Dear Sir -

As you are no  
longer aware, I am, under orders  
from the War Dept, assigned to duty  
at the National Armory - I shall  
leave this place with many regrets!  
as I have found my position and  
duties very agreeable, especially  
since the time you had the kindness

to formally recognize me as the  
Chief Ordnance Officer of the Department.

My object in addressing you  
now is to request that, if it would not  
put you to too much inconvenience,  
you would do me the personal favor  
of obtaining a pass for myself, wife,  
and two children, from this place to  
Omaha. I make this request, because  
I understand that it is the custom of the  
Union Pacific Railway to grant these passes  
especially to Officers of your Dept Staff,

providing the favor is of sufficient importance  
to be solicited by yourself personally.

During my tour in this Dept, I have  
travelled on duty thousands of miles  
on this Road, paying my full fare.  
Without attempting to seek favors—  
But now that I am to leave the Dept, under  
circumstances involving a great deal  
of expense I desire to obtain the passes  
above mentioned if it is proper, & possible  
to do so.

If my information is  
correct, so that you can do any

Dear General,

Replying to your note of date  
allow me to say, unless Mrs K has pass  
over the Central Pacific or the means  
of obtaining it, a free pass over our  
road would avail her nothing, as we  
are at liberty to make a special  
rate of \$50.00 through Omaha to San Fran.

Otherwise, I shall of course be glad  
to extend the courtesy of U.P.

Please advise.

Poor Mrs Amman  
has been to see me this evening  
and indeed you would be sorry  
for her if you could hear her  
talk - Eddie was never returned  
to his place - And so tried to take  
a place outside and best he  
could do was a place in a store  
from 6 1/2 A.M. till 6 P.M. for 300  
per week - This will get his clothes  
if his mother boards him & so  
instead of his having the power  
as before to aid her \$5000 per  
month - he is a dependence  
upon her. - He does all he  
can & attends business college  
evenings - Hoping some day to  
reach better. - He ought to have  
been allowed to hold his Govt -

place - to help his mother till  
she was done paying for their  
home. - He was a good faithful  
boy. - This I know from those  
who knew him in his duties. -  
- Now Congress will soon meet -  
- George the youngest boy is a  
dear bright manly little fellow  
little past twelve years of age -  
- Sen. Sumner who knew Col. A. well  
and ought to feel an interest for  
his family and possibly others  
whom you may know will be in  
this Congress - Under the circum-  
- stances of need for them would  
it not be possible to reach a place  
as a page for George? - Can I  
will you do anything to aid it? -  
If you can, I do sincerely hope  
you will - Hoping for this for  
them and asking early reply  
I am very respectfully  
Mrs W. A. B. Condit.

Bro. Sherrill, Let me ask  
you a question about Gen.  
Howard. It has never been  
my privilege to hear him.  
Is he a "good talker"?  
Would he give my  
people & the public

good lecture?

I have the im-  
pression he would,  
but I would like your  
verdict.

A little matter

year ago & spoke

at the New England  
Festival who has gotten  
up there. It may be  
he considered that

good speaker & will  
interest an audience

have him put this  
down as an extra-

My son O'G had a limited ticket & was compelled greatly to his regret to come directly thro' from Denver. I met him at East Orange yesterday & he will come here & go home with me Friday night. I will send you an account of my recent visit to Leeds. I thought it might not be without interest.

Dr Patton has told me further what Mother told me in substance viz- that your note was cancelled at Washington & that you are free from that vexation - & now, as all do, great gratitude to God & those whom he blessed up to help you. We are having a good meeting. Glad to hear what you think of the Peace Work for us - I need not reply right away but with all the light I can get from two or three whom I have
