My dear Genl.

What does this
mean, relieved from
West Point, & assigned
to the Platte. Omaha.

Do they mean to
consign you, a perpet-
ual life among fron-
tiersmen & Indians?

Besides: now I
cannot visit West
Point as has my
dream ever since
you came there.

I supposed you were there for years. But a Soldier's life is mutable, surely.

However, Oruaha is quite a civilized place now. You can have your ponies, & your garden, & your fields, & the mountains for your summer resort, & I can come out & pass a summer vacation with you. On the whole not so bad after all.

Since my vacation commenced I have been suffering from what proves to be an carbuncle on the back of my neck. Horrible thing!

We have a furnished house, & some 5 acres of ground for a summer. & I had hoped to have a little comfort & rest, but so far not much.

My dear Friend

We all regret
Very much to see by the
N.Y. papers recd. here today
that you are to leave
West Point, for a point
farther West, what can
be the cause, I thought
you & Mrs Howard were
now to take a few years
of quiet rest, and that
your surroundings would
be very enjoyable. The
words of scripture, "Arise
depart hence, for this is
not your rest" must by
this time be very deeply
engraved on your hearts.
Mrs B. & our daughter

Send much love to Mrs Howard
and feel very sorry she has
to strike her tent again so
soon, but we are in the
Wilderness yet, and God's
Chosen people you know
were constantly on the
march, often through a
hostile Country, I hope you
both may have a pillar
of fire by night and that
of a Cloud by day, the one
to guide & the other to shelter
you until the final rest
which remains to God's
people is reached.

You will be glad to learn
we arrived at this pleasant
Cool, old Home, in about
20 hours from New York, with
very little fatigue, & I think

both Mrs B. & myself are better,
our daughter is well & wonders
if our pleasant Anticipations
of seeing Genl. Howard here
this Summer, are now frustrated
by this change in your position.
We hope not. Write & inform
us & also (if "not incompatible
with the public service") tell us
why this removal, & who is this
Col. or Genl. Minitt or that suc-
ceeds you, (he seems to have both
titles given him) is he the same
that was Collector of Customs
in New York? Is this "Platte" Com-

a family to reside?

With renewed expressions
of love, from us all, to Mrs

The Surgeon General,

U. S. Army,

Washington, D. C.

Sir:

I have the honor respectfully to make application for the position of contract surgeon in the U. S. Army, whenever a vacancy occurs in the Departments of Arizona, New Mexico, California, or elsewhere; - and to submit for your consideration the following statement of my history and educational acquirements.

I am 35 years of age, a native of Great Britain, entered the U. S. Volunteers in my 17th year, and served during the civil war, and afterwards in Arizona where I was First Sergeant of Co. troop, 1st U. S. Cavalry, Capt. (now Major) Geo. B. Sanford. In 1868 I entered the employment of Major Henry M. Robert, Engineers Corps, U. S. A. and served him as clerk, draftsman, topographer, and Assistant Engineer until 1876. In that year I was selected by President Grant, when within two months of the maximum age, for a commission in the Army, but failed to pass the physical

examination by reason of myopia.

I then turned my attention to the study of medicine, and spent the succeeding winter in England and France in attendance on hospitals and college lectures, finally graduating in 1878 from the Homoeopathic Medical College of Missouri. After settling down into practice and becoming President of the Milwaukee Academy of Medicine, and a member of the American Institute of Homoeopathy, I became active in a crucial test of the 30th dilution, made under strict scientific safeguards. The result of this experience determined me to abandon my position as a member of an exclusive school, and I gave up practice, withdrew from all societies and resumed work with Major Robert, studying again under the preceptorship of Professor Roberts Bartholow, then of Cincinnati.

In 1880 I published "An Index of Comparative Therapeutics," and compiled and designed the Index to the Reports of the Chief of Engineers on River and Harbor Improvements, 604 pages, Washington, 1881.

In the fall of 1880, I entered Jefferson Medical College, passing the full examination in arts required

by the Royal Medical Council of England, including Greek, Latin, French, Physics, etc., and in 1881 received the honorary degree of Master of Arts from the University of Chicago.

After two full courses of lectures at Jefferson, I graduated therefrom March 30, 1882, after examination before Professors S. D. Gross, Ellerslie Wallace, H. H. Parcoast, J. M. Da Costa, Roberts Bartholow, etc. and received, by the unanimous vote of the faculty, the first prize for the best thesis presented in competition. I then appeared before the Faculty of Bellevue Hospital Medical College and had my diploma endorsed by that faculty.

My prize thesis is now in press by P. Blakiston Son & Co., Philadelphia, and I have been selected by the same firm to prepare manuals on Anatomy and Materia Medica, the former of which is now ready for the press.

For several years I have been paid at the rate of \$2100. per annum for my services in the U. S. Engineer Department; I have obtained my education entirely at my own expense. I earnestly desire employment in a profession to which I have devoted several years of earnest effort, and feel that my army training and constant subjection to discipline, renders

I was very much surprised at the tone of your letter. The opinion of the lawyer you refer to would have cut a better figure in the case if he had known that you sold the land at 12 1/2 cents a foot - a fact you refused to in our office this spring when we were negotiating about the two lots we found were covered by the judgments against Hall - the land you

My dear General

Thought the papers
I have of the order assigning you to the
Command of the Department of the Platte - I
trust this change is agreeable to you, if it
is, please accept my hearty congratulations. In
a large number of officers in the Department
with whom I have personal acquaintance, I
know the administration of its affairs by
yourself will be most acceptable - serving
as I did for several years in the Dept of the
Columbia prior to your taking the Command -
I know better than you do, if you will

permit me to say so - ~~And~~ how much I did to
make it what an officer of the 4th Artillery
stated here at Indian Barracks - in a conversation
with me this morning - called, the best Dept
in the Army in its drill discipline and
administration. The 1st Platte has some good
Troops - The 4th Regt is a fine body of men with
a fine field record. The 6th is a good
Regiment also. I wish to note its Colonel is
an excellent officer as you doubtless know. he
is a warm personal friend of mine and you
will find him a most loyal man to you,
whom he greatly admires & knows. The
5th Cavalry - Murrett's Regiment is I guess the
best Cavalry Regt in the Service. If you
think of going out to the Barracks to live
you will find a fine set of quarters built
for I wish I could at the time Dept Head
quarters were moved there. I believe an

appropriation has been made to erect quarters
for a full Regt at the Barracks. If you
want any information in an unofficial way. I
have friends at Headquarters and at the
Post from whom I could get it without
attracting attention.

I don't know whether
this will find you at the Point or
not as I have says you have made on
a trip - and the papers says you are at
Forty with Mrs Howard. My wife and
mother join me in kindest regards to
Mr Howard and yourself.

I am yours

Very sincerely yours

Edwin S. Mearns
