Gen. C. C. Howard,

Omaha, Nebr., Dear Sir; The students of our institution have taken steps to form a military Company and they wish to secure arms for drill practice, muskets I suppose. Can you tell me to whom I should apply in this matter and how to go at it?

I was recently in Omaha at the Gen. Association but was not able to find you at home. I wish you would give us a call whenever you come this way. I would like to have you meet our students and give them an address. Our attendance this term is 113.

Hoping to hear from you soon I am

today that the Head Quarters

for this occupation. There are three
vacant sets of men's barracks, be-

to give my Company a railroad

Now if you can consistently

My dear General

I have just
learned that the order is
issued for the 4th Regt to go to
the Dept of the Platte - My
wife the wife of Capt Lamm
of the 4th will go with her
family of four children - I
feel very solicitous that she
should be stationed where
she will have the advantage
of church + schooling for
her children, + I take the liberty
of an old friend to beg that
in the assignment of companies
you will send Co "B" where
these advantages can be had

Mrs Sumner is the daughter of
Genl Sprague - If you could
possibly send them to "Salt Lake
City" I should feel under un-
-lasting obligations -

I hope my dear General you
will not think that I am in-
-truding upon you by making
this request, but I have in
very much at heart - as I know
that the influence of church
upon a young family is all
important -

My address in Washington
is No. 924. 19th St. -

Believe me very sincerely

Your friend

Dear General: I am seriously thinking of offering, for sale, my residence property; and it has occurred to me that it might fully meet your wishes and requirements as a location to be acquired by the government for Department Head Quarters. My ground embraces $\frac{1}{2}$ a block, (4 full lots) extending from 16th to 17th Streets, 264 feet, and containing 12 business lots. The improvements you know something of, and I need only say the house contains 16 unusually large rooms, and I have a nice brick barn and carriage house.

I have not been able to come down since I heard of your return.
