881.

It is a vast educational, religious and recreative institution, to which tens of thousands resort every season; the "Original" of all the modern "Assemblies," and a centre of intellectual and religious influence. Chautauqua is nine miles south from Lake Erie and seven hundred and fifty (750) feet above it. It is midway between New York and Chicago, three hours ride by rail from Buffalo, five hours from Cleveland, nine hours from Pittsburgh, fourteen hours from Cincinnati, sixteen from Philadelphia, eighteen from New-York, nineteen from Baltimore, twenty from Washington, twenty-one from Chicago, and twenty-two hours from St. Louis.

Its elevation is fourteen hundred (1,400) feet above the Ocean, "the place where one can find the perfection of water scenery and the purity of mountain air."

Not the least among its attractions is its freedom from the pests of summer resorts, such as mosquitoes, flies and other troublesome insects.

The meetings for 1881 will embrace the Annual Sessions of "The Chautauqua Teachers' Retreat," "The Chautauqua School of Languages," "The Foreign Missionary Institute," "The Chautauqua Musical College," "The Chautauqua School of Theology," and the Eighth Annual Session of the Chautauqua Sunday School Assembly, the various meetings connected with the "C. L. S. C." (Chautauqua Literary and Scientific Circle), and the new "C. C. L. C." (Chautauqua Children's Literary Circle).

Lectures, Concerts, Class Drills, Stereoscopic Exhibitions, Fire Works, Illuminated Fountains, etc., etc., will give variety, instruction and entertainment.

The Association have erected at great expense many fine Public Buildings, among them an Amphitheatre, which, as an audience room, is grand and complete. But, in lighting their beautiful Forests and the Public Buildings with the "Brush Electric Light," the Association have placed themselves, as heretofore, in advance in adopting and having the best of everything.

The "School of Language" will begin July 7, "Teachers' Retreat" July 29, and "Public Meetings" July 30.

Boarding may be had at reasonable rates. Fine cottages can be rented for the season, entire or by rooms, also tents of all sizes.

Good hotels at "Chautauqua" proper and all along the shore of this lovely Lake. The Lake is about 20 miles in length, and steamboats, "first-class," pass over it almost hourly, touching at all points, and connecting at either end with all trains of the different railroads.

The leading railroads from all points heretofore named, and all principal stations, issue excursion tickets, good for the season, at about half-fare rates, and check baggage and camp equipment in reasonable quantities "free" direct to the grounds.

A government post-office has been established for several years, and during the meetings mails from the East and West are sent and received four times daily. There are upon the grounds offices of the American Express Company and Western Union Telegraph Company, and telephone connections with Mayville, Westfield and Jamestown.

Among the attractions for 1881 are "The Beautiful Fountains," illuminated in colors by the "Electric Light," "The Vision of the Silver Palace," "The Illuminated Fleet," "The Naval Engagement at Night," "The C. L. S. C. Camp Fire," "The Class (1882) Vigil," "The Children's Bonfire," "The Art Museum," "The Archaeological Museum," "The Native Palestine Arabs," eight in number, "The Fisk Jubilee Singers," during the entire Meetings, "The Chautauqua School of Theology," "The Hotel Athenaeum," under first-class management, giving largely improved and increased hotel capacity.

For information concerning the department of instruction, including the "C. L. S. C." address Dr. J. H. Vincent, Plainfield, N. J. For all other information, such as concerning routes, rents, accommodations, etc., etc., address A. K. Warren, Secretary, Mayville, N. Y.
