My dear friend,

I am pleased to note that you are to speak in Boston on Sunday evening before the G. M. C. A.

I have been invited to deliver the Grand Army address in the Congregational church at Amesbury on Tuesday evening (30th) and would like to substitute you.

Can you not spend Tuesday at my house and as much longer as suits your convenience and if not then when can you come?

I am pleased that you

Freedmen's work is beginning to be appreciated. The nation has abundant cause for repentance for its pause in completing the work of justice.

The work of subduing the rebellion was but half completed, your work with 200,000 in the freedmen's schools with light radiating from numerous freedmen's colleges with every Christian denomination interested with the nation earnestly responsible and ~~aggressive~~ ^{aggressive} was interrupted by the wicked Belknapes, the cunning politicians and lying newspapers who concentrated their hate upon you as the fittest instrument selected for destruction.

God who presides over the destinies of nations brought

their counsel to naught preserving your life amid the unexplored mountains and wilderness in Indian warfare, replacing you at the head of the military school of the nation. When on the beautiful Merrimac and in our walks alone you asked "what I thought of your retiring from the army and allowing the covetous and ambitious to secure your place." My reply was, "remain!" You know not in the coming years what opportunities to save your country to rescue liberty and even civilization may be thrust upon you. You are the instrument of Divine Providence and your great commander will take care of you."

We are always pleased

Dear Sir,

I take this pleasure in writing you a few lines, asking if you would oblige me by writing me another recommendation to the Hon. H. M. Teller, Secretary of Interior Dept. As you have written one to the Hon. E. G. Lapham, he read it, and said to me will the General write one to the Secretary? I now beg of you to grant me this favor for it will help me a great deal. The recommendation, which you wrote, is indorsed by two United Senators, viz. E. G. Lapham & Warner Miller both of New York State; and my Senator's name is the latter instead of the former, but, they show that they will help me, only by indorsing yours. And a letter from you will have great power on the Hon. H. M. Teller Secretary of Interior. Please do this favor for me, and send it to me, and I shall take it in person to the Secretary.

absent from the service.

We want you & must have
you. Give a short address
on the occasion. There will
be some others. But we
shall look chiefly to you
for the speech that will
be most appropriate &
most honoring to the College
& the man it thus com-

my dear General:

I beg to introduce to you Miss Jennings, who is the sister of the mother of Cadet Humphrey, of the fourth class, who has just been found deficient and ordered to be discharged, on the recommendation of the Academic Board.

Miss Jennings is very thoroughly convinced that if her nephew's case should be again considered by the Board, and he

be given a chance to recover himself, he would succeed.

I will be glad to have you see Miss Jennings, and will be glad to have the case of Cadet Humphrey again considered by the Board if there is any chance of favorable action.

My dear General Howard.

I am greatly obliged to you for your willingness to assist me in the Kansas Assembly. We will try to make the journey as pleasant, and the work as easy as possible. We shall simply want the privilege of enjoying a speech or two, on "National Day" at the Assembly. I do not know what day that will be, and of hearing from you in an off-hand way here and there. You can take your trip to the mining regions after the Assembly, or before it if you prefer. Let me know if you have any choice as to route of travel; otherwise I presume you will receive a ticket or pass over N.Y. Central and Lake Shore, via Chicago, to Topeka, Kansas, where the Assembly will take place.

I shall go on as far as Chautauqua about July 1, and leave my family there for the summer, and then will go west by the same route (Lake Shore). If we could arrange for the trip together, ^{meeting at Buffalo.} it might enable me to save you some trouble in the way.

Sir:

In my busy Monday

upon a certain busi-
ness matter, in ref-

to Col. Lazelle in the
morning. It is this.

At my marriage next

write to ask if you
will grant him a
leave of absence
from Tuesday June
20th at 11 A.M. until

lady whom I am
to marry is Cadet
Littell's cousin.
Col Lazelle told me
he would recom-

Littell for this oc-
casion. As I have
to make other arrange-
ments in case
Cadet Littell's leave
is not granted, will

you please let me

have a leave, before

Gen. O. O. Howard.

My Dear General,

I yesterday
read your address given at
Auburn. I enjoyed the read-
ing and, yes I think I can
say I was the better for it, so
I write to thank you.

I have not answered your
to me written when you
thought my father was not
coming to West Point. Next
snail brought yours to Will-
ie and one from him to me.
He would have been very sor-
ry to have gone on without
seeing you, and I think the

stay at that little hotel, made
him appreciate you and your
home the more.

We enjoy our cousin very
much - especially since
she is fully at home and
is content to do more than
look on and enjoy the wor-
ldly. She was very quiet at
first and I was a little, and
I think Millie a good deal
disappointed for we had ex-
pected a very jolly girl. She
fits in beautifully. Millie
has been rather under the weather
for a few days and Annie
shall I say it? more than takes
her place in doing little things
about the house for Mamma.
For Annie loves house work, cook-
ing etc and Millie only does

them because it is duty. Mother
says this is due to Annie's mother
training, perhaps so but I think
nature has something to do
with it. Mary's talents lie
in another direction where
she sees things Annie
don't find.

Has Mrs Charles Howard gone
to Clifton? I inferred so from
that article in the "Advance". I
was 2 1/2 years there but never
confined to my room es-
pecially I was able to find more
than those who are more
ill. Mamma says she owes
her life to Clifton, for she be-
gan the upward road to health
there and I'll well I think
I really first began there
to learn the lesson of pa-
