The committee sends
you, as a member of your state
committee, the report of the
Atlanta Convention held May 13-17
and would urge you to special
attention to the discussion of Bible
study, p. 31 State Work, p. 36, Buildings
p. 43, and Boys Work, p. 66, 74.

We hope that you may find
these and other portions of the
report suggestive to you in arrang-
ing for your next state convention
and in the conduct of your state
work.

The committee expects to be
represented at your convention and
to render whatever service may be in their power in the Association work of your State.

In the committee's urgent need of funds for the prosecution of the International Work, owing to the increased demands paid occasioned by the success which has attended the efforts already made we are asking from the members of the State committees not now subscribing to it, a small gift $5. and upwards, in aid of a work in which each of us alike have a special interest. If each will respond favorably according to his ability however small that may be, the aggregate response will add materially to the resources of the committee and be very helpful in enabling us to meet the liabilities of this very difficult financial year.

A speedy reply is requested.

Sincerely yours,

Orpheus B. Screamer

Dear Friend,

We have just heard from the United States Postal Service that you are returning to your home town. We hope to hear from you at your earliest convenience.

All the news you will see herewith.

Many civic leaders, including Mrs. Hamilton’s party went off very nicely today in “Mugford” and dell, but for U-11 we will try again.

Yours truly,

My dear Mr. Howard:

I am writing you a few lines as a matter of course and a number of young men who have associated themselves into a society, the object of which is to promote the interest of fraternal advancement among our young men off and on campus. The society is composed of the North Presbyterian Church of Allegheny. It is the desire of the members to arrange a series of debates on the Civil War and of time permits, your time permits.
would you be kind enough to make a few suggestions? Sincerely.

Dear [Name],

I hope this letter finds you well. I wanted to reach out and inquire about the status of our project. As you may recall, we had planned to start working on it by the end of last month, but due to some unforeseen circumstances, I wasn't able to complete the initial drafts.

I understand that you have been working on it in your free time, and I appreciate your efforts. However, I was wondering if you could provide me with an update on your progress. If possible, could we schedule a meeting to discuss the project further and see if we can adjust our timeline accordingly?

I am looking forward to hearing back from you soon. Please let me know if you need any additional information or if there is anything else I can do to support you in your efforts.

Best regards,
