New York, Oct. 31, 1885

Dear Sir:

Omaha, Neb.

Three of the monographs have already come to hand. Those commence the series with December United Service.

Respectfully,

F. H. S. Hamersly

Omaha Neb.

Dear General,

There are the papers I spoke about this morning. The "Coloss" was sent to me by Mr. Medill. I send it that you may see what curious theories some men can evolve. The editor has taken the old version, instead of the new and revised version of the Old Testament. The New Revision is entirely different from the old version. As to the river, I fear he wants to make the earth as cracked as he is himself. As to Mr. Beecher, his teachings are false in this sermon at least. The Old Testament is full of the teachings of a future life & I speak advisedly. (Morse also alludes to it as an accepted fact frequently.)
[Handwritten text not legible]
rather more than once.

As to the resurrection of the body, Mr. Becker is absurd. What became of the bodies of Enoch, Elijah, and Christ? If they didn't enter heaven? Furthermore, what is it to become of the bodies of those who are alive in the last day? I suppose, according to his logic, those of us who die before that day will never have any bodies. The whole thing is repugnant to common sense. I don't believe for a moment that our bodies, with all their gross, mortal particles will enter heaven. They will be changed (those who are alive) in the twinkling of an eye. While the others will be raised up, with all vestiges of mortality eliminated. Such I believe to have been the case with Enoch, Elijah, and Christ. Their mortal (not human, because humanity is immortal) bodies were changed before they entered heaven.
But I must close. The very first words of Beecher's text is a scientific fact. Men creations are constantly taking place in the universe. We have an instance of it in the present, the new star in Andromeda.

Very truly your friend.

E. T. Tett

Dear Sir,

Your favor of the 15th came while I was absent attending the Meeting of Supreme Council Bluffs. I am very glad indeed to know that you are willing to come. I have spoken several in regard to the time and agree that the first week in November will set a week as an unfortunate time. I thought I would therefore write again and ask if you could come the following week. Another reason why the second week might not be better is that there will then be moonlight, and as a large part of one or
will come in from the country around this
will not come then than on dark nights
and I am anxious to have a full house. Will you please
let me know by return mail whether
you could come on Tuesday, Thursday or
Friday of the 2nd week i.e. 10th, 12th or 13th Nov.
Perhaps Thursday or Friday would be preferable.
If you can not the second week then I
will set up on Thursday for the 5th... but I know
it will not be a favorable time as the
people will still be excited over election news.

If you have any large posters
which your butcher will send
a half-dozen I will pay you for them
get billed struck here but can not get any
new large though they will do if you haven't any
posters on hand. Hoping to hear from you
soon and sincerely yours,

D. H. Cassat,
Emerson,
Iowa.

Gen & Mrs. O. O. Howard
Omaha, Neb.

Please accept my humble apology for not returning most sincere thanks for your beauteous remembrance on the occasion of the Fiftieth Anniversary of our marriage. I had intended long ere this to have called in person expressed my gratitude for the mementos which we share prize to the end of our lives. But the kind regards which accompany the gifts...
is above all price
With the heartiest
wishes for your health
and prosperity, believe me
dear Sir, your most
obedient servant

(LATE 3D AUDITOR U. S. TREASURY.)

Attorney and Counsellor at Law,
Corcoran Building, 15th and F Sts., Rooms Nos. 93 and 99.

WASHINGTON, D. C., Oct 22d, 1885.

Gen'l O. O. Howard,

Dear General,

Yours of the 16th has just reached me.

I will do my best to sell the Stone, but do not think you want to sacrifice it. As to the "W" St. lot, there is no demand from any one except the one that may buy it, and I will see some person who I know are wishing outside lots, and will do the best I can, and if I can get an offer will act on the same.

The account stands as follows:

   Account  $161.00
   D. Howard  157.94

This includes interest on loan, life insurance, etc.

Yours truly,

Allan Rutherford
who were left there. When those companies were hurried back to Rush Spring, it is my desire to avoid the cause of any unnecessary trouble of this kind. Hence, if any better arrangement can be made than that alluded to above, I will be glad to consider some proportion to that effect. At all events, please make such arrangements as to details as will relieve

the officers and their families from any unnecessary discomfort. But you would, of course, do this from your own impulse. I only suggest it because it has been suggested to me.

Very truly yours,

Dear Father:

I have forgotten which lot was No. 7, but think it was the north east one which Ames (Attic) agreed to sell for $325 at least in the letter I left with Mallet. He was to have all he got over that. I hope you do not have to pay him a fee in addition to the horses. Valuing the horses at $600 Ames could claim $75 from you which would make a pretty bad bargain. When the deed comes I of course will execute it & send it to you. The farm except not to
Take too much. I hear the corn will only take twenty loads or so.
We are all very well. I received Dan's Howard's wedding cards
from Wimberley today.
We somewhat expect a visit from Mrs. Howard the next Sunday. It is now in
Chicago. We are very finely established with everything
most comfortable, good cook, and a nurse that Helen is
particularly fond of. We take drives and play lawn
tennis almost every day.

Major Brown is now back
but Captain Stewart is still on
the sick report, so through my temporary command of the
Post I am once again in
command of the Company.
Give much love to all

Eug
