Dear General.

These are the papers I spoke about this morning. The "Cosmos" was sent to me by Mr. Medill. I send it that you may see what curious theories some men can evolve. The editor has taken the old version, instead of the new ~~and~~ revision of the Old Testament. The New Revision is entirely different from the old version. As to the rivers, I fear he wants to make the earth as cracked as he is himself. As to Mr. Beecher his teachings are false, in this sermon at least. The Old Testament is full of the teachings of a future life. I speak advisedly. Moses also alludes to it as an accepted fact, frequently, or

These are the papers I spoke about
yesterday. The papers may be
sent to you by mail. I am
sure that you may be interested
in them. I have been very
much interested in the
revision of the Old Testament.

rather more than once.

As to the resurrection of the body. Beecher is absurd. What became of the bodies of Enoch, Elijah, and Christ if they didn't enter heaven? Furthermore, what is to become of the bodies of those who are alive in the last day? I suppose, according to his logic, those of us who die before that day will never have any bodies. The whole thing is repugnant to common sense. I don't believe for a moment that our bodies with all their gross, mortal particles will enter heaven. They will be changed (those who are alive) in the twinkling of an eye, while the others will be raised up, with all vestiges of mortality eliminated. Such I believe to have been the case with Enoch, Elijah, and Christ. Their mortal (not human, because humanity is immortal) bodies were changed before they entered heaven.

But I must close. ³ The very first verse of
Beecher's text is a Scientific fact. New
creations are constantly taking place in
the universe. We have an instance of it
in the present, - the new star in Andromeda
I saw.

Very truly your friend.

Dear Sir

Your favor of the
13th came while I was absent attending
the meeting of Synod at Council Bluffs.
I am very glad indeed to know that
you are willing to come. I have spoken
several in regard to the time and
agree that the first week in Nov. being
election week is an unfortunate time.
I thought I would therefore write again
and ask if you could come the following
week. Another reason why the second week
might suit better is that there will then
be moon light, and as a large part of our an-
(our)

will come in from the country around there
will more come there than on dark nights
and I ^{am} anxious to have a full house. Will you please
let me know by return mail whether
you could come on Tuesday, Thursday or
Friday of the 2^d week i.e. 10th, 12th or 13th Nov.
Perhaps Thursday or Friday would be preferable.

If you can not ^{come} the second week then I will
fix on Thursday eve. the 5th. But I know
it will not be a favorable time as the
people will still be excited over election
news.

If you have any ~~large~~ posters
circling your Lecture and will send
a half dozen I will pay you for them
get bills struck here, but can't get any
very large, though they will do if you haven't any
posters on hand. Hoping to hear from you
soon I am sincerely yours.

Chicago, Ill., Oct. 22, 1885

Dear General

Since the recent
orders were issued relative
to duties of troops in your
department, it has been
suggested to me that
the situation of companies
of the 7th Regt at
Rock Spring and sending
of one of the 21st to Fair
Stable may cause great
discomfort and inconveni-
ence to officers and to
their families, at the
latter point, who were

who were left there
when those companies
were hurriedly sent to
Rusk Spring. It is
my desire to avoid
the cause of any unneces-
sary trouble of this
kind. Hence, if any
better arrangement
can be made than
that determined on here
I will be glad to con-
sider your proposition
to that effect. At
all events, please make
such arrangements as to
details as will relieve

the officers and their
families from any
unnecessary discomfort.
But you would, of course,
do this from your own
impulse. I only suggest
it because it has
been suggested to me.
Yours very truly

~~Dear father:~~

I have forgotten which
lot was no. 1, but think it was
the north East one which Ames (I think)
agreed to sell you \$325 at least
in the letter I kept with Mallett.
He was to have all he got over that.
I hope you do not have to pay
him a fee in addition to taking
the horses. Valuing the horses at
\$400 Ames could claim \$75 from
you which would make a pretty
bad bargain. When the deed comes
I of course will execute it & send
it to you. The farm ought not to

take too much. To haul the corn
will only take twenty loads or so.
We are all very well. I received
David Howard's wedding cards
from Denver today.

We somewhat expect a
visit from Mr. Woolworth
next Sunday. He is now in
Chicago. We are very finely
established with everything
most comfortable, good cook,
and a nurse that Helen is
particularly fond of. We
take drives and play lawn
tennis almost every day.

Major Brown is now back
but Captain Hunt is still on
the sick Report, so though
my temporary command of the
Post is over I am still in
command of the Company.
Give much love to all.

Effectually your son
