Sir,

Referring to your letter of the 15th inst, wherein you direct attention to the fact that the sum of \$233.⁰⁰, allowed by the accounting officers in settlement of a claim in the case of John F. Boyd, late of Co. "C", 2^d U. S. C. T., and paid to Genl. C. O. Howard, as Commissioner of Freedmen's Bureau, was repaid by him to the Chief Disbursing Officer of the Freedmen's Bureau of the Adj. General's Office, Gen. Howard being unable to produce a voucher showing delivery of that sum to the party entitled thereto, I have to say that I have given careful consideration to your suggestion that said sum should now be allowed and paid to General Howard, because the voucher which he was unable to produce was subsequently found among certain papers turned over by him to said Chief Disbursing Officer.

In view of the fact that a suit was brought against General

Howard in the Supreme Court of this District to recover a balance found to be due from him to the United States upon settlement of an account which embraced said payment to him and repayment by him; the fact that he interposed no defense based on the grounds on which he now relies; and the fact that judgment was given in his favor, and his accounts were balanced and closed in consequence thereof, it seems clear that the accounting officers are without authority to make the allowance desired. All matters of account &c, which were properly the subject of litigation in the suit aforesaid, being merged in and settled by the judgment, Congress alone can grant additional relief.

Very respectfully,
J. N. Maynard,
(Signed) Comptroller,

Dear father:

I have received your note with
closed to Johnnie which Jeanie & I will
execute as soon as we can drive to
a notary. Yesterday we spent on a
shopping trip to Buffalo where we
spent a very successful afternoon not-
withstanding a fine rain. This evening
Jeanie had a children's tea party with
two little daughters of Lieut. Wood &
his youngest boy and Mrs. Doo's boy
Paul. Captain Hunt is away on account
of a death in his brother's family. Our
post was paid on Thursday & without a man

absent from a roll-call even from it
as yet, & no one in the guard houses
which speaks well for the sobriety
of the soldiers here. I should have
thought that Johnnie would have taken
the lot on the crossing recent to Omaha
though the other is also good. Did you
arrange with Ames to simply change a
commission? as to give him an amount
of \$200. which I think was an agreement
^{proposed but} would be a pretty large fee when you
made the sale. I saw in the newspapers
that you had been reported an Engineer
Officer - 2d Lieut. I see they have
given Genl. Sheridan a Cavalryman
and an Ordnance Officer, for

his new staff officers. Major
Brown & I have been playing some
Kriegspiel & expect to enjoy it a
good deal this winter. My paper
on Tactical Instruction is to be published
by the Military Service Institution without
my going on to read it before a meeting
myself. I have just been rewriting it.
We are thoroughly enjoying our house
here & I only wish you & mother,
& Bessie particularly, could see it.
I wish Captain Sladen were going
to do so well for quarters at
Vancouver. Jeanie was her love
to you, mother & all. Helen is very well.
Her name is a splendid English woman. With love
affectionately your own boy

My Dear General

The sale for condemned horses took place as per advertisement on Saturday last. As I knew from the storm prevailing at the time the farmers could not get in and there would be but little competition. They sold very low for the times & a new country. I wanted four kept-out and sold at the average price but you disappointed that. I had instructed Mr Thatcher to buy two for you and he did so. He picked out two of the best farm animals he could find and bid them in

I supposed you wanted them for the boy on the farm and wanted good strong ones. The first horse sold in was a grey and one you saw when here short and heavy. It cost only \$38. The next was also a grey, large & strong - he cost \$53. The pair cost therefore only \$91 and are cheap at that. Mr Thacher paid for them and the boy can pay him or you can any time when you get ready. I think the railroad will take them down free. I will ask it. It gives me all sorts of transportation and has just offered me a car to bring up two blooded cows I want for my own use and now at the farm near Sedalia Missouri. The car that brings up the cows could take back the horses as it will have to go down any way.

We got yours Mrs Howard's cards. I would have called again to see you but we were only there a few hours to get Mrs Probins teeth fixed. I did not like to be away so hurried back. The porches are now being put up on the buildings and the Chummings being finished. I am pushing the drills now two per day. The plain is covered daily with men drilling. Yours truly, Jas Probin
